Evaluating Instructional Leadership Julie R. Smith, Raymond L. Smith, 2015-02-19 Improve Principal Evaluation And Create Highly Effective Leaders Behind every high quality principal is an airtight system of leadership evaluation that consistently rewards excellence and remedies deficits While teacher evaluation methods have improved instructional leadership evaluation has often stood still and student learning and achievement have paid the price This book offers clear solutions to these and related problems Application of its ideas will ensure high quality leadership in the principal's office year after year Content includes Extensive data presented in a user friendly manner Clear connections to the ISLLC Standards for School Leaders A suite of interactive tools including sample self assessments mid year and final evaluation forms and professional growth plans Educational Leadership Norris M. Haynes, Susan Arafah, Cynthia McDaniels, 2014-12-30 Educational Leadership Perspectives on Preparation and Practice identifies core knowledge and skills that educational leaders should be exposed to during pre service preparation and throughout in service professional development The contributors discuss established pedagogical and experiential learning models as well as provocative new paradigms of their own to help prepare leaders and reinforce leadership effectiveness Implicit throughout the book are five key leadership themes sensitivity to student development and learning continual professional development responsiveness to developmental socio cultural and learning contexts accepting accountability and advancing the field The contributors draw upon many collective years of experience as educators and supervisors of educational leaders to offer perspectives on the application and integration of core leadership principles in leadership preparation and practice *Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2017* United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies, 2016 *The Instructional Leader's Guide to Implementing K-8 Science Practices* Rebecca Lowenhaupt, Katherine L. McNeill, Rebecca Katsh-Singer, Benjamin R. Lowell, Kevin Cherbow, 2021-10-25 An accessible engaging primer on the eight science practices at the heart of the Next Generation Science Standards NGSS providing K 8 instructional leaders with the grounding they need to ensure excellent science instruction in every classroom The NGSS reconceptualize science instruction by redefining the teacher as someone who helps students construct their own knowledge

by thinking like scientists and engaging in discrete science practices However with STEM teachers in short supply and generalists often feeling underprepared to teach elementary and middle school science what can instructional leaders do to ensure students get a strong start in this critical area and learn to love science Although a content neutral approach to supervision one that emphasizes general pedagogical features such as student engagement cognitive load or classroom management is undoubtedly beneficial the best instructional leaders know that content specific approaches are necessary to achieve real excellence We therefore need to go deeper if we want to engage both teachers and students with the science practices We need science specific supervision With that in mind the authors provide vignettes and examples of the science practices in use advice on observing science classrooms concrete look fors and guidance on fostering ongoing teacher learning They also offer a rich compendium of research and evidence based resources including sample lessons FAQs and more than a dozen downloadable tools to facilitate classroom observation feedback sessions and professional development This is an essential guide for any K 8 instructional leader who wants to empower all teachers to provide all students with rich science experiences and develop the cognitive and noncognitive skills students will need to thrive in more advanced courses work and society Prof.Izhar,2015-08-09
