Subject Guide to Books in Print ,1991 *Theodicy Beyond the Death of 'God'* Andrew Shanks,2018-02-02 True theodicy is partly a theoretical corrective to evangelistic impatience discounting the distortions arising from over eager salesmanship And partly it is a work of poetic intensification dedicated to faith s necessary struggle against resentment This book contains a systematic survey of the classic theoretical corrective theodicy tradition initiated in the early Seventeenth Century by Jakob B hme Two centuries later B hme s lyrical thought is translated into rigorous philosophical terms by Schelling and is then further set in context by Hegel s doctrine of providence at work in world history The old God of mere evangelistic impatience is as Hegel sees things dead And so theodicy is liberated to play its proper role illustrated here with particular reference to the book of Job the post Holocaust poetry of Nelly Sachs and the thought of Simone Weil A boldly polemical study this book is

Chuku,2009-02 Lost children can return home safely if they possess critical information their names their parents names and their parents correct address Captive human spirits face a more monumental task since they animate human beings in the material universe incapacitated by the fall from eternal glory of perfection As humans we often give too much of our attention to mundane daily life forgetting our Father s name and where he dwells Worst of all many times we do not even realize we are lost Captive human spirits desiring spiritual salvation must first realize they are lost before they can rediscover their true selves If they don t know where they came from they cannot ask to return They must seek and find a genuine guide and friend who can help direct them along the right pathway Jesus Christ is the Father s sole redeemer for all the lost spirits in the universe He has the divine mandate of our heavenly Father and he is ready to help all who seek help concerning the stark realities of the material world We all live the story of the prodigal son and should choose to return to the true God through Jesus Christ **Sermons, doctrinal and practical, ed. by T. Woodward** William Archer Butler,1852

The Dangerous God Dominic Erdozain,2017-10-02 At the heart of the Soviet experiment was a belief in the impermanence of the human spirit souls could be engineered conscience could be destroyed The project was in many ways chillingly successful But the ultimate failure of a totalitarian regime to fulfill its ambitions for social and spiritual mastery had roots deeper than the deficiencies of the Soviet leadership or the chaos of a command economy Beneath the rhetoric of scientific communism was a culture of intellectual and cultural dissidence which may be regarded as the prehistory of perestroika This volume explores the contribution of Christian thought and belief to this culture of dissent and survival showing how religious and secular streams of resistance joined in an unexpected and powerful partnership The essays in *The Dangerous God* seek to shed light on the dynamic and subversive capacities of religious faith in a context of brutal oppression while acknowledging the often collusive relationship between clerical elites and the Soviet authorities Against the Marxist notion of the ideological function of religion the authors set the example of people for whom faith was more than an opiate

against an enduring mythology of secularization they propose the centrality of religious faith in the intellectual political and cultural life of the late modern era This volume will appeal to specialists on religion in Soviet history as well as those interested in the history of religion under totalitarian regimes **Sermons, Doctrinal and Practical** William Archer Butler, Thomas Woodward, 1855 The Necessity of the Church for Salvation in Selected Theological Writings of the Past Century John J. King, 1960 The Dublin University Magazine , 1840 **1-3 John** Marianne Meye Thompson, 1992-06-03 Marianne Meye Thompson provides an introductory discussion and passage by passage commentary of 1 3 John With the help of the scholarly background material Thompson allows the text to speak to a contemporary church still caught in controversy *Philosophy and Politics of Czech Dissidence from Patočka to Havel* Aviezer Tucker, 2000 A critical study of the philosophy and political practice of the Czech dissident movement Charter 77 Aviezer Tucker examines how the political philosophy of Jan Patočka 1907 1977 founder of Charter 77 influenced the thinking and political leadership of Vaclav Havel as dissident and president Presents the first serious treatment of Havel as philosopher and Patočka as a political thinker Through the Charter 77 dissident movement in Czechoslovakia opponents of communism based their civil struggle for human rights on philosophic foundations and members of the Charter 77 later led the Velvet Revolution After Patočka's self sacrifice in 1977 Vaclav Havel emerged a strong philosophical and political force and he continued to apply Patočka's philosophy in order to understand the human condition under late communism and the meaning of dissidence However the political philosophical orientation of the Charter 77 movement failed to provide President Havel with an adequate basis for comprehending and responding to the extraordinary political and economic problems of the postcommunist period In his discussion of Havel's presidency and the eventual corruption of the Velvet Revolution Tucker demonstrates that the weaknesses in Charter 77 member's understanding of modernity which did not matter while they were dissidents seriously harmed their ability to function in a modern democratic system Within this context Tucker also examines Havel's recent attempt to topple the democratic but corrupt government in 1997 1998 The Philosophy and Politics of Czech Dissidence from Patočka to Havel will be of interest to students of philosophy and politics scholars and students of Slavic studies and historians as well as anyone fascinated by the nature of dissidence Petre Tutea Alexandru Popescu, 2018-01-16 Petre Tutea 1902 91 was one of the outstanding Christian dissident intellectuals of the Communist era in Eastern Europe Revered as a saint by some he spent thirteen years as a prisoner of conscience and twenty eight years under house arrest at the hands of the Securitate This book explores his unique response to the horrors of torture and re education and reveals the experience of a whole generation detained in the political prisons Tutea's understanding of human needs and how they can be fulfilled even amidst extreme adversity not only reflects huge learning and great brilliance of mind but also offers a spiritual vision grounded in personal experience of the Romanian Gulag Following the fall of the Ceausescus he has begun to emerge as a significant contributor to ecumenical Christian discourse and to understanding of wider issues of truth and

reconciliation in the contemporary world As Tutea s pupil and scribe for twelve years as a psychiatrist and as a theologian Alexandru Popescu is uniquely placed to present the work of this twentieth century Confessor of the faith Drawing on bibliographical sources which include unpublished or censored manuscripts and personal conversations with Tutea and with other prisoners of conscience in Romania Popescu presents extensive translations of Tutea which make his thought accessible to the English speaking reader for the first time Through his stature as a human being and his authority as a thinker Petre Tutea challenges us to question many of our assumptions The choice he presents between sacrifice and moral suicide focuses us on the very essence of religion and human personhood Resisting any ultimate separation of theology and spirituality his work affirms hope and love as the sole ground upon which truth can be based At the same time hope and love are not mere ideal emotions but are known and lived in engagement with the real world in politics economics science ecol
