## **Education Citizens For Global Awareness:**

Educating Citizens for Global Awareness Nel Noddings, 2005-01-01 Educating students about their roles as global citizens is a challenge that has taken on increasing importance in recent years In this volume prominent educators join Nel Noddings to address the issue of global citizenship what this means and how it should shape curriculum and teaching in K 12 classrooms Features frameworks for educating global citizens including building community and mutual respect creating social responsibility instilling an appreciation for diversity promoting emotional literacy and managing and resolving conflict practical suggestions to help teachers enrich their classrooms with global content advice for teaching better global attitudes throughout the curriculum including social studies science literature and math classes and diverse perspectives by leading educators and scholars on global citizenship and its value to education and community *Developing Global Awareness for Global Citizenship Education* Hongtao Jing, 2023-10-05 This book has explored in depth the beliefs and practices of foreign language teachers regarding global awareness in the context of a Chinese senior high school This book defines global awareness as a combination of global knowledge global attitudes and global skills for a global citizen to act from the local community to the global community By analysing qualitative data such as classroom observations interviews and focus groups with language teachers and linking these findings to language education policy and practice in China this book has explored how English language teachers teach English language intercultural communicative competence and global awareness in China This book will be of interest to researchers language teachers and students in the fields of language education and intercultural communication It also provides a readable overview for those new to the field of ICC and global citizenship education **Expanding the Vision of Rurality in the US Educational System** Yoho, Louise M., Moore, Jarrett, 2023-09-28 The dominant narratives of US rurality within educational research and literature centers on the Appalachian and southern US perspectives However there is a need to add texture and expand the vision of rurality in US schools and education Expanding the Vision of Rurality in the US Educational System provides readers especially college and university faculty in pre service education programs with a better understanding of the rural students they teach and the rural communities where they will eventually teach It also attempts to move the discourse beyond the deficit framework for understanding rural communities Though the book does not ignore barriers in rural communities it focuses on the strengths and opportunities available to rural educators without depending on the rural idyllic Covering key topics such as diversity belonging and regional rurality this premier reference source is ideal for administrators policymakers industry professionals researchers academicians scholars practitioners instructors and students The Political Economy of Global Citizenship Education Vanessa De Oliveira Andreotti, 2016-03-16 This edited collection offers analyses of global citizenship education within and across different national contexts This book illustrates the contingency of definitions the complexities of juxtaposing demands and priorities in different educational contexts and the difficulties and tensions of asking a question

that is arguably one of the most pressing of our time how should we live together in interdependent ecologies in a finite planet In the discipline of education where market imperatives and the dictatorship of effective replicable results have laid siege to independent debates this book aims to emphasize the importance of raising our intellectual game as educators to interrupt new and old problematic patterns of engagements representations uncomplicated solutions and conceptual straightjackets Contributors to this volume address the tensions between homogenizing universalisms and parochial specificisms ethnocentrisms and relativisms deficit theorizations and romanticizations of difference fantasies of supremacy and paralyses in guilt the global and the local The chapters take different approaches to map the origins meanings workings ethics politics and implications of initiatives approaches and conceptual frameworks related to the ideas of globalization citizenship and education in different sites of knowledge production This book was originally published as a special issue of *Globalisation Societies and Education* Research in Global Citizenship Education Jason Harshman,Tami Augustine,Merry M. Merryfield,2015-06-01 Globalization is changing what citizens need to know and be able to do by interrupting the assumption that the actions of citizens only take place within national borders If our neighborhoods and nations are affecting and being affected by the world then our political consciousness must be worldminded The outcomes of globalization have led educators to rethink what students need to learn and be able to do as citizens in a globally connected world This volume focuses on research that examines how K 12 teachers and students are currently addressing the challenge of becoming citizens in a globally interconnected world Although there is an extensive body of literature on citizenship education within national contexts and a growing literature on global education this volume offers research on the work educators are doing across multiple countries to bring the two fields together to develop global citizens Educational Research and Innovation Languages in a Global World Learning for Better Cultural Understanding OECD,2012-04-24 This book examines the links between globalisation and the way we teach and learn languages International Handbook on Education Development in the Asia-Pacific Wing On Lee,Phillip Brown,A. Lin Goodwin,Andy Green,2023-11-20 The Springer International Handbook of Educational Development in Asia Pacific breaks new ground with a comprehensive fine grained and diverse perspective on research and education development throughout the Asia Pacific region In 13 sections and 127 chapters the Handbook delves into a wide spectrum of contemporary topics including educational equity and quality language education learning and human development workplace learning teacher education and professionalization higher education organisations citizenship and moral education and high performing education systems The Handbook is grounded in specific Asia Pacific contexts and scholarly traditions using unique country specific narratives for example Vietnam and Melanesia and socio cultural investigations through lenses such as language identity or colonisation while offering parallel academic discourse and analyses framed by broader policy commentary from around the world *Geography Education for Global Understanding* Ali Demirci,Rafael de Miguel González,Sarah Witham Bednarz,2018-04-26 This book presents the core concepts of

geographical education as a means of understanding global issues from a spatial perspective It treats education supported by high standards approaches methodologies and resources as essential in exploring the interactions of the world s human and environmental systems at local regional and global scales embedded in the nature of the discipline of geography It covers topics such as climate change sustainable development goals geopolitics in an uncertain world global crisis and population flows which are of great interest to geography researchers and social sciences educators who want to explore the complexity of contemporary societies Highly respected scholars in geography education answer questions on key topics and explain how global understanding is considered in K 12 education in significant countries around the globe The book discusses factors such as the Internet social media virtual globes and other technological developments that provide insights into and visualization in real time of the intensity of relationships between different countries and regions of the earth It also examines how this does not always lead to empathy with other political cultural social and religious values terrorism threats and armed conflicts are also essential features of the global world This book opens the dialogue for global understanding as a great opportunity for teachers educators scholars and policy makers to better equip students and future citizens to deal with global issues

**Postcolonial Perspectives on Global Citizenship Education** Vanessa de Oliveira Andreotti,Lynn Mario T. M. de Souza,2012-02-06 This volume bridges the gap between contemporary theoretical debates and educational policies and practices It applies postcolonial theory as a framework of analysis that attempts to engage with and go beyond essentialism ethno and euro centrisms through a critical examination of contemporary case studies and conceptual issues From a transdisciplinary and post colonial perspective this book offers critiques of notions of development progress humanism culture representation identity and education It also examines the implications of these critiques in terms of pedagogical approaches social relations and possible future interventions

*Educating the Global Citizen* George Robert Walker,2006 Globalization means that no country can afford to ignore what goes on outside its borders International exchanges are part of everyday life As a result international education has been growing at an astonishing rate over the last generation In *Educating the Global Citizen* George Walker examines in depth the basic concepts of international education the apparent tension between human diversity and our common humanity the importance of intercultural understanding and the search for a set of universal values to unite humankind

*IEA International Civic and Citizenship Education Study 2016 Assessment Framework* Wolfram Schulz,John Ainley,Julian Fraillon,Bruno Losito,Gabriella Agrusti,2016-07-29 The International Civic and Citizenship Education Study ICCS investigates the ways in which young people are prepared to undertake their roles as citizens in a range of countries in the second decade of the 21st century ICCS 2016 is a continuation of a study initiated in 2009 This document outlines the framework and assessment design for the ICCS 2016 ICCS 2016 will report on student knowledge and understanding of key aspects of civics and citizenship as well as student attitudes to and engagement with civic life This survey is intended to respond to enduring and emerging challenges of educating young

people in a world where contexts of democracy and civic participation continue to change New developments include the increase in the use of social media as a tool for civic engagement growing concerns about global threats and sustainable development as well as recognition of the role of schools in fostering peaceful ways of interaction between young people iccs 2016 is sponsored by the international association for evaluation of educational achievement iea over past 50 years iea has conducted comparative research studies in a range domains focusing on policies practices and outcomes many countries around world prior to iccs 2016 three civic citizenship education with first survey implemented 1971 second one 1999 third 2009 p
