Einführung ins Judentum:

Konstruktion sozialer Identität: Studien zum Reinheitsverständnis im antiken Judentum und im Neuen Testament Milena Hasselman, 2022-09-19 Why do questions of purity play a minor role in the New Testament when the majority of the texts are of Jewish origin and character To answer this question the present study analyses the forming of identity as a central function to purity in ancient Jewish sources Using the theory of social identity according to Henri Tajfel and John Turner Milena Hasselmann examined the importance of purity texts in the New Testament and in other ancient Jewish sources for the construction of social identity On a broad basis of sources and with the help of Hebrew language literature which is little received in the German and English language scientific context it becomes a meaningful picture that places the purity texts of the New Testament in its wider environment In doing so she shows that the New Testament's handling of questions of purity is to be seen in continuity rather than discontinuity with other ancient traditions Warum nehmen Reinheitsfragen einen sehr kleinen Stellenwert im Neuen Testamente ein wenn die Texte mehrheitlich jüdischen Ursprungs und jüdischer Provenienz sind Dieser Frage geht die vorliegende Studie nach und setzt zu ihrer Beantwortung bei einer zentralen Funktion die Reinheit in anderen antiken jüdischen Quellen zukommt ein Reinheitsbestimmungen sind identitätsstiftend Mit der Theorie der Sozialen Identität nach Henri Tajfel und John Turner untersucht Milena Hasselmann welche Bedeutung Reinheitstexte im Neuen Testamente und in anderen antiken jüdischen Quellen für die Konstruktion sozialer Identität haben Auf einer breiten Quellenbasis und unter Hinzuziehung hebräischsprachiger Literatur die im deutsch und englischsprachigem Wissenschaftskontext wenig rezipiert wird entwirft sie ein aussagekräftiges Bild das die Reinheitstexte des Neuen Testaments in dessen weitere Umwelt einordnet Sie zeigt damit dass der neutestamentliche Umgang mit Reinheitsfragen in Kontinuität zu anderen antiken Traditionen zu sehen ist , **Die Geschichte der Daniel-Auslegung in Judentum, Christentum und Islam** Katharina Bracht, David S. du Toit, 2012-02-13

Friedlander,1995-10-01 There is no doubt about Baeck s contribution to Jewish theology in the twentieth century it has been
significant Without ever departing completely from the ancient wellsprings of orthodoxy he was a studious observer of the
intellectual currents of his time and ambience under the influence of liberal Jewish theology he drew on and reworked those
currents weaving them into his own theological thought A special aspect of Baeck s work is that he remained in critical
confrontation with Christianity throughout his life acting as a kind of builder of bridges between the two faiths From the
Introduction It is on this aspect that the author focuses his study inwhich he examines Leo Baeck s critical evaluation of
Martin Luther and Protestantism At the same time Homolka shows how close the intellectual links between liberal Christian
and liberal Jewish theology had become before the Holocaust both sides attempted a new definition of the essence of their
faiths and were searching for a new identity in an increasingly pluralistic and secular society **Das Judentum** Susanne
