Mystical Medicine Warren Peters, 2012-07-30 Today many people are becoming aware of the relationship that exists between the mind body and spirit for achieving total health As a Christian physician with many years of traditional humanistic medical and surgical training I began to awaken to the concept of the whole man I started to study books authored by Hans Selye M D Nathan Pritikin O Carl Simonton M D Rene Dubos Norman Cousins and James Lynch I even dabbled for the first time into Christian books like Ministry of Healing and Medical Ministry I perceived a common thread of world brotherhood and min expansion which could solve the tension I felt in my materialistic and technocratic surgical world Perhaps the practice of surgery did hold more challenge than just another bypass operation which I knew from experience merely postponed death but did little to change the cause of the underlying disease condition *Host*
