Libraries,1896 **Approaching the Ancient Artifact** Amalia Avramidou,Denise Demetriou,2014-08-25 This volume consists consists of forty contributions written by an internationally renowned selection of scholars The authors adopt an interdisciplinary methodology examining both literary and archaeological sources and a comparative perspective that transgresses national chronological and cultural boundaries in order to investigate the nature of the links between text and image This multifaceted approach to the study of ancient artifacts enables the authors to treat art and artistic production as activities that do not merely mirror social or cultural relationships but rather and more significantly as activities that create social and cultural relationships The essays in this book are motivated by their authors belief that there is no simple direct link between art and myths art and text or art and ritual and that art should not be delegated to the role of a by product of a literate culture Instead the contextual and symbolic analyses of artifacts and representations offered in this volume elucidate how art actively shaped myth how it changed texts how it transformed ritual and how it altered the course of local regional and Mediterranean histories Gabe Herrn Rabbiner Dr. Nobel Zum 50. Gerstenberger, 2010-01-01 **"Written for Our Discipline and Use"** Agnethe Siquans, 2021-02-15 Patristic and rabbinic biblical interpretations are significant contributions to the identity construction of late antique Christian and Jewish groups The contributions in this conference volume illuminate the reception of biblical texts themes and figures in patristic and rabbinic writings from the 2nd to the 8th century They reveal processes of mutual demarcation which are sometimes extremely polemical sometimes only implicit and indirectly accessible The correct interpretation of Scripture is claimed for one's own while at the same time distinguishing it from the others Nevertheless similarities and mutual positive references are clearly recognizable Especially the often so polemical Christian interpretation is from the beginning rooted in the Jewish tradition and based on it But also the rabbinic interpretation shows traces of the controversy with Christianity *Kaiser Karl seine Paladine* Felix Dahn, 1903

*Etruscan Life and Afterlife* Larissa Bonfante, 1986 The lively ferment in Etruscan studies generated in part by recent archaeological discoveries and fostered by new trends in interpretation has produced a wealth of information about the people historians traditionally considered as inaccessible Now scholars are reconstructing a portrait of the wealthy sophisticated Etruscans whose territory once extended from the Po River to the Bay of Naples Unfortunately the wider English speaking public has had no single resource which synthesizes these new findings and interpretations about the Etruscans In fact some sources continue to propagate the traditional myth of the enigmatic and isolated Etruscans In response the eminent Etruscan scholar Larissa Bonfante asked seven other internationally known classicists to join her in providing this handbook for the non specialist as an authoritative and readable guide to the burgeoning Etruscan scholarship As Bonfante explains in the introductory chapter The Etruscans provide an excellent opportunity of turning archaeology into history this we tried to do in our chapters according to our individual directions Nancy Thomson de Grummond traces the interest in and knowledge of the Etruscans from the earliest days Mario Torelli provides an independent account of Etruscan history based on monuments and sources Jean MacIntosh Turfa belies the cliché of the Etruscans traditional isolation by surveying the material evidence for their trade with the Phoenicians Greeks and other neighbors in the Mediterranean Marie Fran oise Brigueat Friedhelm Prayon David Tripp and I survey Etruscan art architecture coinage and daily lives respectively Emeline Richardson contributes what she calls a primer in the Etruscan language a basic archaeological introduction to the Etruscan language meant to help newcomers read the inscriptions on many of the monuments illustrated and to see these with the interdisciplinary approach so characteristic of and necessary in Etruscan studies The book is profusely illustrated with over 300 photos and maps Notes and bibliographic references lead to standard texts on the Etruscans and to the more specialized literature in the field The result is a reliable and lively volume which brings readers into the mainstream of the latest Etruscan scholarship **Claudian's In Eutropium** Jacqueline Long, 2000-11-09 From A D 395 to 404 Claudian was

the court poet of the Western Roman Empire ruled by Honorius In 399 the eunuch Eutropius the grand chamberlain and power behind the Eastern Roman throne of Honorius's brother Arcadius became consul The poem *In Eutropium* is Claudian's brilliantly nasty response In it he vilifies Eutropius and calls on Honorius's general Stilicho to redeem this disgrace to Roman honor In this literary and historical study Jacqueline Long argues that the poem was in both intent and effect political propaganda Claudian exploited traditional prejudices against eunuchs to make Eutropius appear ludicrously alien to the ideals of Roman greatness Long sets *In Eutropium* within the context of Greek and Roman political vituperation and satire from the classical to the late antique period In addition she demonstrates that the poem is an invaluable if biased source of historical information about Eutropius's career Her analysis draws on modern propaganda theory and on reader response theory thereby bringing a fresh perspective to the political implications of Claudian's work Originally published in 1996 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
