Cortese, 2012-02-01 Winner of the 2004 Critics Choice Award presented by the American Educational Studies Association This useful classroom resource for professors wishing to incorporate notions of justice into their courses examines a variety

of America's most challenging social issues: education, poverty, homelessness, crime, and health care, interwoven with racial and ethnic themes. Anthony J. Cortese illustrates how the tension between moral relativism on the one hand and universal ethics on the other makes concrete policy discussion difficult. He illustrates how through a synthesis of justice, law, and power a social ethics approach to public policy could resolve various intergroup conflicts and social problems. Included at the end of each chapter are What You Can Do exercises and activities that encourage students to apply what they have learned to their own lives.
