Understanding and Researching Professional Practice, 2019-02-11 Understanding and researching professional practice is crucial both to enhancing the quality of professional learning and to improving professional education more generally Yet professional practice remains something that is little known theoretically and philosophically despite a longstanding interest in what might be called the meta field of professional practice learning and education The contributors to this book drawn from fields such as education allied health psychology and business explore different aspects of practice in the professions professionalism and research This includes engaging with the burgeoning literature on practice theory and philosophy

including the increasingly influential neo Aristotelian tradition and taking account of growing interest in practice thinking across contemporary scholarship It considers issues such as the primacy of practice the nature of professional judgement the role of experience ethics context and the practitioner standpoint As such it raises important and timely questions about practice ontologies epistemologies and methodologies and also praxis and politics This is especially needed in a context otherwise increasingly organised by neoliberalism economic rationality anxious managerialism and what some see as a general drive towards de professionalisation and new nuances and intensities of regulation

For Education Carr, Wilfred, 1995-02-01 In this text Carr provides a justification for reconstructing educational theory and research as a form of critical inquiry In doing this he confronts such philosophical questions as what is educational theory what is an educational practice and how are theory and practice related

The RoutledgeFalmer Reader in the Philosophy of Education Wilfred Carr, 2021-04-29 This Reader brings together a wide range of material to present an international perspective on topical issues in philosophy of education today Focusing on the enduring trends in this field this lively and informative Reader provides broad coverage of the field and includes crucial topics With an emphasis on contemporary pieces that deal with issues relevant to the immediate real world this book represents the research and views of some of the most respected authors in the field today Wilfred Carr also provides a specially written introduction which provides a much needed context to the role of philosophy in the current educational climate Students of philosophy and philosophy of education will find this Reader an important route map to further reading and understanding

Beyond Liberal Education Robin Barrow, Patricia White, 2013-01-11 This collection of essays by philosophers and educationalists of international reputation all published here for the first time celebrates Paul Hirst s professional career The introductory essay by Robin Barrow and Patricia White outlines Paul Hirst s career and maps the shifts in his thought about education showing how his views on teacher education the curriculum and educational aims are interrelated Contributions from leading names in British and American philosophy of education cover themes ranging from the nature of good teaching to Wittgensteinian aesthetics The collection concludes with a paper in which Paul Hirst sets out his latest views on the nature of education and its aims The book also includes a complete bibliography of works by Hirst and a substantial set of references to his writing

In Search of Subjectivities Michael A. Peters, Marek Tesar, 2015-11-19 While traditionally identified as a practice based endeavour the many dimensions of teacher education raise important philosophical issues that emphasise the centrality of ethics to questions of relationality and professional practice This second volume of the Educational Philosophy and Theory reader series demonstrates the continuing relevance of philosophical approaches to the field of teacher education The collection of texts focuses on a wide range of topics including teacher education in a cross cultural context the notion of unsuccessful teaching democratic teacher education the reflective teacher the ethics and politics of teacher identity and subjectivity and performance in teaching Chapters also explore teacher education based on experiential learning as experience demonstrating the continuing

relevance of philosophical approaches to the field In Search of Subjectivities will interest academics researchers and postgraduate students in the fields of philosophy of education philosophy education educational theory teacher education experiential philosophy ethics policy and politics of education and professional practice Adult Education as Theory, Practice and Research Robin Usher,Ian Bryant,2014-06-23 The authors argue that the aim of research should be to improve practice through a process of critical reflection Focusing clearly on the everyday concerns and problems of practitioners they emphasize the importance of practical knowledge Their definition of practice is wide and includes the generation of theory and the doing of research as well as front line teaching They show how notions of adult learning and the adult learner have been constituted mainly through theory and research in psychology and sociology and examine action research as a mode of understanding They conclude by looking at the curriculum implications for the teaching of adult education as reflective practice *Emerging Perspectives from Social Realism on Knowledge and Education* Graham McPhail,Richard Pountney,Leesa Wheelahan,2024-10-28 This book brings the key ideas and concepts of social realism to bear on current debates in the fields of knowledge and curriculum The key concern of this collection is to highlight matters related to knowledge and the influence these dimensions have on the formation of curricula pedagogy identity and equity in educational contexts Presenting new perspectives on the place of various types and forms of knowledge in contemporary education this book explores two central questions what type of knowledge is most important to include in a curriculum and what is meant by disciplinary knowledge The chapters use empirical examples to illustrate how the issues play out on a global stage interweaving the social justice concern of equitable access to disciplinary knowledge throughout In particular the authors address the emerging theorisation of issues related to the decolonisation of curricula the recontextualisation of non traditional knowledge into the curriculum and teacher education Offering new philosophical and theoretical perspectives this book will be of interest to researchers scholars and students examining the fields of knowledge and curriculum and the sociology of education more broadly **The Study of Education** Peter Gordon,2019-05-20 The inaugural lectures published in this volume reflect the many changes which have taken place in the study of education between the late 1970s and the mid 1980s Changes in society are reflected in the lectures on special needs education and multicultural education and the contributions of educational administration and comparative education as a field of study **The SAGE Handbook of Educational Action Research** Bridget Somekh,2009-05-19 There has been a huge growth of interest in action research in educational settings over the past 20 years across the Americas Europe Australia and Africa this Handbook provides a scholarly reference text that will inform the development of the field Professionalism and Ethics in Teaching David Carr,2005-06-20 Professionalism and Ethics in Teaching presents a thought provoking and stimulating study of the moral dimensions of the teaching professions After discussing the moral implications of professionalism Carr explores the relationship of education theory to teaching practice and the impact of this relationship on professional expertise He then

identifies and examines some central ethical and moral issues in education and teaching Finally David Carr gives a detailed analysis of a range of issues concerning the role of the teacher and the managements of educational issues Professionalism and Ethics in Teaching presents a thought provoking and stimulating study of the moral dimensions of the teaching professions

The SAGE Handbook of Philosophy of Education Richard Bailey, Robin Barrow, David Carr, Christine McCarthy, 2010-03-23 This book provides an authoritative yet accessible guide to the Philosophy of Education its scope its key thinkers and movements and its potential contribution to a range of educational concerns The text offers a balanced view of three key dimensions first in giving an equal weight to different styles and modes of philosophy second by including past and present perspectives on philosophy of education and third in covering both the general perennial issues in philosophy and issues of more contemporary concern Section one of the book exemplifies different styles of philosophy paying attention to the contemporary debates as to the nature possibilities and limitations of these different approaches to philosophy of education Section two is devoted to particular thinkers of the past and more general coverage of the history of philosophy of education Section three is dedicated to contemporary philosophic thought on education providing the basis and reference point for an exploration of contemporary issues The handbook is designed primarily to be useful to students studying the field of philosophy of education in the context of the study of educational foundations or theory But it is also designed to be of use to practising teachers who wish to gain easy access to current philosophical thinking on particular contemporary educational issues and to educationalists of all types who want a succinct guide to questions relating to the nature the history and the current state of the art of philosophy of education
