**The Wizard of Menlo Park** Randall E. Stross, 2008-03-25 Thomas Edison's greatest invention His own fame At the height of his fame Thomas Alva Edison was hailed as the Napoleon of invention and blazed in the public imagination as a virtual demigod Starting with the first public demonstrations of the phonograph in 1878 and extending through the development of incandescent light and the first motion picture cameras Edison's name became emblematic of all

the wonder and promise of the emerging age of technological marvels But as Randall Stross makes clear in this critical biography of the man who is arguably the most globally famous of all Americans Thomas Edison s greatest invention may have been his own celebrity Edison was certainly a technical genius but Stross excavates the man from layers of myth making and separates his true achievements from his almost equally colossal failures How much credit should Edison receive for the various inventions that have popularly been attributed to him and how many of them resulted from both the inspiration and the perspiration of his rivals and even his own assistants This bold reassessment of Edison s life and career answers this and many other important questions while telling the story of how he came upon his most famous inventions as a young man and spent the remainder of his long life trying to conjure similar success We also meet his partners and competitors presidents and entertainers his close friend Henry Ford the wives who competed with his work for his attention and the children who tried to thrive in his shadow all providing a fuller view of Edison s life and times than has ever been offered before The Wizard of Menlo Park reveals not only how Edison worked but how he managed his own fame becoming the first great celebrity of the modern age

that have shaped our modern age      **Edison and the Electric Chair** Mark Essig,2005-10-01 Describes how Thomas Edison an avowed opponent of the death penalty became the creator of the electric chair offering a look at the social cultural economic and political factors involved in the invention      **A History of Technoscience** David F. Channell,2017-06-14 Are science and technology independent of one another Is technology dependent upon science and if so how is it dependent Is science dependent upon technology and if so how is it dependent Or are science and technology becoming so interdependent that the line dividing them has become totally erased This book charts the history of technoscience from the late nineteenth century to the end of the twentieth century and shows how the military industrial academic complex and big science combined to create new examples of technoscience in such areas as the nuclear arms race the space race the digital age and the new worlds of nanotechnology and biotechnology      Edison and the Electric Chair Mark Essig,2009-05-26 Thomas Edison stunned America in 1879 by unveiling a world changing invention the light bulb and then launching the electrification of America s cities A decade later despite having been an avowed opponent of the death penalty Edison threw his laboratory resources and reputation behind the creation of a very different sort of device the electric chair Deftly exploring this startling chapter in American history Edison the Electric Chair delivers both a vivid portrait of a nation on the cusp of modernity and a provocative new examination of Edison himself Edison championed the electric chair for reasons that remain controversial to this day Was Edison genuinely concerned about the suffering of the condemned Was he waging a campaign to smear his rival George Westinghouse s alternating current and boost his own system Or was he warning the public of real dangers posed by the high voltage alternating wires that looped above hundreds of America s streets Plumbing the fascinating history of electricity Mark Essig explores America s love of technology and its fascination with violent death capturing an era when the public was mesmerized and terrified by an invisible force that produced blazing light powered streetcars carried telephone conversations and killed      **Uncovering Labour in Information Revolutions, 1750-2000: Volume 11** Aad Blok,Greg Downey,2003-12-15 Discussion of the current Information Revolution tends to focus on technological developments in information and communication and overlooks both the human labour involved in the development maintenance and daily use of information and communication technologies ICTs and the consequences of the implementation of these ICTs for the position and divisions of labour This volume aims to redress this imbalance by exploring the role position and divisions of information and communication labour in the broadest sense through periods of revolutionary technological change

**Thomas Edison** Lucia Tarbox Raatma,2020-01-23 The light bulbs we use today in our schools and homes are thanks to Thomas Edison What were the steps Edison took that led him to the world changing invention we know him for today

*Thomas Edison: Success and Innovation through Failure* Ian Wills,2020-01-01 This book develops a systematic approach to the role of failure in innovation using the laboratory notebooks of America s most successful inventor Thomas Edison It argues that Edison s active pursuit of failure and innovative uses of failure as a tool were crucial to his success From this the

author argues that not only should we expect innovations to fail but that there are good reasons to want them to fail Using Edison s laboratory notebooks written as he worked and before he knew the outcome we see the many false starts wrong directions and failures that he worked through on his way to producing revolutionary inventions While Edison s strengths in exploiting failure made him the icon of American inventors they could also be liabilities when he moved from one field to another Not only is this book of value to readers with an interest in the history of technology and American invention its insights are important to those who seek to innovate and to those who employ and finance them
