A Bibliography of Edward Dahlberg Harold Billings, 1971    Counter-revolution of the Word Alan Filreis, 2012-09-01

During the Cold War an unlikely coalition of poets editors and politicians converged in an attempt to discredit if not destroy the American modernist avant garde. Ideologically diverse yet willing to bespeak their hatred of modern poetry through the rhetoric of anticommunism these anticommunist antimodernists as Alan Filreis dubs them joined associations such as the League for Sanity in Poetry to decry the modernist conspiracy against form and language. In *Counter revolution of the Word* Filreis narrates the story of this movement and assesses its effect on American poetry and poetics. Although the antimodernists expressed their disapproval through ideological language their hatred of experimental poetry was ultimately not political but aesthetic. Filreis argues. By analyzing correspondence decoding pseudonyms drawing new connections through the archives and conducting interviews Filreis shows that an informal network of antimodernists was effective in suppressing or distorting the postwar careers of many poets whose work had appeared regularly in the 1930s. Insofar as modernism had consorted with radicalism in the Red Decade antimodernists in the 1950s worked to sever those connections fantasized a formal and unpolitical pre Depression High Modern moment and assiduously sought to de radicalize the remnant avant garde. Filreis's analysis provides new insight into why experimental poetry has aroused such fear and alarm among American conservatives.    **New Essays on Winesburg, Ohio** John W. Crowley, John William Crowley, 1990    The

Disappointment Artist Jonathan Lethem, 2007-12-18 In a volume he describes as a series of covert and not so covert autobiographical pieces Jonathan Lethem explores the nature of cultural obsession from western films and comic books to the music of Pink Floyd and the New York City subway. Along the way he shows how each of these voyages out from himself has led him to the source of his beginnings as a writer. *The Disappointment Artist* is a series of windows onto the collisions of art landscape and personal history that formed Lethem's richly imaginative searingly honest perspective on life. A touching deeply perceptive portrait of a writer in the making.    *Touching Pitch* Edward Keith Whittaker, 1968    *Counter-Revolution of the Word (Volume 2 of 2) (EasyRead Large Bold Edition)*,    **Josephine Herbst's Short Fiction** Barbara

Wiedemann, 1998 A native of Iowa and long time resident of Pennsylvania Josephine Herbst 1892-1969 well known and highly regarded in the 1930s was the author of seven novels twenty seven short stories a biography and numerous journal and newspaper articles. In the current study the first on Herbst's short fiction the author provides a critical discussion of each of Herbst's stories including relevant biographical and historical data.    Mrs. October was Here Coleman Dowell, 1974 Welcome to the quintessential American town. Oh beautiful for specious skies. For ambient waves of pain.    *Tongues of Fallen Angels* Selden Rodman, Jorge Luis Borges, 1974 Selden Rodman's *Tongues of Fallen Angels* is a collection of

conversations with twelve ranking authors leading men of letters in the Western Hemisphere with accompanying informal photographs From Spanish America Jorge Luis Borges Gabriel Garcia M rquez the late Pablo Neruda and Octavio Paz From Brazil Vinicius de Moraes and Joan Cabral de Melo Neto From Trinidad the poet playwright Derek Walcott From the United States Robert Frost Allen Ginsberg Ernest Hemingway Stanley Kunitz and Norman Mailer An impressive list and all the more so given Rodman s remarkable power to give human substance to figures whose everyday words have been generally ignored in favor of their writings and other public pronouncements When Rodman s Conversations With Artists appeared in 1957 it aroused a storm of controversy intentionally polemical it became a storm center in the battles then raging in the art world Rodman s journals also contained records of fiery bouts with novelists and poets of stature He was urged at the time to publish them but refrained preferring to wait for a book of a different more empathic intent in putting together Tongues of Fallen Angels Rodman the editor of such seminal anthologies as One Hundred British Poets and One Hundred American Poems forcefully asserts the essential social role of the creator The minor poet he declares is primarily concerned with form or innovation the major one uses these tools almost unconsciously to say something he feels he has to say and which the world will be better for hearing     Uncommon Readers Christopher J. Knight, 2003-01-01 Impressive in scope and erudition Christopher Knight s Uncommon Readers focuses on three critics whose voices mixing eloquence with pugnacity stand out as among the most notable independent critics working during the last half century The critics are Denis Donoghue Frank Kermode and George Steiner and their independence a striking characteristic in a time of corporate criticism is reflective of both their backgrounds Donoghue s Catholic upbringing in Protestant ruled Northern Ireland Kermode s Manx beginnings and Steiner s Jewish upbringing in pre Holocaust Europe and their temperaments Each represents a party of one a fact that has on the one hand made them the object of the occasional vituperative dismissal and on the other contributed to their influence and remarkable longevity Since the 1950s Steiner Donoghue and Kermode have each maintained a highly public profile regularly contributing to such influential publications as Encounter New Yorker New York Review of Books Times Literary Supplement and the London Review of Books This aspect of their work receives particular attention in Uncommon Readers for it illustrates a renewed interest in the role of the public critic especially in relation to the genre of the literary review essay and signals a sustained conversation with an educated public namely the common reader Knight makes the argument for the review essay as a serious and still viable genre and he examines the three critics in light of this assumption He expounds upon the critics separate interests Kermode s identification with discussions of canonicity Steiner s with cultural politics and Donoghue s with the persistent claims of the imagination while also revealing the ways in which their work often reflects theological interests Lastly he attempts to adjudicate some of the conflicts that have arisen between these critics and other literary theorists especially the post structuralists and to discuss the question of whether it is still possible for critics to work independently Original and deliberative Uncommon Readers presents a renewed defense of the tradition of
