God In Our Time Arguments For The Existence Of A:

Ratzinger: Apologetics for (not only) Our Time Krzysztof Kaucha, 2024-06-17 Defending Christianity in our time became unpopular private shy and poor Catholic fundamental theology officially responsible for defending faith on behalf of the Catholic Church is aware of being in crisis crisis of identity and content and popularity It needs a new overall structure a new point of departure and a new spirit It was offered by Joseph Ratzinger Krzysztof Kaucha declares Almost everything that has been recently used to undermine the Christian faith and Christianity is used by Ratzinger to defend Christianity Kaucha offers over a dozen arguments for Christianity based on Ratzinger's writings and his original thinking the Christian axiom as an argument for Christianity Jesus Christ as the proof of the existence of God Divine Revelation as an unending proof of God's existence the alternative argument the argument from definitive novelty the argument from the absence of someone greater than Jesus argument from truth the anthropological argument the argument from forgiveness the argument from reason the argument from faith Ratzinger's wager in analogy to the famous Pascal's wager the argument from the whole truth many times very painful for Christians about Christianity the argument from the whole truth many times very shameful for Catholics about the Church comparative argument no 1 Christianity versus other Religions comparative argument no 2 Christianity versus the ever more secularized world **Jewish Theology in Our Time** Bradley Shavit Artson, Rachel Sabath Beit-Halachmi, 2012-12 A powerful and challenging examination of what Jews believe today by a new generation's dynamic and innovative thinkers New in Paperback At every critical juncture in Jewish history Jews have understood a dynamic theology to be essential for a vital Jewish community This important collection sets the next stage of Jewish theological thought bringing together a cross section of interesting new voices from all movements in Judaism to inspire and stimulate discussion now and in the years to come Provocative and wide ranging these invigorating and creative insights from a new generation's thought leaders provide a coherent and inspiring picture of Jewish belief in our time The passionate voices of a new generation of Jewish thinkers continue the dialogue with God examining the dynamics of what Jews can believe today They explore A dynamic God in process The canon of Jewish literature and its potential to be both contemporary and authentic to tradition Critical terms and categories for discussing Jewish theology The ongoing nature of the Jewish search for God Ruptures within the modern Jewish condition And much more **Christian Faith in Our Time** Paul Jersild, 2016-12-19 Jersild responds to a fundamental issue in the theology of the church what is the nature of our language in addressing the mysteries of our faith such as speaking of God or of the incarnation Advocating a modest theology in facing the mystery of God and acknowledging the impact of postmodern sensibilities he lifts up the metaphorical language of Jesus as the key to a responsible theology Jersild makes his case for a faith based imagination centering on the life death and resurrection of Jesus as God's man who brings a divine redemptive love to the human story Theology does not give us a line in the sand that divides the saved from the lost nor is it the truth that makes all other religions false This is a book for

seekers as well as many church members who harbor questions and doubts about the church's theology

The Kalam Cosmological Argument, Volume 1 Paul Copan, William Lane Craig, 2017-11-16 Did the universe begin to exist? If so, did it have a cause? Or could it have come into existence uncaused from nothing? These questions are taken up by the medieval though recently revived kalam cosmological argument which has arguably been the most discussed philosophical argument for God's existence in recent decades. The kalam's line of reasoning maintains that the series of past events cannot be infinite but rather is finite. Since the universe could not have come into being uncaused, there must be a transcendent cause of the universe's beginning, a conclusion supportive of theism. This anthology on the philosophical arguments for the finitude of the past asks: Is an infinite series of past events metaphysically possible? Should actual infinities be restricted to theoretical mathematics or can an actual infinite exist in the concrete world? These essays by kalam proponents and detractors engage in lively debate about the nature of infinity and its conundrums about frequently used kalam argument paradoxes of Tristram Shandy, the Grim Reaper, and Hilbert's Hotel, and about the infinity of the future.

Religious Philosophy as Multidisciplinary Comparative Inquiry Wesley J. Wildman, 2010-11-05 What can philosophy contribute to the study of religion? This book argues that the study of religion needs philosophy in the form of multidisciplinary comparative inquiry. Contradicting the current tendency to regard philosophical reflection and the academic study of religion as independent endeavors best kept apart, Wesley J. Wildman brings them together, offering a broader vision than that of traditional philosophy of religion and surmounting many of its difficulties. His newer conception of religious philosophy is well suited to the modern multicultural secular university. Through multidisciplinary comparative inquiry, religious philosophy allows for a variety of approaches from historical and analytical work to evocative description and theoretical evaluation of truth claims, and both secular and religious thinkers participate. The tasks and varieties of religious philosophy as they arc across the world's religions and philosophies are discussed along with religious philosophy's modern and postmodern contexts. Wildman's thoughtful and thought-provoking book will be essential reading for all those concerned with the study of religion present and future.

The God Who Is Hans Schwarz, 2011-01-01 Who is the God in whom Christians believe? Is he just a figment of the human mind, as critics of religion claimed in the nineteenth century, and as crusading atheists assert again today? Since the beginnings of rational thought, the brightest minds among humanity have attempted to assert that God does indeed exist. But even the so-called proofs for God's existence always started with the assumption that there is someone to prove. As soon as we move beyond that which is within space and time, mere proofs or disproofs no longer suffice. Both believers and unbelievers live to a certain degree by faith. Yet religion is inextricably connected with human history. When we journey through the landscape of religion and witness its gradual unfolding, we soon realize that not all religions are equal. Though they may be witnesses of the same God, the way they talk about God is so different that this not only leads to very different concepts of God but also to different approaches to life on this earth. At the end of this long journey, we finally arrive at the

Judeo Christian tradition which witnesses to the God in whom Christians believe This book seeks to show how this belief matured and what difference this belief still makes today St. Anselm and His Fools in Today's World Otto Guggemos,2012-02 Seminar paper from the year 1998 in the subject Theology Systematic Theology grade A Regent College Vancouver B C Kanada course The Gospel in the World of Thought Christian Perspectives on the History of Philosophy language English abstract Not long ago I met with some friends Christians and non Christians for a philosophy discussion We discussed Anselm of Canterbury s ontological argument for the existence of God None of us was convinced that Anselm s proof was valid In the beginning of the evening we agreed with Schopenhauer who called Anselm s argument a charming joke _ but we went on talking and found ourselves challenged by Anselm s argument It triggered a discussion that clarified various issues of our thoughts This paper will be an investigation of the implications of Anselm s argument in the context of the contemporary western world an investigation of the multiple tangents from Anselm s philosophy to the streams of the popular mindsets of our time Anselm 1033 4 1109 archbishop of Canterbury lived in a time when many people felt that philosophical method possessed an intellectual respectability which theology lacked Some theologians called Dialectics like Anselm started to apply philosophical dialectic and logic to theological issues The question of the time was how the independence of philosophy could be reconciled with the Catholic position In 1072 Peter Damian defined philosophy as ancilla dominae maid of the Lord Among the Dialectics Anselm belonged to the group of the Realists About 1070 he started his writing career His most important works are Proslogium Monologium and Cur Deus homo Although calling Anselm the father of Scholasticism_ might be an exaggeration he set the trend in theology and philosophy for the following centuries by explaining the Christian faith in a rational logical system In the 12th century the Roman Catholic Church made him a saint and in the 18th called him doctor ecclesiae **Queen's Quarterly** ,1925 *Conversations on Religion, with Lord Byron and Others, Held in Cephalonia, a Short Time Previous to His Lordship's Death* James Kennedy,1830 **Off the Derech** Faranak Margolese,2005 Off the Derech is the phrase used within the Orthodox Jewish community to describe those who have left Jewish observance Using questionnaires extensive interviews with psychologists and rabbis and her Off The Derech website the author reveals the multilayered reasons for the defection of so many observant Jews from Judaism At the same time she presents solutions to this growing problem thereby creating an invaluable handbook for parents teachers and rabbis Each chapter of this well researched book deals with a different element of the Off the Derech syndrome as it explains in detail how parents can reach children who have become alienated and disaffected from their culture and their people Honest Faith for Our Time Jay Harold Ellens,2010-09-13 This volume is a biblical theological critique of the Apostles Creed and a development of the role of the Holy Spirit in the church the world and the personal experience of Christian faith It addresses the creed as a historic document an artifact of early Christian theological development and a long standing guide for the form and content of that faith tradition This book is an appreciation of the Apostles Creed in terms of its

persistent pastoral effect in the church It is also a criticism of aspects of the creed that are unbiblical and crafted for political or extraneous theological reasons by the bishops of the ancient ecumenical councils

Philosophy Made Slightly Less Difficult Garrett J. DeWeese, J. P. Moreland, 2021-03-16 Philosophy is thinking critically about questions that matter But many people find philosophy intimidating so they never discover how it can help them engage ideas culture and even their faith In this second edition of a classic text Garrett DeWeese and J P Moreland use straightforward language with plenty of everyday examples to help to make philosophy a little less difficult

Contemplation in a World of Action Thomas Merton, 1998-02-15 The spiritual and psychological insights of these essays were nurtured in a monastic milieu but their issues are universally human Thomas Merton lays a foundation for personal growth and transformation through fidelity to our own truth and inner being His main focus is our desire and need to attain a fully human and personal identity This classic is a newly restored and corrected edition and the inaugural volume of Gethsemani Studies in Psychological and Religious Anthropology a series of books that explores through the twin perspectives of psychology and religion the dynamics and depths of being fully human When I speak of the contemplative life I do not mean the institutional cloistered life I am talking about a special dimension of inner discipline and experience a certain integrity and fullness of personal development Discovering the contemplative life is a new self discovery One might say it is the flowering of a deeper identity on an entirely different plane Thomas Merton from the book

Brümmer on Meaning and the Christian Faith Vincent Brümmer, 2019-10-01 This volume presents a wide ranging selection from the writings of a leading contemporary philosophical theologian Vincent Brümmer In his many books and articles Brümmer has demonstrated how the tools of philosophical analysis are not only fruitful but also essential for dealing with the central issues of systematic theology The title of this volume Meaning and the Christian Faith highlights two characteristic themes that recur throughout the many writings of Vincent Brümmer Much of his work has been devoted to exploring the meaning of the Christian faith and especially of its central claim that God is a personal being whose fellowship believers may enjoy On the other hand Brümmer has also shown that religious belief should not be understood as an explanatory theory but rather as a way in which believers understand the meaning of their lives and their experience of the world and direct their lives accordingly Thus in the Christian tradition believers claim that their lives are meaningful because they seek to attain ultimate happiness in the love of God In the introductory sections throughout this volume Vincent Brümmer describes how he came to pay attention to the various themes dealt with in his writings and explains why he came to deal with them in the ways he did

The History of Western Philosophy of Religion Graham Oppy, N. N. Trakakis, 2016-09-17 The History of Western Philosophy of Religion brings together an international team of over 100 leading scholars to provide authoritative exposition of how history's most important philosophical thinkers from antiquity to the

present day have sought to analyse the concepts and tenets central to Western religious belief especially Christianity Divided chronologically into five volumes The History of Western Philosophy of Religion is designed to be accessible to a wide range of readers from the scholar looking for original insight and the latest research findings to the student wishing for a masterly encapsulation of a particular philosopher s views Together these volumes provide an indispensable resource for anyone conducting research or teaching in the philosophy of religion and related fields such as theology religious studies the history of philosophy and the history of ideas

Anselm's Argument Brian Leftow, 2022 Anselm of Canterbury gave the first ontological argument for God s existence as necessary Yet philosophers have mostly neglected to examine what modal concepts he uses and what their metaphysical basis is Brian Leftow sets out Anselm s modal metaphysics and defends all but one premise of Anselm s best argument for God s existence

The Collected Papers of Bertrand Russell, Volume 10 John Slater, Assisted by Peter Köllner, 2024-12-11 During the period covered by this volume Bertrand Russell first retired from and then resumed his philosophical career In 1927 he published two philosophy books The Analysis of Matter and An Outline of Philosophy His next book in academic philosophy An Inquiry into Meaning and Truth was not published until 1940 Yet Russell published a significant amount of essays and popular books between 1927 and 1946 mostly to finance the running of Beacon Hill School and his growing family Those years also saw his break up with Dora Russell his marriage to Patricia Peter Spence and a move of the family to the United States Volume 10 brings together Russell s writings on ethics politics religion and academic philosophy It is an invaluable guide to the thought and development of one of the most famous philosophers of this century
