Fables Of The Irish Intelligentsia:

Fables of the Irish Intelligentsia Nina FitzPatrick,1993 Twelve stories poking fun at the English tendency to regard the Irish as infantile and mad Irish Writing in the Twentieth Century David Pierce,2000 Arranged chronologically by decade from the 1890s to the 1990s each decade is divided into two different types of writing critical documentary and imaginative writing and is accompanied by a headnote which situates it thematically and chronologically The Reader is also structured for thematic study by listing all the pieces included under a series of topic headings The wide range of material encompasses writings of well known figures in the Irish canon and neglected writers alike This will appeal to the general reader but also makes *Irish Writing in the Twentieth Century* ideal as a core text providing a unique focus for detailed study in a single volume **BOOK JACKET** *The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism* George Alexander Kennedy,1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction **Feminine Nation** Lori Rogers,1998 This book examines two prominent Irish authors Neil Jordan and John McGahern Jordan is famous for his films most notably *The Crying Game* and this work studies both his films and his fiction McGahern is the most respected lauded Irish novelist since Joyce a writer who broke the mold of Anglo Irish writing after it settled into a conservative rut in the 1950s The works of Jordan and McGahern involved with seemingly minor issues of householding and parenting within the patriarchal family reveal male and female characters to be representations of a masculine past and feminine present competing for dominance in the modern state The author argues that in Jordan's and McGahern's works the modern state is described as stereotypically feminine and that women's individual agency is directed to the deliberate blurring of gender difference upon which patriarchy depends The first book length study of the contemporary Anglo Irish novel written from a women's studies and a post colonial perspective *Feminine Nation* will be of considerable interest to a large audience composed of Women's Studies Irish Studies and Post Colonial studies A Dictionary of Literary Pseudonyms in the English Language T.J. Carty,2015-12-03 In its first edition *Dictionary of Literary Pseudonyms* established itself as a comprehensive dictionary of pseudonyms used by literary writers in English from the 16th century to the present day This new Second Edition increases coverage by 35% There are two sequences Part I which now includes more than 17 000 entries is an alphabetical list of pseudonyms followed by the writer's real name Part II is an alphabetical list of writers cited in Part I more than 10 000 writers included providing brief biographical details followed by pseudonyms used by the writer and titles published under those pseudonyms *Dictionary of Literary Pseudonyms* has now become a standard reference work on the subject for teachers student and public high school and college universal librarians The Second Edition will we believe consolidate that reputation **Fantastic Spaces** Matthew J. Fee,2025-08-15 While the connection between Ireland and the otherworldly has long been a staple of literature and the arts it finds its most consistent and compelling expression in the medium of cinema In the first comprehensive scholarly study of the fantastic in Irish film

Fantastic Spaces explores how the spatial dimensions of supernatural phenomena in Irish cinema interpret and engage with the dynamic changes that have swept across Ireland over the past four decades Drawing on a wide range of both canonical and lesser known Irish films Matthew J Fee closely examines how the fantastic including a multiplicity of supernatural occurrences and creatures drawn from Irish folklore as well as global popular culture functions to make meaning across a period of profound social political and cultural transformation in Ireland From providing platforms for female agency and interrogating rural heritage and nostalgia to articulating anxieties over modernization and globalization and questioning national identities the fantastic spaces of Irish cinema reveal a sophisticated capacity to grapple with the complexities and contradictions of historical change

The Aesthetics of Anthony Burgess Jim Clarke, 2017-10-26 The book is the first full length text on Anthony Burgess s fiction in a generation and offers a radical and innovative way of understanding the extensive literary achievements of one of the twentieth century s most innovative authors This book explores Burgess s dazzlingly diverse range of novels through the one key theme which links them all the artistic process itself Borrowing from Nietzsche s aesthetic dichotomy of Apollo and Dionysus the book uncovers the protracted evolution of Burgess s fiction and offers a unifying theory which links his early postcolonial fiction chronologically via his modernist experiments like *A Clockwork Orange* and *Nothing Like the Sun* to his late classics *Mozart and the Wolfgang* and *A Dead Man in Deptford* This volume clarifies Burgess s seminal role as both late modernist and early postmodernist and lucidly unveils the legacy of England s most mercurial novelist
