Who Is God? United Church of God, 2010-10-20 How is God one Is God a trinity Who was Jesus of Nazareth Was He a mere man or much more What was the significance of His death and resurrection In this booklet you ll learn more about the nature of God and Jesus Christ and our future destiny with Them as revealed in the Bible Inside this booklet The Grandeur of Almighty God The Personal Nature of God A Family Relationship The Family of God How Is God One The LORD Our God the LORD Is One Who Was Jesus Jesus Was Sent by the Father A Mystery Solved The Identity of Melchizedek The Plurality of God Jesus was a Jew Understanding God Through Christ What Does Christ s Resurrection Teach Us Is God a Trinity What About Matthew 28 19 The Holy Spirit is Not a Person Understanding the Image of God Partaking of the Divine Nature Jesus Christ Our Merciful High Priest God s Nature and Character **God Is . . .** Wesley J. Wildman, 2019-02-27 Your God is too small way too small What if God is not a human like personal being but the God Beyond God of the Christian mystical traditions What if God is the ultimate reality beyond all beings including beyond all divine beings indeed beyond all Being It s a mind bending idea Speaking of God as a human like personal being is much easier but people who care about the deepest mystical understandings of God within our traditions need to make the effort to speak about the God Beyond God despite the difficulties This book makes the attempt to speak of the God Beyond God in the language of the sermon using metaphor and potent imagery tuned to the existential intensities of human life The God Beyond God is closer to us than our jugular veins vividly present in every moment of our lives These sermons are practical and moving and they also resonate with the most rigorous theological understandings of ultimate reality Their deconstruction of our convenient fantasies about a divine being make these sermons emotionally intense and perhaps not suitable for beginners in the journey of faith But veteran believers can breathe deeply in the air of these meditations relaxing into the bliss of engaging ultimate reality without delusions without deflections and without controlling the object of our worship Who Is God? Rev. Dr. Frances McIntyre, 2005-06-23 This book is about who God is and because of the word of God which is included in this book You will be blessed and learn somethings about God which you did not know God is the beginning and the ending God is the first and last God is and was before nothing What is nothing Nothing does not exist God is the only true God because God is the source of all power God is everywhere All the time at the same time God know everything and God is all powerful God is the solution and the answer to all problems and every situation regardless of the severity Most of all God is love and He loves us all with an everlasting love Read this book and find the answers to these six interrogatives Who What When Where How and Why **The One Who Is** Dr. Kenny Rhodes, 2015-02-27 This book is a comprehensive and concise treatment of the philosophical theological and biblical issues related to the doctrine of God Within its pages the nature existence and tri unity of God are presented in an understandable and clear manner The authors objective was to hold in highest regard the text of Holy Scripture while reflecting the biblical position of the historic orthodox faith The books tone is polemic and passionate sincere and scholarly

with a commitment to communicate the truth of Gods Word with simplicity and profundity Also between its covers you will find a wealth of information with numerous references and explanatory notes for clarification and further personal study The book is arranged around the concept of the term logos which suffixes many other words and turns them into fields of study as in the phrase theology Theos logos The term Logos refers to the concepts of epistemology ontology and hermeneutics Applied to the doctrine of God its organization deals with Knowing God the Being of God and Communicating God This corresponds to Thomas Aquinass approach to understanding God in the questions what is God we define God by negation what He is not how do we know God we know him by His effects how do you communicate or explain God God is communicated to us by His names that is His attributes The book furthermore presents a classic and newly reworked argument for the existence of God called the Existential Argument which is based on the notion of being

**Who God Is** Ben Witherington, 2020-04-01 Do you know the character of our God do you know who God is What does it mean to say that God is love light life and spirit In **Who God Is** world renowned New Testament scholar Ben Witherington III explores the nature and character of the God of the Bible by focusing specifically on the nouns used to describe who God is This rich exploration has its foundation in a deep reading of the biblical text Reflecting on these descriptions of God gives us a fresh understanding of the beauty and uniqueness of the character of our God

*"It" Is God* Lois B. Mayette, 2016-08-29 *It Is God* is about changing the way we culturally see God and ourselves Everything is energy or it is nothing was said by Albert Einstein If God is everywhere and everything and is constant what is God Not who is God God is not a person or human but the essence of everything which can best be described or explained as being energy The hope of these writings is to help us in the twenty first century with the marriage of spirituality and science This author is not an expert in either field but after many years of studying through reading some fifty books a year about human development and history and with the lack of growth she saw the need to let go of old thinking and move into a new paradigm or model Hopefully this book can help us more in the death and dying issues What goes with you upon death Not your possessions or title or body So what is spirit soul Read on

**The Divine Economy** Witness Lee, 1986 [Light from the East](#) Alexei V. Nesteruk, In this unique volume a new and distinctive perspective on hotly debated issues in science and religion emerges from the unlikely ancient Eastern Orthodox Christian tradition Alexei Nesteruk reveals how the Orthodox tradition deeply rooted in Greek Patristic thought can contribute importantly in a way that the usual Western sources do not Orthodox thought he holds profoundly and helpfully relates the experience of God to our knowledge of the world His masterful historical introduction to the Orthodox traditions not only surveys key features of its theology but highlights its ontology of participation and communion From this Nesteruk derives Orthodoxy s unique approach to theological and scientific attribution Theology identifies the underlying principles logoi in scientific affirmations Nesteruk then applies this methodology to key issues in cosmology the presence of the divine in creation the theological meaning of models of creation the problem of time and the validity of the anthropic principle
