My Jesus Stories Allie Garrett, 2022-02-01 We are no doubt living in the most evil time we have ever seen Good is called evil and evil is called good The Word of God is clear in Revelation 12:11 that we overcome the evil one by three things the blood of the Lamb the power of our testimony and by loving not our own life even unto death This is so simple We simply plead the blood of Jesus share what God has done for us and put Him and others first It's easy for most people to do one and three but sharing our testimony can be incredibly difficult sometimes because it's so personal Sometimes we're embarrassed of situations we got ourselves into in the first place Or perhaps it's a very personal family or health situation More often than not we just want to keep up appearances and not air out our dirty laundry If all of us together would do these three things I think we would overcome so much of the evil running rampant in our world today This book is a collection of my personal testimonies a raw look into God's perfect grace and mercy in my life At the end of each chapter you will find a Two Minute Takeaway which is something from my testimony or God's Word that you can easily and immediately apply to your own life There's also a journal prompt for you to write your own testimony You may choose to keep this book private but I am going to make this very easy for you to share your testimony There's actually a spot for three readers' entries The idea is for you to record your real raw testimony and then pass this book on This is an opportunity for you to take part in sharing with others how the kingdom of God has impacted your life personally Be real and be honest

Welcome to my Jesus stories **Christian Science Sentinel**, 1904 **The Christian's Penny Magazine**, 1832 Los Angeles Saturday Night, 1928 *Leaves of Healing*, 1928 **Finding Proof of Jesus** James L. Kearns, 2016-03-09 What if God spoke to you in an audible voice What if you saw an image of Jesus Christ on the Cross in a mirror and it delivered you from demonic oppression What if you had seen these great miracles Would your life still be the same What if you have absolute proof of the existence of God and you want to share that with the World This book is designed to help you witness to others about the existence of God and how they can be saved From the testimony of the author to the other seven great proofs for the existence of God you will find many scientific answers to prove the existence of God and how to use them to witness to those who just do not believe and even to the hardened atheist that will use straw men to trip you up in your witness This is a book every Christian and non believer alike should read and study *Medium and Daybreak*, 1881

Chappell,2002-01-22 Part I of this book gives an abridgment of the record of the prophet Lehi which was the first book engraved upon the gold plates of the Book of Mormon The original Book of Lehi which was translated by Joseph Smith in 1828 was stolen and became lost from the Book of Mormon Since that time they have simply been referred to as the lost 116 manuscript pages This plain abridgment of the record of Lehi answers several questions about the origin of the Book of Mormon For instance it explains the connection with Egypt revealing that Lehi was a Jew or rather an Israelite from the land of Egypt It reveals that Labans plates of brass were actually Lehis plates of brass that were made by his people in the land of Egypt As well it reveals that the land of their inheritance is simply their house and farm which was near Hebron in the land of Judea Since this is from the personal account of the record of Lehi he describes the nature and function of the Liahona the making and composition of the metal plates and their building the ship of Nephi at Bountiful Lehi further explains something about the characters of their language which were inscribed upon the metal plates

The characters had been developed by his forefathers who were Israelites living in the land of Egypt which were unique to them and they cannot be proved to the world Part II of this book describes a simple and realistic model for the unknown geography of the Book of Mormon After all these years the actual geographic setting for the locations found in the Book of Mormon has not been understood If the account in the book is true then there is a real geography to be found as well The author believes that he has discovered a simple and realistic answer to the question of the Book of Mormon geography The author has a testimony of the truthfulness of the Book of Mormon and believes that those were real lands and cities and events that were so faithfully recorded therein He wishes to make those places and events more realistic to people when they read and study the Book of Mormon
