## **Economists And The Irish Economy From The 18th Century To The Present:**

**Economists and the Irish Economy from the Eighteenth Century to the Present Day** Antoin E. Murphy, 1984

**Economists and the Irish Economy** Antoin E. Murphy, 1983      *A History of Irish Economic Thought* Thomas

Boylan, Renee Prendergast, John Turner, 2013-03 For a country that can boast a distinguished tradition of political economy from Sir William Petty through Swift Berkeley Hutcheson Burke and Cantillon through to that of Longfield Cairnes Bastable Edgeworth Geary and Gorman it is surprising that no systematic study of Irish political economy has been undertaken In this book the contributors redress this glaring omission in the history of political economy for the first time providing an overview of developments in Irish political economy from the seventeenth to the twentieth century Logistically this is achieved through the provision of individual contributions from a group of recognized experts both Irish and international who address the contribution of major historical figures in Irish political economy along the analysis of major thematic issues schools of thought and major policy debates within the Irish context over this extended period      **The Oxford Handbook of Modern**

**Irish History** Alvin Jackson, 2014-03-27 The study of Irish history once riven and constricted has recently enjoyed a resurgence with new practitioners new approaches and new methods of investigation The Oxford Handbook of Modern Irish History represents the diversity of this emerging talent and achievement by bringing together 36 leading scholars of modern Ireland and embracing 400 years of Irish history uniting early and late modernists as well as contemporary historians The Handbook offers a set of scholarly perspectives drawn from numerous disciplines including history political science literature geography and the Irish language It looks at the Irish at home as well as in their migrant and diasporic communities The Handbook combines sets of wide thematic and interpretative essays with more detailed investigations of particular periods Each of the contributors offers a summation of the state of scholarship within their subject area linking their own research insights with assessments of future directions within the discipline In its breadth and depth and diversity The Oxford Handbook of Modern Irish History offers an authoritative and vibrant portrayal of the history of modern Ireland      *Irish*

*Culture and Colonial Modernity 1800-2000* David Lloyd, 2011-09-22 From the Famine to political hunger strikes from telling tales in the pub to Beckett's tortured utterances the performance of Irish identity has always been deeply connected to the oral Exploring how colonial modernity transformed the spaces that sustained Ireland's oral culture this book explains why Irish culture has been both so creative and so resistant to modernization David Lloyd brings together manifestations of oral culture in the nineteenth and twentieth centuries showing how the survival of orality was central both to resistance against colonial rule and to Ireland's modern definition as a postcolonial culture Specific to Ireland as these histories are they resonate with postcolonial cultures globally This study is an important and provocative new interpretation of Irish national culture and how it came into being      English, Irish and Subversives Among the Dismal Scientists Noel W. Thompson, Nigel

F. B. Allington, 2010-12-13 Features a collection of essays on the Irish and English economists of the 18th and 19th centuries

**Irish Political Economy** Thomas A. Boylan,Tadhg Foley,2003 This set collects together the most significant economic writings produced in nineteenth century Ireland It includes material by leading writers such as Cairnes Whately and Torrens and also by more obscure figures who nonetheless made original contributions of great interest Whilst much of this material lies within the mainstream of British political economy other material represents a critique of this orthodoxy The volumes are organized thematically and feature material from virtually all major fields of economics including monetary economics labour economics and international trade Drawing on a wide range of sources this set will be the standard reference on this subject

**The Economic History of Ireland in the Eighteenth Century** George O'Brien,1918 *Irish Political Economy Vol 4* Tom Boylan,Tadhg Foley,2021-12-16 First published in 2004 This is a collection of carefully selected works and material attempts to extend the current state of scholarship in the area of Irish Political Economy The range and variety of material presented should be of interest not only to students of economic thought but also to those working in such fields as Irish Studies history politics sociology and intellectual history Volume 4 includes the area of policy and special topics The Political Economy of British Historical Experience, 1688-1914 Donald Winch,Patrick O'Brien,British Academy,2002 How did Britain emerge as a world power and later as the world's first industrial society What policies cultural practices and institutions were responsible for this outcome How were the inevitable disruptions to social and political life coped with This innovative volume illustrates the contribution of economic thinking scientific official and popular to the public understanding of British economic experience over the period 1688-1914 Political economy has frequently served as the favourite mode of public discourse when analysing or justifying British economic policies performance and institutions These sixteen essays centering on the peculiarities of the British experience are grouped under five main themes foreign assessments of that experience land tenure empire and free trade fiscal and monetary regimes and the poor law and welfare This is a collaborative endeavour by historians with established reputations in their field which will appeal to all those interested in the current development of these branches of historical scholarship **Industry, Trade and People in Ireland, 1650-1950** W. H. Crawford,2005 Bill Crawford had played a key role in the development of Irish economic social and regional history for over forty years The essays in this book are testimony to his many spheres of influence as teacher archivist curator researcher and writer and focus on the themes in which Bill himself has been most interested the relations between town and countryside the linen industry and trade land and population His innovative use of historical sources extensive scholarship many publications and the enthusiasm for research which he imparts to so many people are acknowledged in this wide ranging volume Fifty Major Economists Steven Pressman,2013-08-22 An introduction to the life work and ideas of the people who have shaped the economic landscape from the sixteenth century to the present day Now in a third edition it considers how major economists might have viewed challenges such as the continuing economic slump high unemployment and the sovereign debt problems which face the world today it includes entries on Paul Krugman

Hyman Minsky John Maynard Keynes Adam Smith Irving Fisher James Buchanan Fifty Major Economists contains brief biographical information on each featured economist and an explanation of their major contributions to economics along with simple illustrations of their ideas With reference to the recent work of living economists guides to the best of recent scholarship and a glossary of terms Fifty Major Economists is an ideal resource for students of economics Steven Pressman is Professor of Economics and Finance at Monmouth University He has published around 120 articles in refereed journals and as book chapters and has authored or edited 13 books including Women in the Age of Economic Transformation Economics and Its Discontents Alternative Theories of the State and Leading Contemporary Economists **Investing in People** Tony White,2001 **Global Trade, Smuggling, and the Making of Economic Liberalism** Felicia Gottmann,2016-05-19 Imported from India China the Levant and Persia and appreciated for their diversity designs fast bright colours and fine weave Asian textiles became so popular in France that in 1686 the state banned their import consumption and imitation A fateful decision This book tells the story of smuggling on a vast scale savvy retailers and rebellious consumers It also reveals how reformers in the French administration itself sponsored a global effort to acquire the technological know how necessary to produce such textiles and how the vitriolic debates surrounding the eventual abolition of the ban were one of the decisive moments in the development of Enlightenment economic liberalism **Contributions to the History of Economic Thought** Renee; Murphy Prendergast,2000 Featuring original contributions from some of the leading contemporary figures in the history of economic thought this book offers new perspectives on key topics from Smith s Wealth of Nations to the Jevonian Revolution Drawing inspiration from the life and work of R D C Black formerly Professor of Economics at Queen s University Belfast this book will be of essential interest to any serious scholar of economic thought **Policy Analysis in Ireland** John Hogan,Mary P. Murphy,2021-03-05 Leading Irish academics and policy practitioners present a current and comprehensive study of policy analysis in Ireland Contributors examine policy analysis at different levels of government and governance including international national and local and in the civil service as well as non government actors such as NGOs interest groups and think tanks They investigate the influential roles of the European Union the public science quantitative evidence the media and gender expertise in policy analysis Surveying the history and evolution of public policy analysis in Ireland this authoritative text addresses the current state of the discipline identifies post crisis developments and considers future challenges for policy analysis **Anglo-Irish Identities, 1571-1845** David A. Valone,Jill Marie Bradbury,2008 This book presents a series of essays that examine the ideological personal and political difficulties faced by the group variously termed the Anglo Irish the Protestant Ascendancy or the English in Ireland a group that existed in a world of contested ideological political and cultural identities At the root of this conflicted sense of self was an acute awareness among the Anglo Irish of their liminal position as colonial dominators in Ireland who were viewed as other both by the Catholic natives of Ireland and by their English kinsmen The work in this volume is highly interdisciplinary bringing to bear examination of

issues that are historical literary economic and sociological Contributors investigate how individuals experienced the ambiguities and conflicts of identity formation in a colonial society how writers fought the economic and ideological superiority of the English how the cooption of Gaelic history and culture was a political strategy for the Anglo Irish and how literary texts contributed to the emergence of national consciousness In seeking to understand and trace the complex process of identity formation in early modern Ireland the essays in this volume attest to its tenuous dynamic and necessarily incomplete nature David A Valone is an Assistant Professor of History at Quinnipiac University Jill Marie Bradbury is an Assistant Professor of English at Gallaudet University

**Refiguring Ireland** David Dickson, Cormac Ó Gráda, 2003 This collection of essays has been specially commissioned in order to mark the quite exceptional contribution that Louis Cullen has made to historical studies in Ireland and abroad over the last forty five years spanning economic social cultural and political history Introduction and Bibliography of L M Cullen David Dickson TCD

Economics, Entrepreneurship and Utopia Estrella Trincado, Manuel Santos-Redondo, 2017-07-20 In the early 1800s Robert Owen was a mill owner political figure and an advocate for social reform and his publications attained considerable circulation He believed that people need good working conditions in order to be encouraged to work and motivated to learn Despite the higher costs associated with this kind of operation compared to the traditional ones Owen's management resulted in increased productivity and profit His results caught the attention of men of wealth who were interested in social reform In particular at a similar time Jeremy Bentham was developing his own theories Owen and Bentham seemed to be based on some similar ideas that the greatest happiness creates the greatest results Their ideas developed against the backdrop of the Industrial Revolution and growing social and economic problems in England Owen and Bentham were forerunners of highly relevant current theories of economics marginalism entrepreneurship personnel management and constructivism They were acquainted with such important authors as James Mill Malthus Ricardo and John Stuart Mill However their economic theories were ruled out by classical economists who actively tried to silence perspectives different from the orthodoxy This book presents an innovative study of these two social thinkers and reformers who have rarely if ever been studied together This comparative study provides new context both on the social debate taking place during the Industrial Revolution and on the development of modern social thought in particular the relationship between socialism and utilitarianism Economics Entrepreneurship and Utopia will be of great relevance to scholars with an interest in the history of economic ideas the history of entrepreneurship and social reform in both historical and contemporary contexts

**Ireland, 1912-1985** Joseph Lee, 1989 About the history of Ireland from 1912 to 1985 focusing on political social and revolutionary events
