Egypt In The Twenty First Century Challenges For Development:

Egypt in the Twenty First Century M. Riad El-Ghonemy,2003-07-03 The book focuses on three main themes overpopulation associated with low productivity unemployment persistent poverty and weak savings and investment capacity the post 1950 development strategies and their outcomes the institutional structures that are constraining economic and political progress Egypt in the Twenty First Century is a much need *Egypt in the Twenty First Century* M. Riad El-Ghonemy,2003-07-03 An overview of the political economy and development of contemporary Egypt focusing on the nature and extent of economic reform and restructuring in the last twenty years **From the 1919 Revolution to the 2011 Arab Spring** Uzi Rabi,Mira Tzoreff,2024-05-08 Focused on three Egyptian revolutions in 1919 1952 and 2011 this edited book argues that each of these revolutions is a milestone which represents a meaningful turning point in modern Egyptian history Revolutions are typically characterized by a fundamental change in political and social infrastructures as well as in the establishment of new values and norms However it should be noted that this may not be entirely applicable when examining the context of the three Egyptian revolutions the 1919 revolution failed to liberate Egypt from British colonial hegemony the 1952 revolution failed to rework the country s social and economic systems and unify the Arab world and the Arab Spring revolution of 2011 culminated in a chaotic economic and social catastrophe thus failing to solve the young generation s crisis Nevertheless by revisiting and re defining these revolutions through diverse theoretical frameworks the book proposes that each of them played a significant role in shaping Egypt s political social and cultural identity This book is specifically of interest for students historians and social scientists with a keen interest in Egyptian history and the Middle East offering fresh perspectives and insights into these transformative moments in Egypt s history **The Egyptian Economy in the Twenty-first Century** Khalid Ikram,Heba Nassar,2022-11-29 A multi faceted account of Egyptian economic development by nineteen internationally recognized authorities and the critical challenges the economy is likely to face in the next twenty years The Egyptian Economy in the Twenty first Century addresses the question of why Egypt despite possessing a plethora of assets such as a fertile agriculture a strategic geographic location oil and gas deposits innumerable tourist sites a labor force prized by regional countries and a diaspora that remits large amounts of funds has seldom performed to its economic potential during the last sixty years Indeed economic weakness created political weakness and often exposed the country to foreign diktats What should the country do to change this state of affairs Nineteen internationally recognized authorities on the Egyptian economy discuss the critical challenges that the Egyptian economy is likely to face in the next two to three decades challenges which must be overcome in order to improve the life of Egypt s citizens and to protect the country from external pressures Their analyses cover population and employment development strategies principal macroeconomic issues development of a digital economy fiscal and monetary matters the external sector poverty and income distribution the enterprise structure higher education water availability urbanization institutional

Egypt's Culture Wars Samia Mehrez, 2008-04-01 This ground breaking work presents original research on cultural politics and battles in Egypt at the turn of the twenty first century It deconstructs the boundaries between high and low culture drawing on conceptual tools in cultural studies translation studies and gender studies to analyze debates in the fields of literature cinema mass media and the plastic arts Anchored in the Egyptian historical and social contexts and inspired by the influential work of Pierre Bourdieu it rigorously places these debates and battles within the larger framework of a set of questions about the relationship between the cultural and political fields in Egypt

Marginality and Exclusion in Egypt Ray Bush, Habib Ayeb, 2012-06-14 What does it mean to be marginalized Is it a passive condition that the disadvantaged simply have to endure Or is it a manufactured label reproduced and by its nature transitory In the wake of the new uprising in Egypt this insightful collection explores issues of power politics and inequality in Egypt and the Middle East It argues that the notion of marginality tends to mask the true power relations that perpetuate poverty and exclusion It is these dynamic processes of political and economic transformation that need explanation The book provides a revealing analysis of key areas of Egyptian political economy such as labour urbanization and the creation of slums disability refugees street children and agrarian livelihoods reaching the impactful conclusion that

marginalization does not mean total exclusion What is marginalized can be called upon to play a dynamic part in the future as is the case with the revolution that toppled President Mubarak

Egypt's Strategy to Meet the Sustainable Development Goals and Agenda 2030: Researchers' Contributions El-Sayed E. Omran, Abdelazim M. Negm, 2023-02-01 This book focuses on Egypt as a representative example of emerging economies struggling to achieve their sustainable development goals SDGs The Egyptian government has launched Egypt's Vision 2030 in line with the 2030 Agenda also known as the Sustainable Development Strategy SDS which encompasses the economic social and environmental dimensions of development It is under the SDS that all development plans in Egypt are incorporated while at the same time being strongly guided by the SDGs Aware of the principle of shared but differentiated responsibility Egypt also recognizes that fundamental challenges remain despite a strong willingness to achieve the SDGs High birth rates brain drain phenomena water scarcity migration discrimination against women and girls a growing informal sector and instability in neighboring states especially Libya and Syria are only some of the many hindrances to sustainable development In order to address these challenges Egypt relies heavily on the SDGs which are aimed at transforming our world Although there is an urgent need for a drastic change in the way we use the Earth the question arises as to whether the SDGs are sufficient to facilitate such a transformation This book explores the key environmentally related Sustainable Development Goals SDGs and offers a cutting edge assessment of current progress with a view to reaching these objectives by 2030 The book highlights some of the key findings and ideas for how research may help achieve the 17 Sustainable Development Goals in enterprises The book provides a useful framework that can help and aid the Egyptian government to assess the many goals and targets outlined in the 2030 Agenda The analysis of Egypt can be used as a blueprint for other developing nations and globally in order to guide policy toward achieving the SDGs Covering food security water resilience climate change agronomics rural life environmental impact assessment as a tool for measuring the achievement of the goals Egyptian education the COVID 19 pandemic cultural and societal dimensions this book will be of great interest to students and scholars of sustainable development and climate change as well as practitioners and

policymakers involved in sustainable development and disaster management *International Migration and Challenges in the Beginning of the Twenty-First Century* Gökçe Bayindir Goularas, Isil Zeynep Turkan Ipek, 2018-10-18 International migration has been subject to many studies conducted by academics students policy makers and in civil society As the migration flows continue to increase amongst countries new dynamics shape international politics economy and culture In this context the main purpose of this book is to present a contemporary understanding of international migration through an interdisciplinary analysis The authors investigate migration and its dynamics in different perspectives cultural economic political judicial and sociological by considering the latest changes in the international relations agenda This book sheds light on different minor aspects of international migration in a critical perspective Between Preservation and Exploitation Kemi Fuentes-George, 2016-03-25 A study of biodiversity governance analyzes the factors that determine the effectiveness of transnational advocacy networks and the importance of justice claims to conservation In the late 2000s ordinary citizens in Jamaica and Mexico demanded that government put a stop to lucrative but environmentally harmful economic development activities bauxite mining in Jamaica and large scale tourism and overfishing on the eastern coast of the Yucatán Peninsula In each case the catalyst for the campaign was information gathered and disseminated by transnational advocacy networks TANs of researchers academics and activists Both campaigns were successful despite opposition from industry supporters Meanwhile simultaneous campaigns to manage land in another part of the Yucatán and to conserve migratory birds in Egypt had far less success In this book Kemi Fuentes George uses these four cases to analyze factors that determine the success or failure of efforts by TANs to persuade policymakers and private sector actors in developing countries to change environmental behavior Fuentes George argues that in order to influence the design and implementation of policy TANs must generate a scientific consensus create social relationships with local actors and advocate for biodiversity in a way that promotes local environmental justice Environmentally just policies would allow local populations access to their lands provided they use natural resources sustainably Justice claims are also more likely to generate needed support among local groups for conservation projects In their conservation efforts Jamaica Mexico and Egypt were attempting to meet their obligations under the UN Convention on Biological Diversity and other regional agreements Fuentes George's innovative analysis shows the importance of local environmental justice for the implementation of international environmental treaties

Case Studies in Food Policy for Developing Countries Per Pinstrup-Andersen, Fuzhi Cheng, 2018-07-05 The food problems now facing the world scarcity and starvation contamination and illness overabundance and obesity are both diverse and complex What are their causes How severe are they Why do they persist What are the solutions In three volumes that serve as valuable teaching tools and have been designed to complement the textbook *Food Policy for Developing Countries* by Per Pinstrup Andersen and Derrill D Watson II they call upon the wisdom of disciplines including economics nutrition sociology anthropology environmental science medicine and geography to create a holistic picture of the state of the world's

food systems today Volume II of the Case Studies addresses the issues of domestic policies for markets production and the environment *Egypt on the Brink* Tarek Osman,2013-07-31 DIVIn this immensely readable and thoroughly researched book Tarek Osman explores what has happened to the biggest Arab nation since President Nasser took control of the country in 1954 This new edition takes events up to summer 2013 looking at how Egypt has become increasingly divided under its new Islamist government div **Arab Economies in the Twenty-First Century** Paul Rivlin,2009-02-09 This book examines the relationship between demographic growth and economic development in eight Arab countries Despite a slowdown in demographic growth as a result of the change in the age structure of the population the labor force is increasing rapidly In other parts of the world similar developments have enhanced economic growth In the Arab world however many of the opportunities presented by demographic transition are being lost resulting in serious threats to the political stability of the region The main reason for this is that the region has missed out on industrialization The book goes beyond conventional analysis to ask two closely related questions The first is why were governments so slow in tackling stability The second is why has the response been similar in apparently different economies Answers are provided using new literature in economics and economic history Keys to the 21st Century Jérôme Bindé,2001 Since September 1997 UNESCO s Analysis and Forecasting Office has been arranging a series of Twenty First Century Talks each of which brings together two or three leading scientists intellectuals creators or decision makers from all parts of the world The Office also organized the first Twenty First Century Dialogues in September 1998 in which 60 international participants took part in discussions on the general theme of Will the Twenty First Century Take Place This text represents an anthology of the contributions made to these future oriented discussions up to the ninth session of the Talks held in June 1999 Topics include population biotechnologies pollution energy the food supply culture pluralism education democracy human rights women childhood work urban living globalization poverty and human conflicts No subject index Annotation copyrighted by Book News Inc Portland OR
