## **External Relations Of The European Communities A Manual Of Law And Practice:**

**External Relations of the European Communities** Iain MacLeod, 1995 *The External Relations of the European Communities* I. MacLeod, I. D. Hendry, Stephen Hyett, 1996 This book describes the rules and practices which govern the conduct of external relations of the European Communities and summarizes the current state of the Communities activities in the external field It should be of interest to anyone whose work or study takes them into contact with Community Law and International relations

**Constitutional Principles of EU External Relations** Geert De Baere, G. de Baere, 2008 This book explores how foreign policy fits within the complex constitutional structure of the EU providing both an analysis of the constitutional reality of EU foreign policy and a theoretical analysis suggesting possibilities for reform

**EU External Relations Law** Graham Butler, Ramses A Wessel, 2022-06-02 Marking the 50th anniversary of the influential ERTA doctrine this book analyses and contextualises the entire breadth of the jurisprudence of EU external relations law through a systematic case by case account of the field The entire framework of EU external relations law has been built from the ground up by the jurisprudence of the Court of Justice of the European Union At the beginning of the field s emergence the legal questions to be answered concerned the division of powers and competence between firstly the Member States and that of the Union and secondly the division of powers and competence between the different institutions of the Union Questions on such matters continue to be asked but more contemporarily new legal questions have arisen that have been in need of adjudication including questions concerning the autonomy of Union law the relationship between the Union and other international organisations the relationship between Union law and international law the scope and breadth of international agreements amongst others The book features established academic scholars judges agents of institutions and Member States and legal practitioners in the field of EU external relations law analysing over 90 cases in which the Court has legally shaped the theory and practice of the external dimension of legal Europe Cited in Opinion of Advocate General Nicholas Emiliou in Case C 516 22 European Commission v United Kingdom of Great Britain and Northern Ireland ECLI EU C 2023 857 Judgment of the UK Supreme Court Court of Justice of the European Union 9 November 2023

**EU External Relations Law and Policy in the Post-Lisbon Era** Paul James Cardwell, 2011-11-17 This is a collection of works which considers the many different facets of the EU s increasingly important engagement with the world beyond its borders The Treaty of Lisbon marked a change in the powers and competences endowed on the EU the contributions to this collection consider both the direct and indirect impact of the Treaty on the contemporary state of EU external relations The authors are drawn from legal political science and international relations disciplines and consider innovations or changes brought about by the Treaty itself the European External Action Service the roles of the High Representative and President the collapse of the pillar structure and new competences such as those for foreign investment Other chapters cover developments which reflect the latest incremental changes upon which the post Lisbon Treaty arrangements have some bearing including the

COREU network the transatlantic and neighbourhood relations and the external dimension of internal security Useful for academics working in the field of EU external relations law and foreign policy as well as the EU law politics European studies market more generally **Federalism in the European Union** Elke Cloots, Geert De Baere, Stefan Sottiaux, 2012-09-03

This edited volume aims to reveal the Janus faced character of federalism in the European Union Federalism appears in two main forms in the EU On the one hand numerous formerly unitary Member States have embarked on a path towards a quasi federal governance structure On the other hand the EU itself is sometimes qualified as a federal system Significantly the concept of federalism has a very different even opposite connotation in both contexts When associated with Member State reform federalism is regarded as a technique for accommodating autonomy claims of sub state nations By contrast when federalism is used as a label for the EU itself it is conceived as a far reaching way of integrating the nations of Europe This dual appearance of federalism in the EU context is central to the structure of the book The first collection of essays addresses the question whether the EU may be described as a federal system and whether it can learn from existing federations In the second set of contributions the attention shifts to domestic federalisation processes more particularly to the impact of these processes on EU law and vice versa The Challenges of European Governance in the Age of Economic Stagnation, Immigration, and Refugees Henry F. Carey, 2016-12-20

This book examines the political and legal challenges of regional governance of the 28 countries of the European Union and the 48 in the Council of Europe The contributions dilemmas and moral hazards from this record of nearly seven decades of regional inter governmental institutions has kept the peace but produced episodes of crisis from overstretching jurisdictions thematically and geographically Polarization between nationalist and integrative forces has displaced the idealistic aspirations of prior decades to build the rule of law and deter violence Academics and policy makers will learn from the various legal and political efforts to integrate supranational and inter governmental agencies with national political systems **The European Union and International Development** Maurizio Carbone, 2007-12-12

Using development policy this book provides a systematic analysis of the interaction between the European Commission and Member States by exploring the conditions in which the European Commission influences outcomes in EU decision making The Making of EU Foreign Policy K. Smith, 2004-01-13 The Making of EU Foreign Policy argues that there has been a common European Union EU foreign policy towards six countries of Eastern Europe Bulgaria Czech Republic Hungary Poland Romania Slovakia and analyzes why the EU has agreed to the policy The objective of the EU s policy is to support the transformation of Eastern Europe and thus ensure security and stability The most important instrument that the EU has used to reach this objective has been the prospect of enlargement

**The European Union's Roles in International Politics** Ole Elgström, Michael Smith, 2006-08-21 This new volume develops a conceptual framework for considering and evaluating the roles played by the EU in international politics drawing upon the literatures of role analysis international relations and European integration It pays particular attention to five

aspects of role analysis role conceptions origins of roles role institutionalization role performance and role impact These form themes running through the volume and are dealt with in individual contributions as appropriate It also presents fresh applications and empirical case studies that support the conceptual framework and demonstrate the uses of role analysis in relation to the EU and its international activities and its capacity to inform investigation from different perspectives and standpoints By taking this approach and by providing both conceptual and empirical argument this book delivers an innovative perspective on the analysis of the European Union as an international actor and on the ways in which EU actions are formed and have impact It also establishes a research agenda based on rigorous development of the framework for role analysis and demonstrates the ways in which this agenda might be furthered *Diplomatic Law in a New Millennium* Paul Behrens, 2017-08-04 The granting of diplomatic asylum to Julian Assange the dangers faced by diplomats in trouble spots around the world WikiLeaks and the publication of thousands of embassy cable situations like these place diplomatic agents and diplomatic law at the very centre of contemporary debate on current affairs *Diplomatic Law in a New Millennium* brings together 20 experts to provide insight into some of the most controversial and important matters which characterise modern diplomatic law They include diplomatic asylum the treatment and rights of domestic staff of diplomatic agents the inviolability of correspondence of the diplomatic bag and of the diplomatic mission the immunity to be given to members of the diplomatic family diplomatic duties including the duty of non interference but also the rise of diplomatic actors which are not sent by States including members of the EU diplomatic service This book explores these matters in a critical yet accessible manner and is therefore an invaluable resource for practitioners scholars and students with an interest in diplomatic relations The authors of the book include some of the leading authorities on diplomatic law including a delegate to the 1961 conference which codified modern diplomatic law as well as serving and former members of the diplomatic corps

The European Union and the Use of Force Julia Schmidt, 2020-09-07 In *The European Union and the Use of Force* Julia Schmidt examines the development and activities of the EU as an emerging international military actor The author offers a comprehensive analysis of the conditions under which the EU can engage in military crisis management operations from the perspective of EU law as well as from the perspective of public international law with a particular emphasis on the EU's relationship with the United Nations and the EU's relationship with its Member States in the context of the use of force Throughout the monograph questions of European integration in the sphere of the common security and defence policy as well as the EU's place and role within the international community are put into focus **Paradoxes of European Foreign Policy** Jan Zielonka, 2023-09-29 The European Union's foreign policy is full of paradoxes The Union aspires to be a powerful international actor without becoming a super state It hopes to prevent and manage conflicts but refrains from acquiring the military means to do so It embarks on the project of widening its borders but continues its deepening project which makes the entrance hurdles for applicant countries ever higher It wishes to maintain strong transatlantic links but continues to

build institutions that make the EU more independent from if not competitive with the United States In this stimulating book distinguished European and American intellectuals offer solutions to imperative but unanswered questions How can the Union's enormous normative power of attraction combined with its operational weakness be explained Can the Union remain a civilian power when coping with an uncivilized world Can a European foreign policy get off the ground without prior emergence of a European demos Are national policies within the Union increasingly convergent or divergent And how can the Union's international performance be assessed The European Union and Humanitarian Crises Francesca

Pusterla, 2016-03-09 Over the last few decades international organisations national governments and governmental and private actors have all multiplied their efforts to limit the extent to which natural catastrophes man made atrocities and political and economic breakdowns affect civil populations The European Union and Humanitarian Crises Patterns of Intervention addresses the allocation of foreign aid within the framework of the European Union's Humanitarian Aid policy and analyses different Member States intervention strategies designed to cope with these emergencies Joining the debate about bilateral and multilateral allocation of foreign aid in crisis situations and exploring the cooperative actions undertaken by the European Union and its Member States to cope with them the book questions how the context of the crises themselves impacts on strategies of intervention and investigates how strategies change depending on the characteristics of the crisis

Explaining Decisions in the European Union Arne Niemann, 2006-12-07 This book seeks to explain decisions in the European Union using a revised neofunctionalist framework **EU Foreign and Interior Policies** Stephen Stetter, 2007-01-24 This book offers an innovative theoretical and empirical analysis of integration in EU foreign and interior policies across the three pillars from the Maastricht Treaty to the Treaty of Nice The establishment of the three pillar structure with the Maastricht Treaty has been one of the key transformations of European governance This divided EU policies into three main areas European Community Common Foreign and Security Policy CFSP and Justice and Home Affairs JHA and for the first time the two sovereignty related areas of foreign and interior policies became part of the formal governance structure of the EU This is the first volume to present a comparative perspective on how integration in both areas across the three pillars has contributed to the construction of a distinct sovereignty dimension of the EU Drawing from sociological institutionalism and on the basis of the two case studies of EU Middle East and migration policies it offers a comprehensive empirical analysis of cross pillar policy making dynamics in foreign and interior policies in the EU EU Foreign and Interior Policies will appeal to scholars and researchers interested in international relations European Union politics and Middle East studies *Bridges and Barriers* Filippos Pierros, Jacob Meunier, Stan Abrams, 2019-06-03 Originally published in 1999 Bridges and Barriers is a detailed study of the European Union's Mediterranean Policy from the initial agreements in the 1960s to the recent Euro Mediterranean Partnership The scope of this analysis includes the Maghreb and Mashreq countries in addition to Turkey Malta Israel the Occupied Territories and Cyprus The authors argue that the limited success

of trade and development policy in this region resulted from endogenous and exogenous factors examples of the former include the lack of the political will necessary to implement trade aid and reform policies while the latter include the energy crisis of the 1970s the Arab Israeli conflict and the Cold War      *The European Union and the Middle East* Soren von Dosenrode, Anders Stubkjaer, 2002-08-06 The European Union and the Middle East presents a concise but thorough historical analysis of the relationship between the European Union and its predecessors and the Middle East from the early 1950s to the present day The authors provide a survey of the evolution of the foreign policy mechanisms of the EU and an outline of the relevant aspects of modern Middle East history They examine the relationship between the two regions from 1950 to the end of the Cold War with special emphasis on the period following the 1973 4 oil crisis They go on to look at the post Cold War era discussing the conflict with Iraq and examining the EU s continuing involvement in the Middle East peace process

*International Organizations and International Dispute Settlement: Trends and Prospects* Laurence Boisson de Chazournes, Cesare Romano, Ruth Mackenzie, 2021-10-01 This book contains the thoughts of officials of international organizations and NGOs member of judicial bodies and academics on the role of international organizations and the settlement of contentious cases before international judicial bodies The timely work will undoubtedly be of interest to practitioners and scholars who are involved in issues related to cases before international judicial bodies Published under the Transnational Publishers imprint      *The EU as International Environmental Negotiator* Tom Delreux, 2016-02-17 Delreux examines how the EU functions when it participates in international environmental negotiations In particular this book looks at the internal EU decision making process with regard to international negotiations that lead to multilateral environmental agreements By studying eight such decision making processes the book analyses how much negotiation autonomy or discretion the EU negotiator the European Commission or the Council Presidency enjoys vis vis the member states it represents and how this particular degree of discretion can be explained The book s empirical evidence is based on extensive literature review primary and semi confidential document research as well as interviews with EU decision makers It is aimed at a readership interested in EU politics and decision making global multilateral governance environmental policy science and methodological development of Qualitative Comparative Analysis
