

Frank Bryant is a professor of literature.
And Rita is his newest student.
A hairdresser who thinks Macbeth runs
the local pub. And Hamlet is a plate of
eggs with cheese.
He's a failed writer who has given up
on his life.
She's determined to change hers by
getting an education.

Educating Rita:

Educating Rita Willy Russell, 1981 *Culture and Power: Challenging Discourses* M. José Coperías Aguilar, 2000
Educating Rita (videorecording), 1983 *Feminist Research in Theory and Practice* Gayle Letherby, 2003-02-16 an extremely welcome addition to the field of feminist research British Journal of Educational Studies This is a clear and accessible exploration of feminist method methodology and epistemology After situating herself and her work Gayle Letherby charts the debates concerned with the epistemological political and practical issues involved in doing feminist research and places the debates within a wider consideration of the status of knowledge The main focus of the book is then the particular and practical issues for feminist researchers It examines how the process of research affects the results of that research and explores the relation between politics and practice in terms of research and knowledge production Throughout the book there is a practical emphasis on specific examples of feminist research in action and as well as summarizing current theoretical debates Gayle Letherby adds to them *Feminist Research in Theory and Practice* is designed and written as a textbook for students at advanced undergraduate and postgraduate level but will be a valuable resource for any researcher or individual interested in women s studies feminism and in researching in the social sciences *Scenes and Stages* John O'Connor, 2001 From Shakespeare to Stoppard the Greeks to Red Dwarf Oscar Wilde to Blackadder this guide offers a way to explore drama at Key Stage 3 Designed to meet the drama objectives of the framework for teaching English the book offers a variety of extracts and activities *Educating Rita* Willy Russell, 2013-12-02 One way of describing *Educating Rita* would be to say that it was about the meaning of education Another would be to say that it was about the meaning of life A third that it is a cross between *Pygmalion* and *Lucky Jim* A fourth that it is simply a marvellous play painfully funny and passionately serious a hilarious social documentary a fairy tale with a quizzical half happy ending Sunday Times *Educating Rita* which portrays a working class Liverpool woman s hunger for education premiered at the RSC Warehouse London in 1980 and won the SWET award for Best Comedy of the Year It was subsequently made into a highly successful film with Michael Caine and Julie Walters and won the 1983 BAFTA award for Best Film Commentary and notes by Steve Lewis **Tales Out of School** Jo Keroes, 1999 Jo Keroes s scope is wide she examines the teacher as represented in fiction and film in works ranging from the twelfth century letters of Abelard and Heloise to contemporary films such as *Dangerous Minds* and *Educating Rita* And from the twelfth through the twentieth century Keroes shows the teaching encounter is essentially erotic Tracing the roots of eros from cultural as well as psychological perspectives Keroes defines erotic in terms broader than the merely sexual She analyzes ways in which teachers serve as convenient figures on whom to map conflicts about gender power and desire To show how portrayals of men and women differ she examines pairs of texts using a film or a novel with a woman protagonist Up the Down Staircase for example as counterpoint to one featuring a male teacher *Blackboard Jungle* or *The Prime of Miss Jean Brodie* balanced against *Dead Poets Society* The portrayals of teachers like all images a culture presents of itself reveal

much about our private and social selves Keroes points out authentic accounts of authoritative women teachers who are admired and respected by colleagues and students alike Real teachers differ from the stereotypes we see in fiction and film however Male teachers are often portrayed as heroes in film and fallibly human in fiction whereas women in either genre are likely to be monstrous or muddled and are virtually never women of color Among other things Keroes demonstrates the tension between reality and representation reveals society s ambivalence about power in the hands of women

ClassPassing , Class Passing draws on dozens of examples from popular culture from old movie classics and contemporary films to print ads and cyberspace to illustrate how flagrant displays of wealth that were once unacceptable under the old rules of behavior are now flaunted by class passing celebrities Book jacket **Teacher Representations in Dramatic Text and Performance** Melanie Shoffner,Richard St. Peter,2019-09-06 This book examines representations of the teacher on stage in both theatrical performances and dramatic text in order to demonstrate how these representations have shaped society s perceptions of educators in and out of the classroom At the heart of this book is the interaction between theatre and teacher education By considering how dramatic portrayals reimagine reinforce and or undermine our understanding of the teacher s personal and professional roles this volume bridges the gap between truth in dramatic literature and truth in the classroom Chapters critically explore the personas embodied by fictional teachers in well known works such as Educating Rita School of Rock and The History Boys and illustrate how educators might use dramatic literature and performance to interrogate entrenched ideas about the student teacher dynamic By bringing together a diverse set of contributors from the fields of teacher education and theatre this book takes a critical look at performance text society and culture to promote a new understanding of teaching and learning This unique book will be of great interest to graduate and postgraduate students academics and researchers in the fields of teacher education drama and theatre education **Multiple Intelligences and Adult Literacy** Julie Viens,Silja Kallenbach,2004-01-22 In this breakthrough volume the authors present an overview of Multiple Intelligences MI theory along with concrete examples that educators can use in their classroom with adult literacy students *Mediascripts* Simon Page,Mark Warner,2004 These media scripts are written specifically for Key Stage 3 and intended to resource the National Curriculum and Framework objectives for teaching English and Media Accompanying activities provide links to the Framework for teaching English *New York Magazine* ,1984-02-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Ovid's Myth of Pygmalion on Screen** Paula James,2011-10-06 **The New Idea of a University** Duke Maskell,Ian Robinson,2012-03-06 Something has gone deeply wrong with the university too deeply wrong to be put right by any merely

bureaucratic means What's wrong is simply that our official idea of education the idea that inspires all government policies and initiatives is itself uneducated With the growing emphasis in higher education on training in supposedly useful skills has the very ethos of the university been subverted And does this more utilitarian university succeed in adding to the national wealth the basis on which politicians justify the large public expenditure on the higher education system Should we get our idea of a university from politicians and bureaucrats or from J H Newman Jane Austen and Socrates The New Idea of a University is an entertaining and highly readable defence of the philosophy of liberal arts education and an attack on the sham that has been substituted for it It is sure to scandalize all the friends of the present establishment and be cheered elsewhere

New York Magazine, 1983-11-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
