## THE FABRIC OF TERROR

THREE DAYS IN ANGOLA

by Bernardo Teixeira

Introduction by Robert Ruark

Afterword by James Burnham

Illustrations by John Gil

Terror knows no boundaries. It is timeless and it belongs to every man. It may be a private terror or it may strike a family, a town, a nation. But whatever its form the fabric does not change.

That is why this book speaks for all men who will one day look into the face of terror, as the author tells of what happened in a small corner of Angola, in West Africa.

It all began on the rainy morning of March 15, 1961. The place was Quilosa, a handsome Angolan village. As the church bells tolled eight o'clock, the massacre began. Bands of terrorists disguised as early shoppers had the little town at their mercy. According to the village butcher, who with his wife and daughter were the sole survivors, "all of a sudden it is like a hurricane in hell . . . the screams became lower and lower because the dead do not complain anymore."

The butcher and his daughter were experienced hunters. Their accurate aim, their supply of guns and ammunition and their enduring courage were the reasons they survived to give to Teixeira, a visiting reporter, the account of what happened on that March morning.

In vignettes of a Goya-like starkness and simplicity, the author follows the terror as it struck in a carefully synchronized series of assaults. There were two apparently "free lance" terrorist operations and there are perhaps the most unforgettable of the events: "The Execution" and "The Avenger."

*The Fabric of Terror* contains a shocking message of what can happen—indeed, what is happening right now—when ruthless forces incite primitive and superstitious African tribes to hatred and violence. It is a message urging the free world to take care.

Much more than that, *The Fabric of Terror* is a work of art written by a craftsman who is a master of the understatement.
