Effective Meditations For Creative Visualizing Contemporary Meditation Series:

Breast Cancer: Beyond Convention Isaac Cohen, Debu Tripathy, 2011-03-01 Today more breast cancer treatment options are available than ever before. But how can you determine the course of action that is right for YOU? Breast Cancer Beyond Convention is the only single resource that lays out all of the traditional and alternative approaches available today. Assembling a dream team of breast cancer experts, the editors of this truly groundbreaking guide encourage readers to work with their practitioners as they consider a variety of approaches, all explained in clear nontechnical language. Readers will discover how to find the right caregiver and how to best complement conventional medical treatment with alternative medicine, how to be healed without necessarily being cured, how to incorporate traditional Chinese medicine including herbs, qigong, and acupuncture, the right diet to choose, no matter the form of treatment, the importance of soy products, plus fifteen delicious recipes to sample, the best vitamins, minerals, and natural foods, and the specific benefits and possible dangers of each. The merits of spiritual treatments, from meditation and directed prayer to the powerful mystery of the will to live. The guide features an encyclopedic appendix of websites and lists of national support organizations, care centers recommended, audiotapes, CDs, and books, making this the single source to help patients take control of their treatment, assuage their fears, and get them on the road to healing. A portion of the proceeds from the sale of this book will be donated to the Carol Franc Buck Breast Care Center Complementary and Alternative Medicine Program at the University of California San Francisco.

The Journey Through Cancer Jeremy R. Geffen, 2000 *The Journey Through Cancer* is an essential guide for all cancer patients, their families, and their loved ones. As a board-certified oncologist with more than ten years of experience serving as physician, guide, mentor, coach, and friend to thousands of cancer patients and their families, Dr. Jeremy Geffen has learned how cancer often challenges the mind, heart, and spirit of patients and their families as deeply, if not more deeply, than it challenges the physical body. Yet this simple truth is often overlooked by Western medicine as it aggressively pursues the best ways to diagnose and treat cancer. Too often, physicians focus almost exclusively on the physical dimensions of the disease rather than caring for the whole person who has the disease. Dr. Geffen presents a groundbreaking seven-level program used at his cancer center in Florida that addresses every dimension of the person with cancer: physical, mental, emotional, and spiritual. Education and Information giving patients answers to questions about their disease and their treatment options. Psychosocial Support focusing on the need for and benefits of a strong support network. The Body as Garden exploring the vast array of alternative and complementary therapies. Emotional Healing helping patients and families deal with the often overwhelming emotional challenges of cancer. The Nature of Mind exploring how patients' thoughts and beliefs profoundly influence their journey. Life Assessment showing patients how to discover their life's deepest meaning and purpose. The Nature of Spirit connecting patients to the profoundly healing spiritual aspect of life we all share. In *The Journey Through Cancer*, Dr. Geffen presents a revolutionary model of healing based on the best treatments available from
