Education Systems of the United Kingdom David Phillips, 2000-01-01 This book investigates the diversity of educational provision within the various parts of the United Kingdom Building on the expertise of David Raffe and colleagues at the University of Edinburgh who have been researching what they call home internationals in education and who contribute two chapters the volume includes studies of Wales Scotland and Northern Ireland The aim is to encourage reflection on the essential differences and the binding similarities of the systems which make up educational provision in the United Kingdom

Educational Issues in the Learning Age Catherine Matheson, David Matheson, 2000-09-01 Education and its context are both changing rapidly In a world characterized by postmodernism and globalization even the discourses that we use to discuss education are changing This raises fundamental questions concerning the relationship of education to culture identity society and power To understand education in the twenty first century we need a new map By considering issues both fundamental and topical from citizenship to lifelong learning from school effectiveness to learning outside the school this book provides a comprehensive multi disciplinary guide to education in the new era **Alternatives to Exclusion from**

School Pamela Munn, Mairi Ann Cullen, Gwynedd Lloyd, 2000-04-28 Exclusion from school is a major concern for teachers parents and children and features in government initiatives to tackle social exclusion This book takes a broad look at exclusion mapping the extent of exclusions and showing what factors can lead to children being excluded whether permanently or informally from school The authors focus on various kinds of in school alternatives to exclusion They show how schools and teachers can make a difference to young people's emotional and social development as well as to their cognitive intellectual development For many children with difficulties in their families or communities school can be a safe

and supportive refuge School is also much more than just the subjects The Palgrave Handbook of History and Social Studies Education Christopher W. Berg, Theodore M. Christou, 2020-04-03 This Handbook presents an international collection of essays examining history education past and present Framing recent curriculum reforms in Canada and in the United States in light of a century long debate between the relationship between theory and practice this collection contextualizes the debate by exploring the evolution of history and social studies education within their state or national contexts With contributions ranging from Canada Finland New Zealand Sweden the Netherlands the Republic of South Africa the United Kingdom and the United States chapters illuminate the ways in which curriculum theorists and academic researchers are working with curriculum developers and educators to translate and refine notions of historical thinking or inquiry as well as pedagogical practice **Governing Europe's spaces** Caitriona Carter, Martin Lawn, 2015-07-20 What do we imagine when we imagine Europe and the European Union To what extent is our understanding of the EU of its development its policies and its working processes shaped by unacknowledged assumptions about what Europe really is The book constructs a case for re imagining Europe not as an entity in Brussels or a series of fixed relations but as a simultaneously real and imagined space of action which exists to the extent that Europeans and others act in and on it This Europe is constantly being made in particular spaces through specific actor struggles whose interconnections are often ill defined We ask how do those concerned with building Europe with extending and elaborating the EU think of where they are and what they are doing The book captures Europeans in the process of making Europe of performing interpreting modelling referencing consulting measuring and de politicising Europe *Understanding Research in Early Education* Margaret M. Clark, 2017-06-02 In this newly revised edition of *Understanding Research in Early Education* Margaret Clark demonstrates the continuing relevance of research in the homes of young children and in preschool units Through rigorous yet understandable language the text stresses the importance of research acknowledging how easy it can be amidst the change and flood of documents on early education and care to overlook the insights to be gained from past research The author draws on her own studies and those of others to illustrate how to avoid common pitfalls ask the right questions to inform students research projects and critically apply findings in the classroom or nursery The book is one of the few texts for students to bring research alive analysing key research to consider its limitations and the extent to which results are relevant to policy and practice Without requiring any prior expertise in research and research methodologies the third edition will prove invaluable for undergraduate and postgraduate students taking courses in early years education and practitioners undertaking continuing professional development New content includes fully revised chapters an updated reference list and a new chapter discussing current research on baseline assessment **Adult and Lifelong Education** Marcella Milana, John Holford, Vida Mohorčič Špolar, 2017-10-02 *Adult and Lifelong Education* explores why politicians researchers and practitioners involved in educating post school young people and adults have quietly abandoned the term education in favour of learning Bringing together

contributions from experienced as well as younger scholars and from Europe North America and Australasia it draws on global national and local perspectives to reveal key features of adult education s policy environment At the book s heart are three main concerns First what is the spatial reach of these developments and what processes of fluidity and fixity emerge Second does increased state and international recognition of civil society s role in adult education and learning help to voice grass roots learning needs for individuals and communities Or does it create new patterns of dependency and domestication Finally given the growing culture of monitoring and the investment of money time and attention which international organizations national governments and research institutes around the world are making in gathering information on people s skills and knowledge and how they use them what is happening when literacy numeracy and problem solving abilities are tested How is this knowledge used and abused in various policy environments and who benefits The book is an outcome of the work of the European Society for the Research on the Education of Adults ESREA Research Network on Policy Studies in Adult Education s inaugural conference held at the University of Nottingham in 2012 This book was originally published as a special issue of Globalisation Societies and Education

Creating Curricula: Aims, Knowledge and Control Dominic Wyse, 2018-03-08 Knowledge has been a defining focus for the curriculum studies field In the early part of the 21st century convincing arguments were mounted that knowledge needed to be brought back in both to the curriculum of schools and to the attention of curriculum researchers This book is a result of these arguments and what some regarded as a crisis in curriculum study related to the growing emphasis on international comparisons between education systems The book s most important contribution is to build on seminal work in the sociology and philosophy of education in order to develop new foundations for curriculum study using the importance of transactions as the context for understanding knowledge in the curriculum The contributors build on this importance to suggest a rapprochement in the field around the idea of curriculum knowledge as both constructed and real This book was originally published as a special issue of The Curriculum Journal

School Culture Jon Prosser, 1999-06-02 I waited with great anticipation to receive Jon Prosser s book School Culture The wait was worth it and I wasn t to be disappointed This is a fine book bringing to a reader a credible and solid set of work Youth and Policy The most helpful book on genuine school improvement that I have ever read LDR National College for School Leadership Jon Prosser has put together an eclectic volume School Culture is not isolated from out of school forces most of the authors argue Jon Prosser and Terry Warbuton s piece analyzing the visual representation of schools and teaching shows this in a looking glass manner The different chapters challenge us to think again about what we mean by ethos and atmosphere What the volume demonstrates is just how difficult and challenging it is to define what constitutes a school s culture Journal of Education for Teaching School culture is today one of the most important themes in education and educational research This book draws on a wide range of contemporary perspectives to provide an insight into the key issues and concepts which underpin school culture The first part of the book is concerned with culture as an holistic concept The

second part adopts the stance that school culture is the sum of its subcultures The contributors focus on significant groups such as teachers and students or theme for example sexuality and examine in depth the nature and character of schooling
