Ezra Pound And African American Modernism:

Ezra Pound and African American Modernism Michael Coyle, 2001 *Ezra Pound and African American Modernism* Michael Coyle, 2005-01-01 **Cross-cultural Visions in African American Modernism** Yoshinobu Hakutani, 2006 Yoshinobu Hakutani traces the development of African American modernism which initially gathered momentum with Richard Wright's literary manifesto *Blueprint for Negro Writing* in 1937. Hakutani dissects and discusses the cross-cultural influences on the then burgeoning discipline in three stages: American dialogues, European and African cultural visions, and Asian and African American cross-cultural visions. In writing *Black Boy*, the centerpiece of the Chicago Renaissance, Wright was inspired by Theodore Dreiser. Because the European and African cultural visions that Wright, Ralph Ellison, Alice Walker, and Toni Morrison acquired were buttressed by the universal humanism that is common to all cultures, this ideology is shown to transcend the problems of society. Fascinated by Eastern thought and art, Wright, Walker, Sonia Sanchez, and James Emanuel wrote highly accomplished poetry and prose. Like Ezra Pound, Wright was drawn to classic haiku as reflected in the 4,000 haiku he wrote at the end of his life. As W.B. Yeats's symbolism was influenced by his cross-cultural visions of Noh theatre and Irish folklore, so is James Emanuel's jazz haiku energized by his cross-cultural rhythms of Japanese poetry and African American music. The book demonstrates some of the most visible cultural exchanges in modern and postmodern African American literature. Such a study can be extended to other contemporary African American writers whose works also thrive on their cross-cultural visions, such as Amiri Baraka, Ishmael Reed, Charles Johnson, and haiku poet Lenard Moore.

The African American Roots of Modernism James Edward Smethurst, 2011. The period between 1880 and 1918, at the end of which Jim Crow was firmly established and the Great Migration of African Americans was well under way, was not the nadir for black culture. James Smethurst reveals but instead a time of profound response. *A History of Modernist Poetry* Alex Davis, Lee M. Jenkins, 2015-04-27. *A History of Modernist Poetry* examines innovative anglophone poetries from decadence to the post-war period. The first of its three parts considers formal and contextual issues including myth, politics, gender, and race, while the second and third parts discuss a wide range of individual poets including Ezra Pound, T.S. Eliot, W.B. Yeats, Mina Loy, Gertrude Stein, Wallace Stevens, William Carlos Williams, and Marianne Moore, as well as key movements such as Imagism, Objectivism, and the Harlem Renaissance. This book also addresses the impact of both World Wars on experimental poetries and the crucial role of magazines in disseminating and proselytizing on behalf of poetic modernism. The collection concludes with a wide-ranging discussion of the inheritance of modernism in recent writing on both sides of the Atlantic. **The Cambridge History of African American Literature** Maryemma Graham, Jerry W. Ward, Jr., 2011-02-03. The first major twenty-first century history of four hundred years of black writing, *The Cambridge History of African American Literature* presents a comprehensive overview of the literary traditions, oral and print, of African descended peoples in the United States. Expert contributors drawn from the United States and beyond emphasise the dual nature of each text.

Cambridge Companion to African American Women's Literature Angelyn Mitchell, Danille K. Taylor, 2009-04-30 The Cambridge Companion to African American Women's Literature covers a period dating back to the eighteenth century. These specially commissioned essays highlight the artistry, complexity, and diversity of a literary tradition that ranges from Lucy Terry to Toni Morrison. A wide range of topics are addressed from the Harlem Renaissance to the Black Arts Movement and from the performing arts to popular fiction. Together, the essays provide an invaluable guide to a rich, complex tradition of women writers in conversation with each other as they critique American society and influence American letters. Accessible and vibrant with the needs of undergraduate students in mind, this Companion will be of great interest to anybody who wishes to gain a deeper understanding of this important and vital area of American literature. *American Modernism (Re)Considered* Robert C. Hauhart, Jeff Birkenstein, 2025-08-07 What exactly is modernism and who are modernist writers? What distinguishes American modernism from its European counterpart? *American Modernism Re Considered* questions the principal distinction between modernism and other genres, movements, styles in literature through new critical readings of canonical modernist texts alongside texts which pose a problem for modernism due to their ambiguous, if not marginal, relation to some of its predominant tenets. It asks: Is modernism characterized principally by a transition from older forms like naturalism and realism to a style that is new, innovative, and experimental? Is it found in shared understandings and alignments regarding the nature and purpose of art? Is it identifiable by modernists' treatment of various central themes, including as a reaction to modernity, as a response to the Boer and World Wars, as an interrogation of Britain's empire and its dissolution, and how these events fragmented modern life? Or is it all of the above? Contributors discuss a wide range of texts by authors such as Nella Larsen, Willa Cather, Charlotte Perkins Gilman, Anne Carson, Wallace Stevens, Amrico Paredes, Richard Wright, Ernest Hemingway, and T.S. Eliot to challenge the aesthetic, social, and temporal boundaries of modernism in America. Through original close readings of these texts, *American Modernism Re Considered* subjects modernism to new interrogations and offers new answers to questions that remain contemporary even as they harken back to its height of popularity and interest in the mid 1920s. **Lectures on American literature** Justin Quinn, 2011-10-01 The first edition of this book, published in 2002, aimed to complete the study material for our students of American literature. The third edition strives to emphasize this aspect while expanding and deepening the general overview as well as including other important movements and authors. The exposition of the 20th century underwent major changes; the scholars added new texts while supplementing the older ones to comply with the development of critical and academic approaches. The book is written to the point and in comprehensible language corresponding with the ambition to present and explain the development of one of the most interesting world literatures to university students. **African Diasporas in the New and Old Worlds**, 2021-11-01 In the humanities, the term diaspora recently emerged as a promising and powerful heuristic concept. It challenged traditional ways of thinking and invited reconsiderations of theoretical assumptions about the unfolding of cross-cultural and multi-

ethnic societies about power relations frontiers and boundaries about cultural transmission communication and translation The present collection of essays by renowned writers and scholars addresses these issues and helps to ground the ongoing debate about the African diaspora in a more solid theoretical framework Part I is dedicated to a general discussion of the concept of African diaspora its origins and historical development Part II examines the complex cultural dimensions of African diasporas in relation to significant sites and figures including the modes and modalities of creative expression from the perspective of both artists writers and their audiences finally Part III focusses on the resources collections and archives and iconographies that are available today As most authors argue the African diaspora should not be seen merely as a historical phenomenon but also as an idea or ideology and an object of representation By exploring this new ground the essays assembled here provide important new insights for scholars in American and African American Studies Cultural Studies Ethnic Studies and African Studies The collection is rounded off by an annotated listing of black autobiographies

espoused by Jack Halberstam Jos Esteban Muñoz Elizabeth Grosz Sara Ahmed and Rinaldo Walcott as foundations for his arguments Bancroft demonstrates that queering translation offers more expansive ways of imagining the relationship between translation and the identities cultures and societies that produce them Intervening in new Modernist studies and translation studies Queering Modernist Translation furthers contemporary conversations regarding Modernism and its lasting importance in the twenty first century *The Cambridge Companion to American Modernism* Walter Kalaidjian,2005-04-28 The Cambridge Companion to American Modernism provides a comprehensive and authoritative overview of American literary modernism from 1890 to 1939 These original essays by twelve distinguished scholars of international reputation offer critical overviews of the major genres literary culture and social contexts that define the current state of Modern American literature and cultural studies Among the diverse topics covered are nationalism race gender and the impact of music and visual arts on literary modernism as well as overviews of the achievements of American modernism in fiction poetry and drama The book concludes with a chapter on modern American criticism An essential reference guide to the field the Companion offers readers a chronology of key events and publication dates covering the first half of the twentieth century in the United States and an up to date bibliography of further reading organized by chapter topics **The Cambridge Companion to The Waste Land** Gabrielle McIntire,2015-09-03 This Companion offers fresh critical perspectives on T S Eliot's *The Waste Land* that will be invaluable to scholars students and general readers
