Eyes On City Hall Evan Mandery,2018-03-09 The Campaign is a close up look at the paranoid frenzied oppressive and exhilarating world of modern political campaigns a universe where truth is fungible and moral conviction a mere asset like good looks or personal wealth Corporeal restraints do not exist People regularly become things they are not Evan Mandery research director on Ruth Messinger s doomed challenge to Mayor Rudy Giuliani offers a behind the scenes look at political campaigns in the television era A day to day account of the 1997 New York City mayoral race it takes us to the real battlegrounds of modern politics polls focus groups and television editing studios With Mandery as our guide we watch first hand as political consultants conceive of the ideal candidate and then attempt to fit their client into that ideal no matter how uncomfortably The stars of the story are memorable Rudy Giuliani popping his eyes and tweaking the truth Al Sharpton the colorful preacher and rising political force and Ruth Messinger herself torn between her populist political upbringing and the modern political world where money dominates over all other concerns Sometimes cynical often mirthful and always honest The Campaign will forever change your view of political campaigns Boomers Helen Andrews,2021-01-12 Baby Boomers and I confess I am one prepare to squirm and shake your increasingly arthritic little fists For here comes essayist Helen

Terry Castle With two recessions and a botched pandemic under their belt the Boomers are their children s favorite punching bag But is the hatred justified Is the destruction left in their wake their fault or simply the luck of the generational draw In Boomers essayist Helen Andrews addresses the Boomer legacy with scrupulous fairness and biting wit Following the model of Lytton Strachey s Eminent Victorians she profiles six of the Boomers brightest and best She shows how Steve Jobs tried to liberate everyone s inner rebel but unleashed our stultifying digital world of social media and the gig economy How Aaron Sorkin played pied piper to a generation of idealistic wonks How Camille Paglia corrupted academia while trying to save it How Jeffrey Sachs Al Sharpton and Sonya Sotomayor wanted to empower the oppressed but ended up empowering new oppressors Ranging far beyond the usual Beatles and Bill Clinton clich s Andrews shows how these six Boomers effect on the world has been tragically and often ironically contrary to their intentions She reveals the essence of Boomerness they tried to liberate us and instead of freedom they left behind chaos **Contemporary Authors** Julie Mellors,2005-09 A
