F Narrativas Hispánicas:

Diálogo y oralidad en la narrativa hispánica moderna Rolf Eberenz, 2001-01-01 La representación de la comunicación oral en los textos escritos se encuentra actualmente en la encrucijada de varias disciplinas científicas dedicadas al estudio del lenguaje y de sus productos culturales lingüística antropología sociología historia de la literatura etc En lingüística el redescubrimiento de la oralidad ha empezado a minar la tradicional certidumbre sobre la preeminencia de la lengua escrita y a provocar una revisión de muchos conceptos gramaticales nunca cuestionados Los estudiosos de la literatura conocen a desde hace tiempo fenómenos menos conexos como el género del diálogo literario la inserción de diálogos en el relato o el coloquialismo de estos límites que a veces impregna también el discurso del propio narrador Imágenes de la tecnología y la globalización en las narrativas hispánicas Jesús Montoya Juárez, 2021-10-06 Este volumen se ocupa de las presencias tecnológicas y mediáticas y sus vínculos con los procesos de desterritorialización propios de la globalización en la literatura latinoamericana de los últimos veinte años *Enciclopedia de Lingüística Hispánica Volume I* Javier Gutiérrez-Rexach, 2016-01-29 The Enciclopedia de Lingüística Hispánica provides comprehensive coverage of the major and subsidiary fields of Spanish linguistics Entries are extensively cross referenced and arranged alphabetically within three main sections Part 1 covers linguistic disciplines approaches and methodologies Part 2 brings together the grammar of Spanish including subsections on phonology morphology syntax and semantics Part 3 brings together the historical social and geographical factors in the evolution of Spanish Drawing on the expertise of a wide range of contributors from across the Spanish speaking world the Enciclopedia de Lingüística Hispánica is an indispensable reference for undergraduate and postgraduate students of Spanish and for anyone with an academic or professional interest in the Spanish language Spanish linguistics **Renacimiento**, A Companion to the Twentieth-century Spanish Novel Marta E. Altisent, 2008 The Spanish novel in a turbulent century This collection of studies by eighteen prominent theorists and critics offers a diverse panorama of the modern Spanish novel seen through the prism of Spain's recent political cultural and ideological history It considers the development of the novel as a social mirror and as a changing literary form torn between the tradition of stern realism and the aesthetics of rupture affecting all Western literature from the Avant Garde to the Postmodern age While some essays emphasise the Spanish cultural context and canonical writers others are of a broader nature grouping lesser known writers under certain literary tendencies the metaphysical novel the urban novel recuperative accounts of the Civil War feminine first person narrations and the rise of the popular detective historical and erotic novels Three studies address the resurgence of the Catalan Basque and Galician novel and their departure from a poetics of identity to one of global concerns Interdisciplinary approaches address the reciprocal impacts of literature and cinema and the effects of the marketplace on the consumption of fiction are not forgotten The Companion provides ample bibliographies and a valuable chronology while all titles and quotations are translated into English Contributors Marta E Altisent Katarzyna Olga Beilin Ramón Buckley Jos F Colmeiro Stacey Dolgin
