Eight Days Backwards:

Ninety-eight Days Warren Grabau, 2000 Warren E Grabau describes the logistical situation at key junctures during the campaign and explains how and why those situations constrained the choices available to Grant and Confederate commander John C Pemberton Alternating between Confederate and Federal perspectives he allows the reader to see the situation as the commanders did and then describes how the available information led to their decisions **BOOK JACKET**

Fifteen Days Christie Blatchford, 2009-02-24 Long before she made her first trip to Afghanistan as an embedded reporter for The Globe and Mail Christie Blatchford was already one of Canada's most respected and eagerly read journalists Her vivid prose her unmistakable voice her ability to connect emotionally with her subjects and readers her hard won and hard nosed skills as a reporter these had already established her as a household name But with her many reports from Afghanistan and in dozens of interviews with the returned members of the 1st Battalion Princess Patricia's Canadian Light Infantry and others back at home she found the subject she was born to tackle Her reporting of the conflict and her deeply empathetic observations of the men and women who wear the maple leaf are words for the ages fit to stand alongside the nation's best writing on war It is a testament to Christie Blatchford's skills and integrity that along with the admiration of her readers she won the respect and trust of the soldiers They share breathtakingly honest accounts of their desire to serve their willingness to confront fear and danger in the battlefield their loyalty towards each other and the heartbreak occasioned by the loss of one of their own Grounded in insights gained over the course of three trips to Afghanistan in 2006 and drawing on hundreds of hours of interviews not only with the servicemen and women with whom she shared so much but with their commanders and family members as well Christie Blatchford creates a detailed complex and deeply affecting picture of military life in the twenty first century

Getting Back Into the Garden of Eden Edward Conklin, 1998 Getting Back into the Garden of Eden studies the story of the Garden of Eden in depth from an historical psychological perspective for the first time It explores how the historical experiences of the Hebrew people became transformed into the psychologically meaningful and therefore symbolic characters and situations in the first three chapters of the Genesis story It examines the possibilities of the placement and inspiration for the Garden from the oases of the Arabian desert and the advanced irrigation culture of the areas of the Tigris and Euphrates rivers

Wilkinson,2012-12-06 In the eight years since the first edition of this book several marvelous technical advances have become available clinically for the care of patients with failed back syndromes High resolution MRI scans three dimensional CT scans and percutaneous discectomy are notable technological advances Overall however the problem of the failed back remains as complex and poorly understood as ever A discouraging amount of what we claim to be our knowledge of the pathophysiology and appropriate therapy for the complex of disorders that constitute the failed back syndrome remains unvalidated by careful scientific study 1 The discussions of pathophysiology diagnosis and therapy put forth in the first edition for the most part remain equally as valid or as controversial as they were eight years ago The first
