Louis Jacobs and the Quest for a Contemporary Jewish Theology Miri Freud-Kandel,2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of

his theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools

Healing the Schism Jennifer M. Rosner, 2021-07-28 The past and future of Jewish Christian dialogue The history of the relationship between Judaism and Christianity is storied and tragic However recent decades show promise as both parties reflect on their self definitions and mutual contingency and consider possible ways forward In *Healing the Schism* Jennifer M Rosner maps the new Jewish Christian encounter from its origins in the early twentieth century pioneers to its current representatives Rosner first traces the thought of Karl Barth and Frank Rosenzweig and brings them into conversation Rosner then outlines the reassessments and developments of post Holocaust theological architects that moved the dialogue forward and set the stage for today She considers the recent work of Messianic Jewish theologian Mark S Kinzer and concludes by envisioning future possibilities With clarity and rigor Rosner offers a robust perspective of Judaism and Christianity that is post supersessionist and theologically orthodox *Healing the Schism* is essential reading for understanding the perils and promise of Messianic Jewish identity and Jewish Christian theological conversation

Jews, Christians, Muslims John Corrigan, Frederick Denny, Martin S Jaffee, Carlos Eire, 2016-01-08 Thematic examination of monotheistic religions The second edition of *Jews Christians Muslims A Comparative Introduction to Monotheistic Religions* compares Judaism Christianity and Islam using seven common themes which are equally relevant to each tradition Provoking critical thinking this text addresses the cultural framework of religious meanings and explores the similarities and differences among Judaism Christianity and Islam as it explains the ongoing process of interpretation in each religion The book is designed for courses in Western and World Religions

Somewhere Over the Rainbow Daniel Ross Goodman, 2020-08-24 Why do we watch movies If we read in search of more life as Harold Bloom is fond of saying then we watch movies this book proposes in search of wonder We watch movies in search of awe inspiring visions transformative experiences and moments of emotional transcendence and spiritual sublimity We watch movies for many of the same reasons that we engage in religion to fill our ordinary evenings and weekends with something of the extraordinary to connect our isolated individual selves to something that is greater than ourselves and because we yearn for something that is ineffable but absolutely indispensable This book through an exploration of some of the most intriguing films of the past two decades illustrates how movies are partners with religion in inspiring conveying and helping us experience what Abraham Joshua Heschel refers to as radical amazement the sense that our material universe and our ordinary lives are filled with more wonders than we can ever imagine and that it takes spiritually as well as cinematically trained eyes to uncover these ever present ocular gems In addition to illustrating

how films utilize religious themes and theological motifs to convey a sense of wonder this book offers new interpretations of key films from canonical American directors such as Martin Scorsese Terrence Malick Richard Linklater Wes Anderson and the Coen brothers *Way of Blessing Way of Life* Clark M. Williamson, 1999
