The Five Senses Michel Serres,2016-10-20 Marginalized by the scientific age the lessons of the senses have been overtaken by the dominance of language and the information revolution With The Five Senses Serres traces a topology of human perception writing against the Cartesian tradition and in praise of empiricism he demonstrates repeatedly and lyrically the sterility of systems of knowledge divorced from bodily experience The fragile empirical world long resistant to our attempts to contain and catalog it is disappearing beneath the relentless accumulations of late capitalist society and information technology Data has replaced sensory pleasure we are less interested in the taste of a fine wine than in the description on the bottle s label What are we and what do we really know when we have forgotten that our senses can describe a taste more accurately than language ever could The book won the inaugural Prix M dicis Essai in 1985 The Revelations edition includes an introduction by Steven Connor

Cheat Murray Pomerance,2020-10-15 Murray Pomerance venerated film scholar is the first to take on the cheat in film where cheating constitutes a collection of production performance and structuring maneuvers intended to foster the

impression of a screen reality that does not exist as presented This usually calls for a suspension of disbelief in the viewer but that rests on the assumption that disbelief is problematic for viewership and that we must find some way to suspend or disconnect it in order to allow for the entertainment of the fiction in its own terms The Film Cheat explores forty five aspects of the cheat analyzing classic films such as Singin in the Rain and Chinatown to more contemporary films like The Revenant and Baby Driver with Pomerance engaging his encyclopedic knowledge of film history to point out numerous instances of suspensions of disbeliefs Whether or not Gene Kelly is actually dancin in the rain or if Elliott is really flying on his bicycle carrying E T these cheats are what make movie magic Elegantly weaving the narrative for one to dip into at random or to read from cover to cover Pomerance turns things upside down so that the audience actually finds pleasure in the cheat itself pleasure in the disbelief To see the elegant fake the supremely accomplished simulacrum is a pleasure in its own right indeed one of the fundamental pleasures of cinema
