**Authorship in Film Adaptation** Jack Boozer, 2009-06-03 Authoring a film adaptation of a literary source not only requires a media conversion but also a transformation as a result of the differing dramatic demands of cinema The most critical central step in this transformation of a literary source to the screen is the writing of the screenplay The screenplay usually serves to recruit producers director and actors to attract capital investment and to give focus to the conception and production of the film project Often undergoing multiple revisions prior to production the screenplay represents the crucial decisions of writer and director that will determine how and to what end the film will imitate or depart from its original source Authorship in Film Adaptation is an accessible provocative text that opens up new areas of discussion on the central process of adaptation surrounding the screenplay and screenwriter-director collaboration In contrast to narrow binary comparisons of literary source text and film the twelve essays in this collection also give attention to the underappreciated role of the screenplay and film pre production that can signal the primary intention for a film Divided into four parts this collection looks first at the role of Hollywood's activist producers and major auteurs such as Hitchcock and Kubrick as they

### **Stanley Kubrick**

Nathan Abrams,2018-04-19 Stanley Kubrick is generally acknowledged as one of the world s great directors Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu the New York Jewish intelligentsia Stanley Kubrick reexamines the director s work in context of his ethnic and cultural origins Focusing on several of Kubrick s key themes including masculinity ethical responsibility and the nature of evil it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns At the same time it explores Kubrick s fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director manifest in his removal of Jewish references and characters from stories he adapted As he digs deep into rare Kubrick archives to reveal insights about the director s life and times film scholar Nathan Abrams also provides a nuanced account of Kubrick s cinematic artistry Each chapter offers a detailed analysis of one of Kubrick s major films including *Lolita* *Dr Strangelove* 2001 *A Clockwork Orange* *Barry Lyndon* *The Shining* *Full Metal Jacket* and *Eyes Wide Shut* Stanley Kubrick thus presents an illuminating look at one of the twentieth century s most renowned and yet misunderstood directors

The Philosophy of Stanley Kubrick Jerold Abrams,2007-05-04 In the course of fifty years director Stanley Kubrick produced some of the most haunting and indelible images on film His films touch on a wide range of topics rife with questions about human life behavior and emotions love and sex war crime madness social conditioning and technology Within this great variety of subject matter Kubrick examines different sides of reality and unifies them into a rich philosophical vision that is similar to existentialism Perhaps more than any other philosophical concept existentialism the belief that philosophical truth has meaning only if it is chosen by the individual has come down from the ivory tower to influence popular culture at large In virtually all of Kubrick s films the protagonist finds himself or herself in opposition to a hard and uncaring world whether the conflict arises in the natural world or in human institutions Kubrick s war films *Fear and Desire* *Paths of Glory* *Dr*

Strangelove and Full Metal Jacket examine how humans deal with their worst fears especially the fear of death when facing the absurdity of war Full Metal Jacket portrays a world of physical and moral change with an environment in continual flux in which attempting to impose order can be dangerous The film explores the tragic consequences of an unbending moral code in a constantly changing universe Essays in the volume examine Kubrick s interest in morality and fate revealing a Stoic philosophy at the center of many of his films Several of the contributors find his oeuvre to be characterized by skepticism irony and unfettered hedonism In such films as A Clockwork Orange and 2001 A Space Odyssey Kubrick confronts the notion that we will struggle against our own scientific and technological innovations Kubrick s films about the future posit that an active form of nihilism will allow humans to accept the emptiness of the world and push beyond it to form a free and creative view of humanity Taken together the essays in The Philosophy of Stanley Kubrick are an engaging look at the director s stark vision of a constantly changing moral and physical universe They promise to add depth and complexity to the interpretation of Kubrick s signature films

*Kubrick, New and Expanded Edition* Thomas Allen Nelson, 2000 Stanley Kubrick ranks among the most important American film makers of his generation but his work is often misunderstood because it is widely diverse in subject matter and seems to lack thematic and tonal consistency Thomas Nelson s perceptive and comprehensive study of Kubrick rescues him from the hostility of auteurist critics and discovers the roots of a Kubrickian aesthetic which Nelson defines as the aesthetics of contingency After analyzing how this aesthetic develops and manifests itself in the early works Nelson devotes individual chapters to Lolita Dr Strangelove 2001 A Space Odyssey A Clockwork Orange Barry Lyndon and The Shining For this expanded edition Nelson has added chapters on Full Metal Jacket and Eyes Wide Shut and in the wake of the director s death reconsidered his body of work as a whole By placing Kubrick in a historical and theoretical context this study is a reliable guide into and out of Stanley Kubrick s cinematic maze
