*Reformed Systematic Theology, Volume 1* Joel Beeke,Paul M. Smalley,2019-03-14 The church needs good theology that engages the head heart and hands This four volume work combines rigorous historical and theological scholarship with application and practicality characterized by an accessible Reformed and experiential approach In this volume Joel R Beeke and Paul M Smalley explore the first two of eight central themes of theology revelation and God **A Phenomenology of Christian Life** Felix Ó Murchadha,2021-12-22 A study of how the world is experienced through Christian philosophy and phenomenology How does Christian philosophy address phenomena in the world Felix Murchadha believes that seeing hearing or otherwise sensing the world through faith requires transcendence or thinking through glory and night being and

meaning By challenging much of Western metaphysics Murchadha shows how phenomenology opens new ideas about being and how philosophers of the theological turn have addressed questions of creation incarnation resurrection time love and faith He explores the possibility of a phenomenology of Christian life and argues against any simple separation of philosophy and theology or reason and faith Murchadha makes abundant and timely references to the philosophical tradition from Plato through Heidegger but also perhaps more so to the post Heideggerian developments sometimes considered together and at once as the theological turn in phenomenology He is equally at home in the Christian theological traditions from Paul to Barth and von Balthasar Jeffrey Bloechl Boston College The book is engaging well written and from this reviewer s point of view generally convincing It constitutes an impressive and original contribution to both the philosophy of religion and has very much to offer to those interested in phenomenology and phenomenological analysis Modern Theology As an explication of how Christian belief can transform the meaning of the world this book shows its greatest worth Here it does as compelling a job as any in bringing out the novelty of Christianity before it became overly familiar and overwritten Philosophical Quarterly

**Minority Reports** Mark Klitsie, 2016-06-03 The stuff that comes after modernism isn t all bad Postmodernism not needing everything to be buttoned up can leave things dangling it can pay attention to the obscure marginal and particular The postmodern dynamic invites one to revisit biblical texts that do not fit into tidy cherished theological constructs I call these texts the minority reports Popular theology infers that God is just pretending when he changes his mind or gets frustrated saddened and affected by humans

this understanding is guided by concepts of God's omni attributes. But these wise and well intentioned concepts fail to portray a God who will not be domesticated. Certain biblical narratives trace YHWH's hiddenness, suffering, changeability, and hostility. This awkward shadow side of YHWH is sometimes selectively overlooked. The fear of God is gone. Instead we have the ever tolerant universal God who is in danger of evaporating into spirit, light, and love. As a theologian, I use Hebrew block logic. Competing truths in the Bible are kept intact. Synthesis isn't necessarily sought. God chooses us and we choose God. God is self sufficient, all powerful, and all knowing, needing no creature. Yet he chooses to limit his omni-ness in the human arena and makes himself vulnerable to humans. He hyphenates his name with Abraham, Isaac, Jacob, and the church at a risk.

**Nouvelle revue théologique**, 1996      **Revelation and the Word of God** Paul Avis, 2024-05-02. A unique work of Fundamental Theology. *Revelation and the Word of God* explores key issues of divine revelation as open questions. They include: Why is revelation so elusive? Existential and philosophical problems of revelation in the context of apologetics. The self revelation of God in mystery. What does it mean to say as the Bible does that God speaks and acts? How does revelation relate to the Bible, history, religious experience, and the church? The relational and personalist dimensions of revelation. What the biblical Wisdom tradition contributes to our understanding of revelation. The threefold form of the Word of God: Jesus Christ, the incarnate Word, Logos, and Wisdom. Sophia of God, the Scriptures that witness to him, and the church's proclamation, kerygma, in preaching, sacraments, and other ways. The role of hermeneutics, cultural constraints, and imagination in the reception of revelation. Critique including Feminist Theology of claimed revelation. Is there revelation today? How do developments in doctrine and practice relate to divine revelation? The liturgy as a vehicle of the Word of God. The Word in pastoral practice. Jesus Christ as the crown and criterion of divine revelation according to the Fourth Gospel.      *Liturgy as Revelation* Philip Caldwell, 2014. This volume argues that in the twentieth century Catholic theology increasingly recognized the centrality of Christology, particularly the person of Christ as the locus of revelation, and drew out the crucial implications for that which occurs within the space of liturgy and the sacraments. Examining the specific contributions of René Latourelle, Avery Dulles, Salvatore Marsilli, and Gustave Martelet against a background of pre-conciliar ressourcement theology, this volume provides a comprehensive account of why a Trinitarian and Christological construal of liturgy and sacraments as revelation is key to the vision that informed Vatican II and offers constructive theological and ecclesial possibilities for the future.
