Theo-Drama: Theological Dramatic Theory, Vol. 5 Hans Urs von Balthasar,1988-01-01 This is the final volume of this series on theological dramatic theory by the great 20th century theologian Balthasar This series is the second part of Balthasar s trilogy on the good the beautiful and the true which is his major work The first series in the trilogy is The Glory of the Lord and following this Theo Drama series will be Theo Logic In this series the good has been the focus Balthasar maintains that it is in the theater that man attempts a kind of transcendence to observe and to judge his own truth about himself He sees the phenomenon of theater as a source of fruitfulness for theological reflection on the cosmic drama that involves earth and heaven This fifth volume is trinitarian focusing on the mystery of God He draws heavily on Scripture and many passages from the works of the mystic Adrienne von Spyer Some of the topics covered include A Christian Eschatology The World is from the Trinity Earth moves Heavenward The Final Act A Trinitarian Drama Our Only Hope Margaret B Adam,2014-08-28 The most popular source of theological hope for modern Christians is that of Jurgen Moltmann Preachers teachers and lay people reflect Moltmann s influence with their hope in a this worldly eschatology and suffering God However an exclusive reliance on that hope deprives the church of crucial resources in the face of global economic environmental and military crises Our Only Hope explores Moltmannian hope and considers its costs before looking elsewhere for additional contributions from Thomas Aquinas theological virtue of hope to nihilism and beyond in order to encourage the church to sustain and practise hope in Jesus Christ our only hope God's Hope and Everlove Anabelle Wall,2016-02-22 The stories in this book are not imaginations but real and taken from our own life story God leads us and speaks to our hearts to share the goodness of God in my own life This is a great proof that God is real and always there in times of need This book is a living proof that our God did not change since before or now This book is a compilation of living testimonies This book consists of two parts Part I is entitled Restoring Manifestations by the first author of this book Part II is entitled Miracles Signs and Wonders by the second author of this book God can do miracles in our lives Only He can make the unexpected beautiful things for our lives I have compiled all the stories in my life as a proof that God is alive In our lives we have proven that the Bible is a great sword of life to cling on Every verse in the Bible is real and God s breathe giving life to the bones and guidance to every believer May this book serve as an inspiration hope light and encouragement to your life

Strzyzowska, 2017-09-12 As you walk among people in every hierarchical and demographic circle it is unavoidable People are experiencing and feeling within themselves a numbness and tiredness that they never felt before They explain it as something indescribable but when they start chatting with each other it begins to sound eerily similar For example a common statement people are saying nowadays is Wow The months are flying by so fast I feel like it was just weeks ago we were celebrating New Years Eve Or Oh my goodness I feel so tired And I sleep eight hours daily Many people are experiencing today a flood of inconceivable worries fears and disasters I go many places and start a conversation with people and listen to their problems and emotions The majority of people are suffering silently inside and trying to convince others that all is well but its not To compound it further theres extreme temptation of luring certain individuals into living a lifestyle that they simply cant afford Hope is disintegrating vanishing and being manipulated During the Great Depression back in the days people at least had hope in God The excessive broadcasting of the end of the world theme in films during the past decade is intentional Also the battle between good and evil is intensifying Why What you should know is there are many people who are trying to get your attention To divulge the truth Are you listening Or too busy with what you think is important or entertaining but in reality is not Exploring the What Ifs questions Christians avoid talking about Is living in denial and darkness the best way to survive on this Earth **Jürgen Moltmann's Ethics of Hope** Dr Timothy Harvie, 2013-05-28 This book develops a thorough account of the sphere of human moral action in sustained dialogue with Jürgen Moltmann By

examining God's role as promise giver particularly in the Christian understanding of resurrection this work describes the occupancy of both history and space in moral terms This leads to an understanding of Jesus' description of the kingdom of God to feature prominently in describing both the possibility and content of human moral action By offering an account of each of the main doctrines found in Moltmann's corpus the role of the future the Trinity the Holy Spirit and anthropology this book locates how each contributes to the understanding of ethics from a Christian perspective and subsequently applies these findings to the contemporary issue of poverty and global economics
