Reforming Capitalism for the Common Good Whalen, Charles J.,2022-08-23 In this book of carefully selected essays Charles Whalen presents constructive analyses of vital economic problems confronting the United States since the 1970s giving special attention to challenges facing working families The analyses are grounded in Whalen s career of more than three decades during which he has gleaned insight from institutional and post Keynesian economics and contributed to national economic policy making equitable regional development and worker engagement in business decisions The result is a compelling case for reforming capitalism by addressing workers interests as an integral part of the common good and for reconstructing economics in the direction of post Keynesian institutionalism

Development Management Justice Nyigmah Bawole,Farhad Hossain,Asad K. Ghalib,Christopher J. Rees,Aminu Mamman,2016-10-04 Despite significant financial investments the rate of development and pace of poverty reduction in developing and transitional countries has not always matched expectations Development management typically involves complex interactions between governmental and non governmental organisations donors and members of the public and can be difficult to navigate This volume brings together a group of international contributors to explore the theoretical and empirical underpinnings of development management and to consider the prospects and challenges associated with it in

the context of both developing and transitional countries Referring to dominant norms and values in public and developmental organisations development management is tied up with the attitudes and perceptions of various stakeholders including government officials public sector managers aid workers donors and members of the public Attempting to make sense of complex interactions between these actors is highly problematic and calls for new approaches models and insights Based on cutting edge research the chapters challenge much of the previous discourse on the subject and evaluate the challenges and opportunities that it presents Development Management offers academics researchers and practitioners of public administration business and management international development and political science a comprehensive and state of the art review of current research on development management in the context of developing and transitional countries

Applied Measures for Promoting Technological Growth Stanley A. Hetzler, 2025-11-21 Applied Measures for Promoting Technological Growth 1973 provides a comprehensive treatment of the whole range of developmental problems facing the technologically backward society and suggests clear cut approaches to the solution of these difficulties The author deals in detail with the areas of industrial development agricultural development the raising of finance and with methods for organising and staffing the national planning facilities required for effective development planning Human Resource Development Ronan Carbery, Christine Cross, 2017-09-16 This core textbook on human resource development HRD focusses on a topic that has emerged as one of the most dynamic and multifaceted areas of business and management for both academics and practitioners Providing an engaging and succinct discussion of the topic this textbook tackles HRD from a basic introductory level covering the major areas of HRD including strategic HRD the interaction between leadership talent management and HRD and HRD in large and small enterprises With a unique blend of theory and practice alongside innovative learning tools such as videos and active case studies this text will help students to succeed in their HRD courses and to develop important practical skills for their future career This is the perfect textbook for first and second year undergraduate students as well as for post experience students studying introductory modules on Human Resource Development Training and Development or Learning and Development
