Grosshans,Janet H. Burton,2009-10-13 The covers of such magazines as Time and Newsweek have described parents as living in mayhem and madness with their children TV s Supernanny regularly captures kids wildly unbelievably out of control How did our families get to such a state Child psychologist Dr Beth Grosshans has the answer And mothers and fathers everywhere are listening In what is sure to become a much discussed blockbuster Dr Grosshans reveals why she believes nearly a half century of parenting advice with its emphasis on talking exalting children s self esteem and time outs is largely

to blame for today's lack of discipline. Her innovative ideas and techniques challenge this prevailing culture, proving that power and authority are as essential as love and good intentions to effective parenting. She persuasively explains why kids can only grow up healthy and strong when firmly led by their parents' experience and better judgment and provides a clear, easy five-step program to follow. She enables parents to look at themselves clearly and identify their child-rearing style; they are often shocked to discover how their own behavior has inadvertently caused an imbalance in the family's structure. Reading *Beyond Time Out* is akin to sitting with Dr. Grosshans in her clinical office and hearing her core truths about healthy parent-child relationships are timeless.
