Goethes Faust Its Genesis And Purport:

Goethe's Faust Its Genesis and Purport , **Goethe's Faust** Eudo C. Mason,1967 *Goethe's Faust* Eudo Colecestra Mason,1967 **Goethe's Faust; Its Genesis and Purport, by Eudo C. Mason** Eudo Colecestra Mason,1967

Goethe's Faust: Its Genesis and Purport, by Eudo C. Mason Eudo Colecestra Mason,1967 Goethe's Faust Eudo C. Mason,2023-11-15 Goethe's Faust Its Genesis and Purport offers an exploration of one of the most complex and multifaceted works in literary history The author delves into Faust's intricate layers examining its genesis historical context and Goethe's personal experiences that influenced the play The work navigates the significant polarities that define Goethe's masterpiece realism and idealism the sensual and the spiritual and the amoral versus ethical dimensions highlighting the tensions and synthesis that give the drama its enduring power The study acknowledges that Faust resists definitive interpretation as each reader is drawn to different aspects of its dualities and its richness lies in this very tension This comprehensive review not only addresses Goethe's artistic intentions and thematic depth but also critiques the complexities added by decades of academic analysis The author challenges the Higher Critics suggesting that their overly intricate dissection often obscures the play's accessible elements creating unnecessary barriers for readers Instead the book emphasizes the need to return to the text itself Goethe's broader oeuvre and his poetic vision to uncover the inner fairy tale that underpins Faust Drawing inspiration from influential critics like Konrad Burdach and Emil Staiger the study ultimately seeks to balance scholarly insight with a clear understanding of Goethe's intentions offering a pathway to appreciating the universal and timeless nature of his work This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1967 **Goethe's Faust** Jane K. Brown,1986 In this book Jane K Brown offers an original reading of Goethe's complex masterpiece in the context of European Romanticism Looking at the two parts of Faust in sequence she views the second part as an elaboration of what was implicit in the first and she clarifies the patterns of thought and organization underlying the play In Faust she argues Goethe not only situates German culture within the wider European literary tradition but also demonstrates that all literature is by its nature allusive that it exists only as part of a tradition Goethe's Faust John R. Williams,2020-01-30 Originally published in 1987 this is a thorough and lucid introduction and commentary to the whole of Goethe's Faust It gives the student of German and European literature valuable insights into the most important work of Germany's foremost poet German quotations are translated or paraphrased in English and a detailed knowledge of German literature is not assumed The book traces Goethe's work on the play over 60 years of his creative career and surveys its critical reception over the 200 years since its first appearance Part One is analysed as a mimetic tragedy Part Two as an historical and cultural profile of Goethe's own times

The commentary guides the reader carefully through its subtleties and multi layered references and provides a broad and coherent structure for the overall understanding of the work It suggests provocative interpretations of some figures and episodes in Part Two and places renewed emphasis on parts of the work that often receive relatively little attention An appendix surveys the metres and verse forms of the play *The Very Late Goethe* Charlotte Lee,2017-07-05 Goethe s career was an unusually long and productive one he became a literary celebrity in the 1770s and remained so until his death in 1832 The distinguishing feature of his last works is their self consciousness their preoccupation both with the business of writing and with personal development In the first cross genre study of this period of Goethe s work Charlotte Lee traces the theme in his last major poems and autobiographical writings before turning to the two giants Wilhelm Meisters Wanderjahre and Faust II All these works share a tendency to allude subtly to earlier moments from Goethe s own literary output but to fashion them into writing which is quite new even though or perhaps because he himself is old This book seeks to understand the unique perspective of one nearing the end of a long life *Johann Wolfgang von Goethe* Jeremy Adler,2020-03-16 This new critical biography provides a complete picture of German novelist playwright and poet Johann Wolfgang von Goethe Offering fresh thought provoking interpretations of all Goethe s major works including novels such as The Sorrows of Young Werther and The Elective Affinities plays such as Egmont and Iphigenia in Tauris and Goethe s greatest work Faust Jeremy Adler also provides many original readings of Goethe s poetry beginning with the poems written in his early youth Alongside Goethe s work Adler analyzes the incidents of his life including his love affairs and his meetings with the luminaries of his age such as Napoleon Bonaparte Uniquely Adler also shows how Goethe s encyclopedic interest in literature science philosophy law and many other fields became important for a wide range of later scientists and thinkers Among the figures he influenced were Charles Darwin and Albert Einstein Karl Marx and Sigmund Freud mile Durkheim and Susan Sontag Goethe has often been called the last Renaissance man This biography shows that Goethe was in fact the first of the moderns a maker of modernity **Goethe** Peter Boerner,2015-02-15 Johann Wolfgang von Goethe 1749 1832 was one of the greatest thinkers of the modern age a world famous writer scientist and statesman his influence was already far reaching during his lifetime and his literary and intellectual legacy continues to reverberate throughout contemporary culture In this book newly updated Peter Boerner a highly respected authority on Goethe presents the definitive short biography of this extraordinary figure An exceptionally prolific and versatile writer Goethe produced important works covering a range of genres As a young man he composed pastoral plays in the style of the waning Rococco was an early proponent of the avant garde Sturm und Drang movement and became a literary superstar with The Sorrows of Young Werther in which a young man s unrequited love culminates in tragedy In his classic play Faust which evolved over a sixty year period he created one of the best known versions of the legend and introduced the prototype of the romantic hero A scientist active in various fields including botany and the theory of colors Goethe also pondered issues of evolution well before Darwin In Boerner s illustrated biography

Goethe's impressive oeuvre comes to vibrant life A major contribution to the English language literature on Goethe this is a beautiful and accessible introduction to one of history's foremost geniuses *Goethe, Nietzsche, and Wagner* T. K.

Seung, 2006-03-27 The author reads Goethe's Faust as the first epic written under Spinoza's influence He shows how its thematic development is governed by Spinoza's pantheistic naturalism He further contends that Wagner and Nietzsche have tried to surpass their mentor Goethe's work by writing their own Spinozan epics of love and power in *The Ring of the Nibelung* and *Thus Spoke Zarathustra* These Spinozan epics are designed to succeed the Christian epics in the Western literary tradition Whereas the Christian epics dared to groom human beings for their destiny in the supernatural world the Spinozan epics try to reinstate humanity as the children of Mother Nature and overcome their alienation from the natural world which had been dictated by the long reign of Christianity However it has been well noted that none of these new epics seems to hang together thematically as a coherent work By his Spinozan reading the author not only demonstrates the thematic unity of each of them singly but further illustrates their thematic relation with each other **Nietzsche on Art and Life**

Daniel Came, 2014-04 Nietzsche had a particular interest in the relationship between art and life and in art's contribution to his philosophical aims to identify the conditions of the affirmation of life cultural renewal and exemplary human living These new essays demonstrate that understanding his engagement with art is essential for understanding his philosophy Overheard in Seville 1991, 1991-10-15 An annual publication *Overheard in Seville Bulletin* of the Santayana Society includes scholarly articles on American philosopher poet critic and best selling novelist George Santayana as well as announcements of publications and meetings pertaining to Santayana scholarship The Classical Centre T. J.

Reed, 2020-01-31 Originally published in 1980 this book examines the nature and significance of Classicism as a literary phenomenon and relates the beginnings of the German variety to the search for a national identity in the circumstances of a politically fragmented eighteenth century Germany It surveys the pre-classical scene traces the intellectual currents and the literary forms and material which Classicism was to synthesise and presents its theoretical basis The major works of Goethe and Schiller in the decade of their partnership are analysed Their response to political events is placed in the contemporary context and the divergences which challenge Classicism are discussed *Translation and Rewriting in the Age of*

Post-Translation Studies Edwin Gentzler, 2016-11-03 In *Translation and Rewriting in the Age of Post-Translation Studies* Edwin Gentzler argues that rewritings of literary works have taken translation to a new level literary texts no longer simply originate but rather circulate moving internationally and intersemiotically into new media and forms Drawing on traditional translations post-translation rewritings and other forms of creative adaptation he examines the different translational cultures from which literary works emerge and the translational elements within them In this revealing study four concise chapters give detailed analyses of the following classic works and their rewritings *A Midsummer Night's Dream* in Germany *Postcolonial Faust* Proust for Everyday Readers *Hamlet* in China With examples from a variety of genres including music film

ballet comics and video games this book will be of special interest for all students and scholars of translation studies and contemporary literature

Goethe Matthew Bell, 2025-09-09 A new intellectual biography of Goethe examining the paradox of his thought Johann Wolfgang von Goethe 1749 1832 was a poet a novelist a scientist and an essayist on a dizzying range of topics In the nineteenth century he was widely regarded as one of the most important thinkers of modern Europe In this important and ambitious work Matthew Bell offers a wide ranging intellectual biography of Goethe tracing the evolution of his thought and reassessing its value Bell examines the full spectrum of Goethe s writing from his most well known works including the dramatic poem Faust and the novels Wilhelm Meister and The Sorrows of Young Werther to lesser known essays and reviews Throughout Bell draws on Goethe s letters and diaries most of which are still only available in German embedding Goethe s thought in his lived experience and in the cultural and intellectual life of Europe from the 1750s to the 1830s Bell presents new interpretations of Goethe s work as one of the first evolutionary biologists describing discoveries that anticipated Darwin s and of his political ideas which pervade his literary work in ways that have not been fully recognized Bell offers an original and illuminating explanation for the paradox of Goethe s thought exploring how a radical individualist who espoused liberal and innovative ideas in some areas in particular religion sexuality and science could remain consistently conservative and authoritarian in his political outlook Rereading Goethe through this new lens Bell shows reveals new dimensions of work we thought we knew well

Abandoned Women and Poetic Tradition Lawrence Lipking, 1988-09-15 At the heart of poetic tradition is a figure of abandonment a woman forsaken and out of control She appears in writings ancient and modern in the East and the West in high art and popular culture produced by women and by men What accounts for her perennial fascination What is her function in poems and for writers Lawrence Lipking suggests many possibilities In this figure he finds a partial record of women s experience an instrument for the expression of religious love and yearning a voice for psychological fears and finally a model for the poet Abandoned women inspire new ways of reading poems and poetic tradition

Terrifying Texts Cynthia J. Miller, A. Bowdoin Van Riper, 2018-08-28 From Faust 1926 to The Babadook 2014 books have been featured in horror films as warnings gateways prisons and manifestations of the monstrous Ancient grimoires such as the Necronomicon serve as timeless vessels of knowledge beyond human comprehension while runes summoning diaries and spell books offer their readers access to the powers of the supernatural but at what cost This collection of new essays examines nearly a century of genre horror in which on screen texts drive and shape their narratives sometimes unnoticed The contributors explore American films like The Evil Dead 1981 The Prophecy 1995 and It Follows 2014 as well as such international films as Eric Valette s Malefique 2002 Paco Cabeza s The Appeared 2007 and Lucio Fulci s The Beyond 1981

Goethe: Faust Part One Nicholas Boyle, 1987 Offers a survey of early Faust stories and a detailed reading of Faust Part One
