## Edge Of War:

**Around the Edge of War** John Forth Amory, 2018-09-03 With *Around the Edge of War* A New Approach to the Problems of American Foreign Policy John Forth Amory wrote a thought provoking book examining several approaches to United States foreign policy A Washington expert at the time of first publication in 1961 Amory was critical of the tendency in Washington to over think a problem and advocated a return to Jeffersonian principles as a beginning in the search of reasonable alternatives to present policy Our primary purpose is to help Americans think about our foreign policy as a whole about how it is made whence derived and whether it has been right or wrong in terms of the whole national interest and pragmatically in terms of results We want especially to lead Americans to think of people of men women and children for we believe that in this period of military stalemate the only remaining weapons that can be used for or against us are the people of the earth whom Jefferson defined as the only legitimate source of power the great majorities who after millennia are coming into their own We think that the safety of the United States the moral health of the American people and the survival of our national freedoms depend on whether we go with this swelling tide of people or against it John Forth Amory Foreword **The End of War** Paul K. Chappell, 2010-05 Building on the powerful argument for peace laid out in his first book *Will War Ever End* Paul K Chappell now explains in detail how together we can end the wars between countries our ongoing war with nature and the suffering in our hearts From the foreword by Gavin de Becker Gandhi said The machineries of governments stand between and hide the hearts of one people from those of another Paul K Chappell reveals many hearts to us by revealing his own He is a soldier and a warrior and a crusader for peace The road to peace is not a straight one he explains it is like a vine it w *At the Edge of the World: A Soldier's Journey Through War and Peace* Pasquale De Marco, In a world torn apart by conflict *At the Edge of the World* offers a gripping and thought provoking exploration of war and its impact on the human spirit Through the eyes of soldiers from diverse backgrounds and experiences this book takes readers on an extraordinary journey into the heart of battle revealing the complexities of war and the profound sacrifices made by those who serve With unflinching honesty and evocative prose this book delves into the brutal realities of combat the moral dilemmas faced by soldiers and the lasting scars left by war It shines a light on the courage resilience and camaraderie that emerge amidst the darkness and it challenges readers to confront the true cost of war and the urgent need for peace *At the Edge of the World* is more than just a chronicle of battles and campaigns it is a testament to the human spirit a celebration of the resilience and indomitable will of those who have served It is a story of triumph and tragedy of hope and despair and of the enduring belief in a better future With each turn of the page readers will be captivated by the soldiers poignant and inspiring stories They will witness the transformation of civilians into hardened warriors the weight of their experiences etched upon their souls Yet amidst the horrors of war they will also discover moments of grace acts of compassion and the enduring bonds of brotherhood forged in the crucible of conflict *At the Edge of the World* is a powerful reminder of the devastating toll war

takes on individuals families and communities It challenges readers to question the necessity of war and to search for alternative paths to peace But it also celebrates the resilience of the human spirit the capacity for renewal and healing and the enduring hope for a world without war This book is a must read for anyone who wants to understand the true nature of war and its profound impact on the lives of those who fight It is a powerful call to action a reminder that we must never cease striving for a world where peace prevails If you like this book write a review *The War That Will End War* H. G.

Wells,2020-04-14 This is a 1914 novel written by H G Wells Within it wells writes passionately and with elegance about his conviction that World War I will be the war to end all wars Although he was obviously and unfortunately wrong in his suppositions his book makes a good case for his belief and is highly recommended for those with an interest in WWI
