Numbers, 2013-09-19 Religious pluralism has characterized America almost from its seventeenth century inception but the past half century or so has witnessed wholesale changes in the religious landscape Gods in America brings together leading scholars from a variety of disciplines to explain the historical roots of these phenomena and assess their impact on modern American society

**God's Country** Samuel Goldman, 2018-02-02 The United States is Israel's closest ally in the world The fact is undeniable and undeniably controversial not least because it so often inspires conspiracy theorizing among those who refuse to believe that the special relationship serves America's strategic interests or places the United States on the right side of Israel's enduring conflict with the Palestinians Some point to the nefarious influence of a powerful Israel lobby within the halls of Congress Others detect the hand of evangelical Protestants who fervently support Israel for their own theological reasons The underlying assumption of all such accounts is that America's support for Israel must flow from a mixture of collusion manipulation and ideologically driven foolishness Samuel Goldman proposes another explanation The political culture of the United States he argues has been marked from the very beginning by a Christian theology that views the American nation as deeply implicated in the historical fate of biblical Israel God's Country is the first book to tell the complete story of Christian Zionism in American political and religious thought from the Puritans to 9/11 It identifies three sources of American Christian support for a Jewish state covenant or the idea of an ongoing relationship between God and the Jewish people prophecy or biblical predictions of return to The Promised Land and cultural affinity based on shared values and similar institutions Combining original research with insights from the work of historians of American religion Goldman crafts a provocative narrative that chronicles Americans attachment to the State of Israel

*The God Dilemma* V.C. Thomas, 2009-08-25 Today's modern technology and scientific knowledge contradicts all religious dogma created in ancient times by ignorant and superstitious people who had just learned to write Modern science can test the strength of one's faith and it can make him a skeptic causing him to discard the religious beliefs of his family for generations past Deep religious experiences or self induced delusions can be explained by physical psychological biological and medical sciences today Evil

or Sin is the result of social and mental conditions and can be corrected with education and medication today and without the help of an imaginary God To quote Mark Twain Faith is to believe in what you know for sure is not true The GOD Dilemma is an unscientific investigation to justify believing in religion today and in particular the Christian faith It argues that scientific and logical discussions about religion and the existence of God are futile however we cannot stop thinking about it Humans are maybe born with a faith in Gods existence and with a conscience that tells them which is morally and ethically right and which is not Author Thomas used to believe in religion God and Christianity through his teenage years but even if he learned to ignore it during his 50 adult years he never consciously discarded his Christian faith He now shares his investigations and attempts to believe in Jesus Christ once again despite todays knowledge of the universe and evolution and by ignoring the sanctimonious behavior of fundamentalist US Christians In the international scene Thomas believes that the US wars since WWII cannot be justified by the life and the teachings of Jesus Christ There is an underlying moral claim by fundamentalist Christian Americans that its actions are justified by Jesus and Christianity The new phenomenon called Christian Zionism which requires the removal of Palestinians from their homeland to create and expand Israel to enable the second coming of Christ categorically contradicts the teachings of Jesus in the four Gospels Zionism is based on the Old Testament Bible OTB and Revelations in the New Testament both of which are scientifically ridiculous The OTB is also historically questionable about a God interacting with his only chosen people in Middle East and morally criminal God sponsored and assisted armed robbery and genocide to create Israel ancient and modern by todays legal and ethical standards Why has the life and teachings of Jesus Christ not produced universal love and non violence among Christians Why are American Christians the most active supporters of or not speaking out against the wars bombing and destruction by the USA since WWII Are Ashkenazi European Jews really the descendants of Semitic slaves from Egypt What were the reasons for anti Semitism and the Holocaust in Christian Europe of the past Why is the European Union and the US punishing the Palestinians for the Holocaust crimes in Europe Can Gods orders in the Bible be legally used by the United Nations to recreate Israel again in the 20th century after 3000 years by getting rid of Palestinians The book seeks to inform and provoke critical thinking of the readers through this investigation into religion and God and in particular the violent intolerant and self righteous behavior of Christians for centuries past and even in todays enlightened age using the source of the Christian religion the Bible

*The Late Great United States* Mark Hitchcock, 2010-05-18 Will God Bless America Even in the End Times Every day brings more news of a world that seems to teeter on a disastrous precipice Wars of genocide Massive earthquakes and typhoons The rising cost of foreign oil Terrorist bombings Economic disasters and lost security Crushing federal debt Famine and worldwide hunger a tidal wave of illegal immigrants How many of these events and crises are signs of the end times And what will become of the United States Will America continue to slip as today s lone world superpower and will it even exist when the sounds of warfare rumble at the Battle of Armageddon Clearly explaining the end time prophecies of Scripture Mark Hitchcock shows that today s geopolitical situation corresponds remarkably to what the Bible predicted thousands of years ago Prophecies previously dismissed as unbelievable now read like news headlines Learn of America s final fate and the outcome of dire events at the end of the age as Mark Hitchcock teaches how to find the only lasting hope in a God who will not forsake us no matter what cataclysms we experience on earth I Pledge Allegiance David Crump, 2018-02-01 What does it really mean for Christians to live as faithful kingdom citizens in today s world Bitter partisan conflict State sanctioned torture Economic injustice Ethical corruption Even a cursory glance over daily news headlines shows a stark contrast between the American political state and the kingdom of heaven Where then does the Christian s ultimate allegiance lie In I Pledge Allegiance David Crump issues a clarion call to Jesus s twenty first century disciples stirring them up to heed God s word and live out their kingdom citizenship here on earth Closely examining the

ethical teachings of Jesus and his apostles in the New Testament and using real world examples to illustrate the vital issues at stake Crump challenges Christians to embrace the radical counterintuitive upside down way of Jesus a way of living and thinking that turns the world's values on their head smashes through stale political and cultural conventions and welcomes God's kingdom into the very heart of our shared society

**Religious Appeals in Power Politics** Peter S. Henne, 2023-10-15 Religious Appeals in Power Politics examines how states use or attempt to use confessional appeals to religious belief and conscience to advance political strategies and objectives Through case studies of the United States Saudi Arabia and Russia Peter S Henne demonstrates that religion although not as high profile or well funded a tool as economic sanctions or threats of military force remains a potent weapon in international relations Public policy analysis often minimizes the role of religion favoring military or economic matters as the important arenas of policy debate As Henne shows however at transformative moments in political history states turn to faith based appeals to integrate or fragment international coalitions Henne highlights Saudi Arabia's 1960s rivalry with Egypt the United States's post 9 11 leadership in the global war on terrorism and the Russian Federation's contemporary expansionism both to reveal the presence and power of calls for religious unity and to emphasize the uncertainty and anxiety such appeals can create Religious Appeals in Power Politics offers a bold corrective to those who consider religion as tangential to military or economic might

*With Bible in One Hand and Newspaper in the Other* Charles R. Peterson, 2018-12-07 The famous theologian Karl Barth is known for his admonition that Christians should evaluate major news events in the light of the Bible rather than vice versa

This book reviews attempts at implementing Barth's principle in more than a hundred responses to newspaper editorial opinions over a decades spanning period. In this exercise five major theological themes frame the moral engagement of ten newsworthy subject categories. The analysis demonstrates how a biblically based moral framing can define a center left politically partisan stance as a guide or challenge to civil public dialogue. A weakness of this venue is that space limitations of newspaper editorial pages allow little potential for achieving what Barth probably had in mind for an effective Christian witness. A different venue is therefore needed. Numerous barriers inhibit such dialogue within Christian congregations including the stagnating polarization in US politics that has a parallel in most religious traditions. One can hope that the major role for a biblical witness to American culture has not become limited to that partial calling of the Old Testament prophets warning of the negative historical judgments that risk coming to any society that fails to adequately attempt living out a reverential fear of God.

The Protestant-Jewish Conundrum Jonathan Frankel, Ezra Mendelsohn, 2010-08-25

Volume XXIV of the distinguished annual Studies in Contemporary Jewry explores relations between Jews and Protestants in modern times. Far from monolithic, Protestantism has innumerable groupings within it, from the loosely organized Religious Society of Friends to the conservative Evangelicals of the Bible Belt, all of which hold a range of views on theology, social problems and politics. These views are played out in differing attitudes and relationships between Protestant churches and Jews, Judaism and the state of Israel. In this volume established scholars from

a variety of disciplines investigate the Protestant Jewish conundrum They provide analysis of the historical framework in which Protestant ideas toward Jews and Judaism were formed from the 16th century onward Contributors also delve into diverse topics ranging from the attitudes of the Evangelical movement toward Jews and Israel to Protestant reactions to Mel Gibson's blockbuster film *The Passion of the Christ* They also address German Protestant behavior during and after the Nazi era and mainstream Protestant attitudes toward the Israeli Arab conflict Taken as a whole this compendium presents discussions and questions central to the ongoing development of Jewish Protestant relations [The Quiet Hand of God](#) Robert Wuthnow, John H. Evans, 2002-10-21 Robert Wuthnow and John H. Evans bring together a stellar collection of essays that paints a contemporary portrait of American Protestantism a denomination that has remained quietly but firmly influential in the public sphere Mainline Protestants may have steered clear of the controversial attention grabbing tactics of the Religious Right but they remain culturally influential and continue to impact American society through political action and the provision of social services The contributors to this volume address religion's larger role in society and cover such topics as welfare ecology family civil rights and homosexuality Pioneering timely and meticulously researched *The Quiet Hand of God* will be an essential reference to the dynamics of American religion well into the twenty first century
