R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **A History of Twentieth-Century British Women's Poetry** Jane Dowson, Alice Entwistle, 2005-05-19 Publisher Description *Artistic Outlaws* Sonja Samberger, 2005 The creator of the new composition in the arts is an outlaw until he is a classic Gertrude Stein wrote in 1926 Unlike male modernists such as T S Eliot or Ezra Pound the modernist women poets Edith Sitwell Amy Lowell Stein and H D never became high modernist models but remained artistic outlaws The present study shows how these women were present on the modernist scene but followed their own concepts and struggled to establish their position as modernist women poets Defying definition the four poets not only richly contributed to modernism but were indeed its developers The Concise Cambridge Bibliography of English Literature George Watson, *Lives of the Poets* Michael Schmidt, 2010-04-14 National Book Critics Circle Award Finalist In this stunning volume of epic breadth Michael Schmidt connects the lives and works of more than 300 poets over the last 700 years spanning distant shores from Scotland to Australia to the Caribbean all sharing the English language Schmidt reveals how each poet has transformed a common language of poetry into the rustic rhythms and elegiac ballads love sonnets and experimental postmodern verse that make up our lyrical canon A comprehensive guided tour that is lively and always accessible *Lives of the Poets* illuminates our most transcendent literary tradition **William Walton edition: Façade entertainments** William Walton, 1998 **William Walton** Stephen Lloyd, 2001 Using first hand accounts including contemporary correspondence articles and interviews this account of Walton's life also draws on material newly available relating to his friends and associates The reception of Façade and Walton's work in both films and radio are fully explored **BOOK JACKET** *Facades* John Pearson, 2011-12-01 First published in 1978 Façades details the lives of three of the twentieth century's most intriguing literary figures Edith Osbert and Sacheverell Sitwell Aristocrats emanating from a

privileged but loveless youth they moulded the scene of the English avant garde throughout the 1920s and in Cyril Connolly's words had they not been there a whole area of life would have been missing Picking up prot g s and starting feuds with equal alacrity they were never far from controversy and were often slighted for being better known for the fa ades which they put up around their work rather than their artistic out put in itself Whether these fa ades were set up to hide their art or their deeply conflicted personal lives is one of the most compelling problems brought up by Pearson With as much attention paid to both the private and public aspects of their lives this biography captures the manifest intrigue of one of England's strangest and most flamboyant families and the whole host of fascinating characters from T S Eliot to Gertrude Stein with whom their paths intersect

The Road from Paris Cyrena N. Pondrom, 1974-03-29 For the best part of a thousand years English poets have gone to school to the French declared Ezra Pound in 1913 Whatever the truth of this assertion for all of English literature its accuracy for Pound's own period is well established Both he and T S Eliot wrote frankly of the debt which they owed to their French predecessors and this fact has long been recognised by students of English literature With the recognition of this influence went the assumption that Eliot and Pound were themselves responsible for its transmission from France to England That this was not so is demonstrated by the documents reprinted in this volume Dr Pondrom presents a selection of extracts and complete essays and letters by the critics and poets who together were principally responsible for channelling into English writing the ideas and theories of the French poetic avant garde
