invaluable research being undertaken by other contemporary Oriental medical pioneers Born in Japan and trained there first as an engineer and then a shiatsu therapist Saito merges the frontiers of science and healing arts to take our view of the human energy matrix far beyond the familiar Traditional Chinese Medicine meridian chart His alternative is a far more complex yet comprehensible view of the human body at work A natural teacher he illustrates with striking clarity how our road map of the Regular Meridian system has been abridged over time for simplicity's sake He presents in painstaking detail the complete view of the Regular Meridians as they manifest at three levels of imbalance He then fully details each of the lesser known but equally important Extra Divergent Ocean and Cosmic energy systems and explains how they interrelate with each other He grounds us in this theory then tells us exactly what to do with it This is the crux of his work Shin So Shiatsu enables any ordinary practitioner to sense and precisely trace the multitude of meridian pathways in the human body to identify the levels at which energy imbalances occur and to treat those imbalances with astonishing results Practitioners of meridian based therapies will instantly recognize the veracity and sincerity of this master's approach Shin So Shiatsu is not a beginner's guide Saito asks his readers to have a basic working knowledge of shiatsu or other meridian based modalities But with even a minimum of experience practitioners from a diversity of backgrounds will quickly be able to integrate the key elements of Shin So Shiatsu into their own work
