**The Land of Canaan and the Destiny of Israel** David Frankel, 2011-06-30 What part does the land of Canaan play in the biblical conception of Israel To what extent does the religion promoted by the Hebrew Bible require that Israel live its communal life in the national homeland And how does life in the land compare in importance with other elements presented as belonging to Israel's ultimate destiny such as for example adherence to the law To what extent must the people of Israel take hold of and settle in the entire land of Canaan for them to fulfill their destiny Might the land be shared with other peoples or must non Israelites be expelled and subjugated or at least kept at a safe and isolated distance Frankel asks these questions and others of the Hebrew Bible as a whole and of the biblical texts individually He shows that all of these questions were addressed by various biblical authors and that diverse and even opposing answers were given to them These issues are not completely new Many of them have been addressed in recent times by various scholars and theologians who have taken a renewed interest in the territorial dimension of the Hebrew Bible However works of a predominantly theological or sociological orientation often suffer from a tendency to read the biblical texts holistically and to gloss over textual snags and inconsistencies For Frankel the snags and inconsistencies in the texts are of central importance They allow him carefully to reconstruct the process of the growth of the texts in question and to reveal both their original forms and their final transformations at the hands of the editors Frankel's analysis shows that behind the present form of several biblical texts lie earlier versions that often displayed remarkably open and inclusive conceptions of the relationship between the people of Israel and the land of Canaan Diachronic analysis of the biblical text is thus an essential component in this book's attempt to retrieve something of the heated theological dynamic that animated the work of the authors and editors whose efforts were consummated in the formation of the Hebrew Bible Frankel presents here many new and previously unrecognized biblical conceptions and traditions that have significant theological implications for the contemporary religious and political situation in the State of Israel Once the biblical conceptions have been accurately identified analyzed and categorized he opens a discussion of the possible relevance of these conceptions to the contemporary situation in which he lives **Von Josua bis**

world      **Athens in Jerusalem** Yaacov Shavit, 1997-10-01 According to the author the Hellenistic tradition played a role as a model for Jewish modernisers to draw upon as they perceived a lack in Jewish culture The author believes that Greek and Hellenistic concepts are now internalised by the Jewish people      **Ancient Israel's History and Historiography** Nadav Na'aman, 2006 Throughout the past three decades Nadav Na'aman has repeatedly proved that he is one of the most careful historians of ancient Canaan and Israel With broad expertise he has brought together archaeology text and the inscriptional material from all of the ancient Near East to bear on the history of ancient Israel and the land of Canaan during the second and first millenniums B C E Many of his studies have been published as journal articles or notes and yet together they constitute one of the most important bodies of literature on the subject in recent years particularly because of the careful attention to methodology that Na'aman always has brought to his work This final volume in the 3 volume set of Na'aman's collected essays contains 29 essays Among the topics addressed are the sources available to Israel's historians late in the first millennium B C E the reality behind the narratives relating to the history of the United Monarchy the effect of the author's own time on the composition of the histories of Saul David and Solomon and the contributions of archaeology to the study of the tenth century B C E In the course of covering these themes Na'aman touches on topics such as history and historiography textual and literary problems historical geography society administration cult and religion      The Murmuring Stories of the Priestly School David Frankel, 2014-09-03 This book deals with the stories of Israelite complaint or murmuring in the wilderness found in the books of Exodus and Numbers that were composed and edited by the priesthood of ancient Israel It discusses the significance of the theme of rebellion and complaint for the ancient priests and analyses the part they played in the development of the theme in the Pentateuch After a general introduction on the theme of murmuring and on the Priestly School the book goes on to analyze four major priestly texts the manna story Exodus 16 the story of the Scouts Numbers 13 14 the story of the rebellions surrounding the figure of Korah Numbers 16 17 and the story of the Waters of Merivah Numbers 20 The significance of the book is two fold First it develops a methodology that allows one to discriminate between early priestly narrative materials and later priestly editorial supplementation Second the work demonstrates the antiquity of the priestly narrative lore in the Pentateuch and the significant role which the priests played in creating and developing major narrative traditions in ancient Israel      *Going Up and Going Down* Yitzhak (Itzik) Peleg, 2015-06-18 In *Going Up and Going Down* Yitzhak Peleg argues that the story of Jacob's dream Genesis 28 10 22 functions as a *mise en abyme* as a figure trope or structure that somehow reflects in compact form in miniature the larger structure in which it appears Greenstein Close examination reveals that focusing on the vision of Jacob's dream and understanding it as a symbolic dream facilitates an explanation of the dream and its meaning Scholars have historically classified the dream as theophany the purpose of which is to explain how Beth El became a sacred place and as such the vision in Jacob's dream is generally accepted as merely ornamental or even lacking a message in itself Whilst Peleg does not contradict or seek to go

against identification of the dream as theophany he sees a more nuanced purpose behind its presentation Peleg's proposal is that the description of the vision and especially that of the movement of the angels is not embellishment supplementation or scenic background of God's message but that it directly symbolizes the path taken by the Patriarchs to and from the Promised Land Furthermore the narrative context and visual description in the dream in which Angels of God were going up and down it appears when Jacob is on his way to Harran that is to say when he is about to leave Israel
