broader program of a sustained and invasive management of western space **Blind Panic** Graham Masterton, 2022-10-27

The ancient Native American spirit from bestselling novel *The Manitou* is back in a disturbing and terrifying tale from the master of horror Graham Masterton. The demon is back and his thirst for revenge is stronger than ever. The President of the United States without warning is struck blind. High above the Rockies the pilot and crew of a 747 suddenly find that they have lost their sight. Thousands of people across America all realise they are blinded. Communications fail. TV screens go blank and civilisation is taken back two hundred years overnight. Self-proclaimed mystic Harry Erskine is telling the fortunes of the gullible in Miami when his friend Amelia Crusoe, a genuine psychic, calls on him to help her sister who has also been blinded. Together they discover that the Indigenous medicine man spirit Misquamacus has come back to life to seek a final devastating revenge against the white man who massacred his people. Only Harry and Amelia know that this spirit and his band of resurrected shamans and terrifying killers from ancient legend are responsible for the chaos. But this time the odds of beating him are suicidal indeed. Praise for Graham Masterton: One of the most original and frightening storytellers of our time. Peter James. Suspenseful and tension-filled. All the finesse of a master storyteller. *Guardian*. One of Britain's finest horror writers. *Daily Mail*. You are in for a hell of a ride. *Grimdark Magazine*. [The Transmedia Vampire](#) Simon Bacon, 2022-02-18

This book explores vampire narratives that have been expressed across multiple media and new technologies. Stories and characters such as Dracula, Carmilla, and even Draculaura from *Monster High* have been made more real through their depictions in narratives produced in and across different platforms. This also allows the consumer to engage on multiple levels with the vampire world, blurring the boundaries between real and imaginary realms and allowing for different kinds of identity to be created while questioning terms such as author, reader, player, and consumer. These essays investigate the consequences of such immersion and why the undead world of the transmedia vampire is so well suited to life in the 21st century. **The Eye Collectors** Simon Kewin, 2020-09-04

When Danesh Shahzan gets called to a crime scene it's usually because the police suspect not just foul play but unnatural forces at play. Danesh is an Acolyte in Her Majesty's Office of the Witchfinder General, a shadowy arm of the British government fighting supernatural threats to the realm. This time he's been called in by Detective Inspector Nikola Zubrasky to investigate a murder in Cardiff. The victim had been placed inside a runic circle and their eyes carefully removed from their head. Danesh soon confirms that magical forces are at work. Concerned that there may be more victims to come, he and DI Zubrasky establish a wary collaboration as they each pursue the investigation within the constraints of their respective organisations. Soon Danesh learns that there may be much wider implications to what is taking place and that somehow he has an unexpected connection. He also realises something about himself that he can never admit to the people with whom he works. Think *Dirk Gently* meets *Good Omens*. Visit bit.ly/TheEyeCollectors.
