Extra Extra The Who What Where When And Why Of Newspapers:

Extra! Extra! Linda Granfield,Bill Slavin,1993-01-01 A non fiction book for children Out and about at the Newspaper Kitty Shea,2006 Takes readers on a tour of a newspaper and introduces them to the various duties of editors and reporters and explains how the newspaper is printed *Newspapers Gr. 5-8* , *Newspapers* Melanie Komar,1994 Newspapers are one of the world s biggest communication vehicles and a perfect way for you to encourage learning in your students Open up a window onto the world for them while they practice a wide range of important skills including oral and written communication math drama and art research critical thinking and cooperation This is a resource that is easy to adapt to any classroom and so flexible that you can choose newspaper articles that relate to any reading level or any unit in social studies science or other subjects Some of the exercises also work with career or technology study Activities are suitable for individual and group work extension or centers Inspire a life long love of reading *The Function of Newspapers in Society* Shannon E. Martin,David A. Copeland,2003-06-30 The demise of the newspaper has long been predicted Yet newspapers continue to survive globally despite competition from radio television and now the Internet because they serve core social functions in successful cultures Initial chapters of this book provide an overview of the development of modern newspapers Subsequent chapters examine particular societies and geographic regions to see what common traits exist among the uses and forms of newspapers and those artifacts that carry the name newspaper but do not meet the commonly accepted definition The conclusion suggests that newspapers are of such core value to a successful society that a timely and easily accessible news product will succeed despite or perhaps because of changes in reading habits and technology *The Family Tree Historical Newspapers Guide* James M. Beidler,2018-03-20 There are more historical newspaper resources than you think and they re easier to access than you know When researched properly no other type of record can beat historical newspapers in taking the pulse of their times and places recording not just the names but also information important to the community This comprehensive how to guide will show you how to harvest the social media of centuries past to learn about your ancestors and the times and places they lived in With step by step examples case studies templates worksheets and screenshots this book shows you what you can find in online and offline historical newspapers from city dailies to weekly community papers to foreign language gazetteers The Family Tree Historical Newspapers Guide features Tips and techniques for finding crucial genealogy records in newspapers such as birth announcements obituaries and even news reports Step by step guides for using popular online newspaper databases such as GenealogyBank and Newspapers.com Case studies that will put information found in newspapers to use **The Troubles of Journalism** William A. Hachten,2005 This book looks at criticisms of the journalism profession and evaluates many of the changes in journalism both positive and negative In addition it suggests what the many changes mean for this nation and indeed for the world at large as American journalism its methods and standards has markedly influenced the way many millions overseas receive news and view their

world Based on author William Hachten's 50 year involvement with newspapers and journalism education *The Troubles of Journalism* serves as a realistic examination of the profession and is appropriate for upper level un *They Called It the War Effort* Louis Fairchild, 2012-02-22 Over the course of World War II Orange Texas's easternmost city went from a sleepy southern town of 7 500 inhabitants to a bustling industrial city of 60 000 The bayou community on the Sabine became one of the nation's preeminent shipbuilding centers In *They Called It the War Effort* Louis Fairchild details the explosive transformation of his native city in the words of the people who lived through it Some residents who lived in the town before the war speak of nostalgia for the time when Orange was a small close knit community and regret for the loss of social cohesiveness of former days while others speak of the exciting new opportunities and interesting new people that came Interviewees tell how newcomers from rural areas in Louisiana and East Texas tried to adjust to a new life in close living quarters and to new amenities like indoor toilets People from all walks of life talk of the economic shift from the cash and job shortages of Depression era to a war era when these things were in abundance but they also tell of how wartime rationing made items like Coca Cola treasured luxuries Fairchild deftly draws on a wide array of secondary sources in psychology and history to tie together and broaden the perspectives offered by World War II Orangeites The second edition of this justly praised book features more interviews with non white residents of Orange as Japanese Americans and especially African Americans speak not only of the challenges of wartime economic dislocations but also of living in a southern town where Jim Crow still reigned Publication of this book was supported by a generous grant from the Nelda C and H J Lutchter Stark Foundation *The Future of Journalism* Bob Franklin, 2013-09-13 The future of journalism is hotly contested and highly uncertain reflecting developments in media technologies shifting business strategies for online news changing media organisational and regulatory structures the fragmentation of audiences and a growing public concern about some aspects of tabloid journalism practices and reporting as well as broader political sociological and cultural changes These developments have combined to impoverish the flow of existing revenues available to fund journalism impact radically on traditional journalism professional practices while simultaneously generating an increasingly frenzied search for sustainable and equivalent funding and from a wide range of sources to nurture and deliver quality journalism in the future This book brings together journalists and distinguished academic specialists from around the globe to present the findings from their research and to discuss the future of journalism the shifting quality of its products its wide ranging sources of finance as well as the economic and democratic consequences of the significant changes confronting Journalism *The Future of Journalism* details the challenges facing the press in contemporary societies and provides essential reading for everyone interested in the role of journalism in shaping and sustaining literate civil and democratic societies This book consists of special issues from *Journalism Studies* and *Journalism Practice* *Votes That Count and Voters Who Don't* Sharon E. Jarvis, Soo-Hye Han, 2018-08-28 For decades journalists have called the winners of U S presidential elections often in error well before the

closing of the polls In *Votes That Count and Voters Who Don't* Sharon E Jarvis and Soo Hye Han investigate what motivates journalists to call elections before the votes have been tallied and more importantly what this and similar practices signal to the electorate about the value of voter participation Jarvis and Han track how journalists have told the story of electoral participation during the last eighteen presidential elections revealing how the portrayal of voters in the popular press has evolved over the last half century from that of mobilized partisan actors vital to electoral outcomes to that of pawns of political elites and captives of a flawed electoral system The authors engage with experiments and focus groups to reveal the effects that these portrayals have on voters and share their findings in interviews with prominent journalists *Votes That Count and Voters Who Don't* not only explores the failings of the media but also shows how the story of electoral participation might be told in ways that support both democratic and journalistic values At a time when professional strategists are pressuring journalists to provide favorable coverage for their causes and candidates this book invites academics organizations the press and citizens alike to advocate for the voter's place in the news

Iran's Long Reach Suzanne Maloney, United States Institute of Peace, 2008 As the third book in the series from the Institute's Muslim World Initiative on pivotal states in the Muslim world this lucid and timely volume sheds much needed light on Iran's strikingly complex political system and foreign policy and its central role in the region

World Literacy John W. Miller, Michael C. McKenna, 2016-01-29 International literacy assessments have provided ample data for ranking nations charting growth and casting blame Summarizing the findings of these assessments which afford a useful vantage from which to view world literacy as it evolves this book examines literate behavior worldwide in terms of both the ability of populations from a wide variety of nations to read and the practice of literate behavior in those nations Drawing on *The World's Most Literate Nations* author Jack Miller's internationally released study emerging trends in world literacy and their relationships to political economic and social factors are explored Literacy and in particular the practice of literate behaviors is used as a lens through which to view countries economic development gender equality resource utilization and ethnic discrimination Above all this book is about trajectories It begins with historical contexts described in terms of support for literate cultures Based on a variety of data sources these trends are traced to the present and then projected ahead The literate futures of nations are discussed and how these relate to their economic and sociocultural development This book is unique in providing a broader perspective on an intractable problem a vantage point that offers useful insights to inform policy and in bringing together an array of relevant data sources not typically associated with literacy status
