*Edgar Cayce on Remembering Your Past Lives* Edgar Cayce, Robert C. Smith, Charles Thomas Cayce, 1990 *You Can Remember Your Past Lives* Robert C. Smith, Edgar Cayce, Henry Reed, 1989 A noted authority on the works of Edgar Cayce reveals the secrets of drawing on previous incarnations to gain insight into one's current life experience *The Complete Idiot's Guide to Past Life Regression* Michael R. Hathaway, D. C. H. Hathaway, 2003 Judging by the more than 2 million web pages dealing with past lives and past life regression PLR people aren't only seeing dead people they're interested in finding out whether or not they were some of those dead people in a previous life Going way beyond a belief in reincarnation and karma regressionists want to know who they were and what their lives were like and reputable psychiatrists are using hypnosis to reveal the past life issues that are keeping their patients from living better lives today In *CIG to Past Life Regression* a board certified past life regression therapist reveals the ins and outs of PLR Is past life regression for real Are children really closer to their past lives than adults Can I be hypnotized and can I trust the hypnotist and what he/she tells me What will a session be like Is one session enough And what about self hypnosis How can knowledge of past lives make my life better today **The Complete Idiot's Guide to Discovering Your Past Lives, 2nd Edition** Michael Hathaway, 2011-05-03 Unlock the mystery of your past lives and discover your future potential By discovering your past lives you can unlock the secret influence they have on your present one enabling you to enjoy greater balance success and happiness This edition has been revised and updated to address the questions people are asking now It includes new case histories a new chapter *Healing the Past* exploring past lives in which a traumatic event has impeded a person's growth in their current life as well as new information on *Twin Flames* two souls who begin their journey as one energy and then travel through lifetimes independently **Christians Remember Your Past Lives Learn How** Douglas Casimiri, 2013-07-23 This book teaches you how to become a Certified Past life Regression Facilitator Where your interest is for fun self improvement a new career or practice you will find the information contained in this book fascinating and life changing Who were you in your past life What personality traits did you bring forward into this lifetime Christians will especially find this book fascinating as it allows them to follow Jesus and his belief in reincarnation Did you know Reincarnation was part of the early Christian belief system for almost 300 years until the Church removed reincarnation from the Bible then eliminated anyone who didn't follow this strict revised doctrine as set forth by the Church Interesting note some Biblical scholars believe that Jesus is the reincarnate of Buddha who was the reincarnate of Kristina Backed up with indisputable historical assumptions A must read for anyone who strives for the truth about Christianity's original teachings [Reincarnation in America](#) Lee Irwin, 2017-07-31 *Reincarnation in America* An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth

theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

**The Dream Warrior** Anthony Chibbaro,2008-07-14 With elements of suspense and emotion The Dream Warrior is designed to capture the imagination as well as to provoke serious thought and reflection about one s life It continually asks the question Does a man have but one destiny How does a man or woman get to be the person they become What unknown forces determine what a person feels what a person thinks and what life a person gets to live How does a person handle their thoughts and feelings How does a person handle the adversities and challenges that they face throughout their life And when a person reaches the September of their years what gives them satisfaction when they look back at their life

Angel Eyes Karen Armstrong,2021-09-08 Angel Eyes Releasing Fears and Following Your Soul Path At a very young age Karen experienced seeing entities that had crossed over to the other side She put away those gifts for many years because she wanted to be normal Then her spiritual experiences grew exponentially when she became a mother lost her own mother and then became divorced After the death of Karen s mother she became more interested in her gifts and wanted to contact her mother in the spiritual realm She spoke to her mom through a medium who also told her she was psychic Karen was told she would use her gifts one day to heal others Karen started to meditate and contact her own angels and guides It was during these experiences that Karen came to know the spirit world through her own angel eyes and release the fears of not fitting in Every time a fear was released through a specific healing modality Karen became closer to finding her own soul path She even had famous people show up in her medium readings such as Edgar Cayce and Archangel Metatron These awe inspiring visits made her realize she had an important job to do on earth Each chapter deals with releasing a fear through a story dream or a mediumship reading The author provides helpful advice for releasing these fears and improving your life

**Your Unique Consciousness** Dr. Anthony J. Emmett,2023-03-20 The story of consciousness describes the mystery we are where we come from before birth and where we go after death and the thinking both in our body mind and subconscious and beyond it It is the dimensions of rational awareness of mind and heart we use for our ego and creative life on earth and in other dimensions around us Imagine that you have an all pervading higher intelligence within in your many layered consciousness How we employ it for this dynamic life with love and the ways it works make you the self you are Consciousness is an energy which comes into the brain of the

embryo to activate the mind for this life it functions at many levels The level we call the heart is an influence emotionally with love and loving Consciousness radiates and the way it relates in us and beyond is the story of our lives We can use this to great effect with certain techniques We are alive in several levels of consciousness *Egyptian Numerology* Sara Bachmeier,2018-02-22 Egyptian Numerology works with a persons highest qualities and potential Most people are satisfied with the traditional numerology which uses the frequencies of numbers to dissect the good and bad aspects of their character I refer to this as the mind reading technique because for some reason people like to be told what they already know about themselves and what can be revealed by just looking into the mirror and being completely honest with oneself The paradigm for numbers has shifted over the past few decades and it is vital that we acknowledge this change and accept the knowledge available to us during these radical times of change Egyptian Numerology takes your reflection and enhances the view by using your number frequencies and taking it into the fifth dimension to show you what is possible to achieve in this lifetime The fifth dimension has been described as the plane of love and of living totally from the heart It will give you the opportunity to discover areas of your life that have the greatest potential and what they are meant to look like in an elevated frequency rating It is compatible to giving you a new prescription for lenses in order to see yourself clearly If you are already using your highest frequencies than this type of charting can be used as a geographical confirmation that you are on the right track or it can be used as a reference point to what is possible to achieve in a perspective not always revealing It will give you a description of what your life looks like when you are living through your heart chakra **Common Denomination: The Thought Field: Essays Humanizing the Concept of Creation** Gary Lucas,2011-03 Common Denomination includes 13 original essays linking the metaphysical and physical worlds as one as they are meant to be and presents humankind an understanding of who and why we are and that we are one race five species with a common Eden and goal Page 4 of cover
