God, Man and the Universe Aloy Jayarajah, 1982-11-01 **The DEVIL'S ADVOCATE: A Spiritual Man's Case Against the LORD God** Dr. Alonzo Richard Fleming Jr., 2008-01-31 The Serpent Told the Truth But he is called the Devil And though LORD God admitted to the truth he still cursed all mankind plus GOD s creation Though he is the evil one he is worshipped as a loving God And his children act out of his evil nature universally Dr Alonzo Fleming Jr presents a compelling case against LORD God He is willing to say what everyone is thinking For centuries man has resisted and quieted the voice inside his own head that asks the obvious questions How could God curse his own children and creation then call it love How could he tell everyone else to love their enemies yet he gladly kills his own How could he instruct us to bless and not curse yet he curses Why would God set his children up to die in the first place We challenge the reader to consider what we say in the light of the world s present condition Who is controlling the present world He that blessed or he that cursed Be instructed God, Man, and the Universe C. Wesley Davidson, 200? **My Search for God through the Akashic Records** Lee Fisher, 2014-05 What is a soul Does the soul have a personality The Akashic Records response was The soul is the personality There is no determining factor as to how many times the soul re incarnates This is left up to the individual as to how many times they re incarnate There is no such thing as a failed incarnation The soul is never discarded or destroyed Once the soul reaches perfection it rejoins the spirit of God for all eternity A Man's Reach Charles Edward Locke, 1914 **The Islamic World-System** Masudul Alam Choudhury, 2005-07-19 This highly original book presents an alternative vision of globalization and explores the epistemology derived from the Qur an and the Prophetic guidance Sunnah that underpins the systemic unity at the heart of the Islamic concept of world system Choudhury s investigation reveals the ethical foundations that influence the development of law markets and social contract in Islamic societies He then applies his methodology to issues and

Wilson, 2008-07 America has for years been in a long spiritual battle between deceived intolerant intellectuals and Christianity. They have changed the definition of science and applied that false definition to deny the rights to Christians of free speech in public institutions believing they can produce a superior people and society. This is the intolerance of Nazi Germany and Soviet Russia. The spiritual battle is nearing a crisis. This book is chapters from a history of modern science. Intellectuals have perverted divine laws in economics distorting supply and demand by selfish greed in psychology changing the nature of sex for individual lust rather than for intimacy of man and woman in marriage to produce family in sociology changing uniting relationships to promises of individual freedom from controls and changing politics to a democratic socialistic government to promote equality of all individuals, people and groups. Your future depends on understanding this. Carl W. Wilson has a degree and done years of study for reporting in science and has two degrees and experience in teaching in evangelical graduate schools and in churches on theology. He received honors for all his academic work and when he recently retired from teaching seven years in an accredited graduate school the whole faculty gave him a commendation for concern for academic excellence and the shaping of student lives in holy ways. He has planted been a senior pastor and trained leaders in churches and has been a leader in two large national Christian organizations. He has published numerous books some on the effects of scientific philosophy on the decline of past civilizations and of America and has written a comprehensive study of the history of modern science 1500 A.D. to present. He has been married to Sara Jo for sixty years and they have a large family.
