

10th Grade

College Planning

Now that you're a sophomore, it's time to get more serious about planning and preparing for college. To help you stay focused and on track, here's a list of the things you need to do this year.

Work hard to get good grades

The stronger your high school academic record, the more college options you'll have. *Grades are the first thing colleges look at when determining whether to accept an applicant— particularly their grades in college prep classes.*

Take college prep classes

In order to be prepared for college-level work, colleges recommend that students take the following courses in high school:

- 4 years of English
- 3–4 years of math (Algebra I & II, Geometry)
- 3–4 years of science
- 2–3 years of the same foreign language
- 3 years of social studies
- 1 year of fine or performing arts

Get involved

Colleges are looking for students who are active and involved in their school and community. Participate in school activities, do some volunteer work, and take time to develop your interests and talents.
