Liturgy icon painting calls for the highest aesthetic standards and this book aims to help make that achievable for the average committed student. Icon painting is presented here as a vocation rather than a hobby or an interesting artistic technique though this handbook will be of interest to anyone drawn to the world of the Byzantine liturgy and its icons. By encouraging students to do more than simply copy good examples from the past but to understand how the medieval Christian artist understood what he or she was doing and how they put that into practice this handbook brings the world of the Byzantine artist back to life. Icon painting is opened up as a living art form for today's Church. The author who has theology degrees from Oxford University and Heythrop College in London has many years of icon teaching experience founding the Bethlehem Icon School in 2010 at the Emmanuel Greek Catholic Monastery in Bethlehem where he continues to teach from time to time. This handbook began as handouts for his students on the Prince's School of Traditional Arts icon painting course while that was being run at the Bethlehem Icon Centre in Palestine and has finally emerged as a companion to the online Academy Course in Icon Painting and for members of the Arbor Vitae Icon Academy which the author established during the Covid pandemic.
