**Crèvecoeur's Eighteenth-Century Travels in Pennsylvania and New York** Percy G. Adams, 2014-07-15 Michel Guillaume Jean de Crèvecoeur long regarded as a chief figure in American letters of the Revolutionary period is remembered as the author of *Letters from an American Farmer* and the posthumous *Sketches of Eighteenth Century of America* but his last and most ambitious work has been almost entirely neglected Published in France as *Le Voyage dans la haute Pensylvanie et dans d tat de New York* Crèvecoeur's last book was never popular and has not heretofore appeared in English Yet the *Voyage* has much to add to Crèvecoeur's picture of eighteenth century America and to our own picture of the American Farmer as a man and writer The *Voyage* written after Crèvecoeur's sojourn in France and his return to America as French consul records a new phase both in American history and in the author's life Adams has arrived at a selection of extracts from *Voyage* which will be of interest to Crèvecoeur's many admirers among students of American history and literature The editor has translated arranged and annotated these selections to form a collection will be a fit companion for Crèvecoeur's two volumes of English essays and will supplement the earlier books by recording Crèvecoeur's final view of the American scene In his introduction to this collection Adams presents a thorough analysis of the content and significance of the *Voyage* and convincingly justifies his contention that though the work contains much that is not worthy of translation or republication the selection here published for the first time in English may be regarded as a significant addition to Crèvecoeur's writings

**XL Love** Sarah Varney, 2014-08-19 With two out of every three Americans overweight or obese it's all hands on deck scientists are studying how excess fat changes physical and mental health demographers are calculating how it's shortening life spans and economists are debating the impact it has on America's productivity and global competitiveness But how weight affects intimacy and sexuality is barely discussed Yet it's a question of high importance for the tens of millions of Americans who are overweight or obese and having difficulty sexually and romantically It is changing and complicating the mating game and married life alike stunting the ability of young people to find happiness and tipping some heavy but otherwise happy couples into divorce For many a larger body has meant a more troubled mind a decline in sexual quality an increase in self loathing and a tendency to let these factors stand in the way of love In *XL Love* Varney travels the country and tells the personal stories of men and women who are experiencing what millions of others feel every day along with the stories of those who are in the business of helping them physicians researchers scientists psychologists sociologists and more Analytic and immersive personal and eye opening *XL Love* tackles the question How is sex changing in America as the shape of Americans changes
