*Women's Fiction 1945-2005* Deborah Philips, 2007-11-01 Organised around each decade of the post-war period, this book analyses novels written by and for women from 1945 to the present. Each chapter identifies a specific genre in popular fiction for women which marked that period and provides case studies focusing on writers and texts which enjoyed a wide readership. Despite their popularity, these novels remain largely outside the canon of women's writing and are often unacknowledged by feminist literary criticism. However, these texts clearly touched a nerve with a largely female readership and so offer a means of charting the changes in ideals of femininity and in the tensions and contradictions in gender identities in the post-war period. Their analysis offers new insights into the shifting demands, aspirations, and expectations of what a woman could and should be over the last half century. Through her analysis of women's writing and reading, Philips sets out to challenge the distinction between popular and literary fiction, arguing that neat categories such as popular, middle-brow, and serious fiction need more careful definition.

*Women's Fiction* Deborah Philips, 2014-06-19 Now in its second edition and with new chapters covering such texts as Elizabeth Gilbert's *Eat, Pray, Love* and yummy mummy novels such as Allison Pearson's *I Don't Know How She Does It*, this is a wide-ranging survey of popular women's fiction from 1945 to the present. Examining key trends in popular writing for women in each decade, *Women's Fiction* offers case study readings of major British and American writers. Through these readings, the book explores how popular texts, often neglected by feminist literary criticism, have charted the shifting demands, aspirations, and expectations of women in the 20th and 21st centuries.

The Purchase of Intimacy Viviana A. Zelizer, 2009-02-09 In their personal lives people consider it essential to separate economics and intimacy We have for example a long standing taboo against workplace romance while we see marital love as different from prostitution because it is not a fundamentally financial exchange In The Purchase of Intimacy Viviana Zelizer mounts a provocative challenge to this view Getting to the heart of one of life's greatest taboos she shows how we all use economic activity to create maintain and renegotiate important ties especially intimate ties to other people In everyday life we invest intense effort and worry to strike the right balance For example when a wife's income equals or surpasses her husband's how much more time should the man devote to household chores or child care Sometimes legal disputes arise Should the surviving partner in a same sex relationship have received compensation for a partner's death as a result of 9/11 Through a host of compelling examples Zelizer shows us why price is central to three key areas of intimacy sexually tinged relations health care by family members friends and professionals and household economics She draws both on research and materials ranging from reports on compensation to survivors of 9/11 victims to financial management Web sites and advice books for same sex couples From the bedroom to the courtroom The Purchase of Intimacy opens a fascinating new window on the inner workings of the economic processes that pervade our private lives
