Current Economic Issues James M. Cypher, Rob Larson (Lecturer in economics), Alejandro Reuss, Chris Sturr, Dollars & Sense (Organization), 2015

Economics of the Environment Horst Siebert, 2008-01-03 The book interprets nature and the environment as a scarce resource. It offers a theoretical study of the allocation problem and describes different policy approaches to the environmental problem. The entire spectrum of the allocation issue is studied. The author incorporates several economic approaches including neoclassical analysis, the public goods approach, and optimization theory. The different aspects of environmental allocation are studied in the context of a single model that is used throughout the book. The sixth edition includes new sections on ethical aspects of environmental evaluation and international emission trading and biodiversity.

The Economics of Adapting Fisheries to Climate Change OECD, 2011-01-28 This book highlights the economic and policy aspects of adapting fisheries to climate change, including strengthening global governance, a broader use of rights-based management, ecosystem protection, the ending of environmental harmful subsidies, and use of aquaculture.

Handbook of Teaching Philosophy to Economists Giancarlo Ianulardo, John B. Davis, Ricardo F. Crespo, 2025-09-10 In recent years there have been increasing calls for a revision of the economics curriculum to address the most pressing and challenging issues facing society. This erudite Handbook bridges the gap between a flourishing body of scholarship in the philosophy of economics literature and an economics education in need of a deeper rethinking as felt by both students and educators. It provides practical pedagogical insights on how to structure

courses in the philosophy of economics and how to link them to students economics backgrounds *NASA SP-7500* United States. National Aeronautics and Space Administration,1978 **Growth, Employment and Inflation** Mark Setterfield,2016-07-27 This volume collects original contributions and recent research in economic theory and the political economy of unemployment and inflation from a team of internationally renowned scholars These essays collected in honour of John Cornwall demonstrate the importance of economic institutions for economic outcomes and share his focus on the need for high level economic theory to be socially relevant The book includes an intellectual biography of the honouree by Geoff Harcourt and Mehdi Monadjemi and a full bibliography of his work
