Faber murder aide faces life in prison

The last of two companion first degree murder cases ended Friday with the conviction of Ricardo Hart for assisting his girl friend in the robbery and fatal shooting of 39-year-old Nancy Faber last Nov. 22.

"It was a verdict and we have to live with that verdict," said Hart's attorney, Thomas E. Quarterman. "Naturally I was surprised and shocked," he said, adding that his 21-year-old client will appeal the verdict.

Friday's jury decision brought to a close two back-to-back trials that spanned six weeks in the courtroom of Washtenaw Circuit Judge Ross W. Campbell.

Hart's girl friend, Machele Pearson, 17, was found guilty June 1 of the same charges of first degree murder, armed robbery and possession of a firearm.

Hart, who showed no visible emotion when the verdict was announced, will be sentenced to mandatory life imprisonment on July 13.

The jury of six women and six men deliberated about seven hours before reaching a verdict late Friday afternoon.

jury," were in favor of the prosecution, commented Brian Mackie, assistant county prosecutor at the trial's end. "If you look at the makeup of the jury, it's clear that they were not tainted by the public-

ity in the case," he said.

Mackie also credited the testimony of the prosecution's two key witnesses — Cornelius Antonio Frazier and his girlfriend, Mary Gordon — as the most persuasive element for jurors. "They were believable," said Mackie.

Frazier and Gordon testified that Hart told them of the role he played in the armed robbery and shooting.

Defense attorney Quarterman, on the other hand, had attempted to reinforce his client's defense by shaking the credibility of the two witnesses and bringing to light inconsistencies in their stories.

Frazier, the half brother of Hart, was first implicated in the shooting Dec. 18 when Pearson called the Michigan State Police Ypsilanti Post to report an assault. She eventually began telling Trooper Henry Tyler about her knowledge of the Faber shooting.

In several interviews with Tyler and Ann Arbor Police Detective Richard Anderson, Pearson gave at least three different versions of what happened until she herself admitted to the shooting on the morning of her Dec. 21 arrest.

Pearson, in her own trial, accused her boyfriend of four years

LaCroix, Richard H. McAdams, Martha Craven Nussbaum, 2017 Writers of fiction have always confronted topics of crime and punishment This age old fascination with crime on the part of both authors and readers is not surprising given that criminal justice touches on so many political and psychological themes essential to literature and comes equipped with a trial process that contains its own dramatic structure This volume explores this profound and enduring literary engagement with crime investigation and criminal justice The collected essays explore three themes that connect the world of law with that of fiction First defining and punishing crime is one of the fundamental purposes of government along with the protection of victims by the prevention of crime And yet criminal punishment remains one of the most abused and terrifying forms of political power Second crime is intensely psychological and therefore an important subject by which a writer can develop and explore character A third connection between criminal justice and fiction involves the inherently dramatic nature of the legal system itself particularly the trial Moreover the ongoing public conversation about crime and punishment suggests that the time is ripe for collaboration between law and literature in this troubled domain The essays in this collection span a wide array of genres including tragic drama science fiction lyric poetry autobiography and mystery novels The works discussed include works as old as fifth century BCE Greek tragedy and as recent as contemporary novels memoirs and mystery novels The cumulative result is arresting there are killer wives and crimes against trees a government bureaucrat who sends political

adversaries to their death for treason before falling to the same fate himself a convicted murderer who doesn't die when hanged a psychopathological collector whose quite sane kidnapping victim nevertheless also collects Justice Thomas reading and misreading of Bigger Thomas a man who forgives his son's murderer and one who cannot forgive his wife's non-existent adultery fictional detectives who draw on historical analysis to solve murders These essays begin a conversation and they illustrate the great depth and power of crime in literature

Class and Culture in Crime Fiction Julie H. Kim, 2014-04-04 The crime fiction world of the late 1970s with its increasingly diverse landscape is a natural beginning for this collection of critical studies focusing on the intersections of class culture and crime each nuanced with shades of gender ethnicity race and politics The ten new essays herein raise broad and complicated questions about the role of class and culture in transatlantic crime fiction beyond the Golden Age How is class understood in detective fiction other than as a socioeconomic marker Can we distinguish between major British and American class concerns as they relate to crime How politically informed is popular detective fiction in responding to economic crises in Scotland Ireland England and the United States When issues of race and gender intersect with concerns of class and culture does the crime writer privilege one or another factor Do values and preoccupations of a primarily middle class readership get reflected in popular detective fiction

The Imagination of Evil Mary Evans, 2009-10-09 From its growth in Europe in the nineteenth century detective fiction has developed into one of the most popular genres of literature and popular culture more widely In this monograph Mary Evans examines detective fiction and its complex relationship to the modern and to modernity She focuses on two key themes the moral relationship of detection and the detective to a particular social world and the attempt to restore and even improve the social world that has been threatened and fractured by a crime usually that of murder It is a characteristic of much detective fiction that the detective the pursuer is a social outsider this status creates a complex web of relationships between detective institutional life and dominant and subversive moralities Evans questions who and what the detective stands for and suggests that the answer challenges many of our assumptions about the relationship between various moralities in the modern world

Reflecting on Miss Marple Marion Shaw, Sabine Vanacker, 2018-07-27 Originally published in 1991 Reflecting on Miss Marple looks at the incongruous combination of violence murder and a sweet white haired old lady and examines why this makes such a potent but unlikely formula The book is an astute and engaging account which reveals Miss Marple as a feminist heroine triumphantly able to exploit contemporary prejudices against unmarried women in order to solve her case The authors explore the inherent contradictions of Agatha Christie's Miss Marple novels their social context and their place in detective fiction as a whole

Cops and Constables Earl F. Bargainnier, George N. Dove, 1986 This brief introduction to fictional police cannot cover all the aspects of their nature but it does indicate some of the principal elements which appear

again and again the diversity within the convention and significant similarities and differences between the American and British varieties The thirteen essays in this volume provide extended and specific illustrations of ways in which the authors present police and their investigations of crimes

Truth's Ragged Edge Philip F. Gura, 2013-04-09 From the acclaimed cultural historian Philip F Gura comes *Truth's Ragged Edge* a comprehensive and original history of the American novel's first century Grounded in Gura's extensive consideration of the diverse range of important early novels not just those that remain widely read today this book recovers many long neglected but influential writers such as the escaped slave Harriet Jacobs the free black Philadelphian Frank J Webb and the irrepressible John Neal to paint a complete and authoritative portrait of the era Gura also gives us the key to understanding what sets the early novel apart arguing that it is distinguished by its roots in the fundamental religiosity of American life Our nation's pioneering novelists it turns out wrote less in the service of art than of morality This history begins with a series of firsts the very first American novel William Hill Brown's *The Power of Sympathy* published in 1789 the first bestsellers Susanna Rowson's *Charlotte Temple* and Hannah Webster Foster's *The Coquette* novels that were like Brown's cautionary tales of seduction and betrayal and the first native genre religious tracts which were parables intended to instruct the Christian reader Gura shows that the novel did not leave behind its proselytizing purpose even as it evolved We see Catharine Maria Sedgwick in the 1820s conceiving of *A New England Tale* as a critique of Puritanism's harsh strictures as well as novelists pushing secular causes George Lippard's *The Quaker City* from 1844 was a dark warning about growing social inequality In the next decade certain writers Hawthorne and Melville most famously began to depict interiority and doubt and in doing so nurtured a broader cultural shift from social concern to individualism from faith in a distant god to faith in the self Rich in subplots and detail Gura's narrative includes enlightening discussions of the technologies that modernized publishing and allowed for the printing of novels on a mass scale and of the lively cultural journals and literary salons of early nineteenth century New York and Boston A book for the reader of history no less than the reader of fiction *Truth's Ragged Edge* the title drawn from a phrase in Melville about the ambiguity of truth is an indispensable guide to the fascinating unexpected origins of the American novel

Guilty But Insane Samantha Walton, 2015-01-29 *Guilty But Insane* takes an historical approach to golden age detective fiction by Margery Allingham Christianna Brand Agatha Christie Dorothy L Sayers and Gladys Mitchell It examines how writers and readers of detective fiction during the 1920s to 1940s understood guilt responsibility and the workings of the mind as they related to the commission the investigation and the punishment of crime Under the lens of psychology the detective novel is revealed as a site for the negotiation of competing interpretations of sanity and insanity An unexplored depth and subtlety is revealed in detective novels that address major controversies in legal and psychiatric theory and practice while significant resonances with specific concerns of modernist fiction come into focus for the first time During the interwar years

proponents of competing psychological schools challenged legal concepts of responsibility and free will In response golden age writers began to reflect on the genre s promise to accomplish true and just solutions in a social order in which the relationship between law and justice was being problematized on several fronts By making connections between high modernism and popular culture and by tracing the impact of psychological discourses across a range of different cultural outputs this book makes a persuasive case for reading detective fiction historically It aims to demonstrate the richness of these texts and their value for scholarship not only as historical documents or residues of discourse but as literary texts which challenge subvert toy with and test the prevailing values and prejudices of interwar Britain *Tennvson And T.S.
