## **God Of The Gospels A Theological Workbook:**

**The God of the Gospels** Paul Sevier Minear, 1988-01-01      Reading the Gospels Wisely Jonathan T.

Pennington, 2012-07-01 This textbook on how to read the Gospels well can stand on its own as a guide to reading this New Testament genre as Scripture. It is also ideally suited to serve as a supplemental text to more conventional textbooks that discuss each Gospel systematically. Most textbooks tend to introduce students to historical critical concerns but may be less adequate for showing how the Gospel narratives read as Scripture within the canonical framework of the entire New Testament and the whole Bible yield material for theological reflection and moral edification. Pennington neither dismisses nor duplicates the results of current historical critical work on the Gospels as historical sources. Rather, he offers critically aware and hermeneutically intelligent instruction in reading the Gospels in order to hear their witness to Christ in a way that supports Christian application and proclamation.

A Theology of Luke and Acts Darrell L. Bock, 2015-04-28 This groundbreaking work by Darrell Bock thoroughly explores the theology of Luke's Gospel and the book of Acts. In his writing, Luke records the story of God working through Jesus to usher in a new era of promise and Spirit enablement so that the people of God can be God's people even in the midst of a hostile world. It is a message the church still needs today. Bock both covers major Lukan themes and sets forth the distinctive contribution of Luke-Acts to the New Testament and the canon of Scripture, providing readers with an in-depth and holistic grasp of Lukan theology in the larger context of the Bible. I Howard Marshall: A remarkable achievement that should become the first port of call for students in this central area of New Testament Theology. Craig S. Keener: Bock's excellent exploration of Luke's theological approach and themes meets an important need in Lukan theology.

**Who Is God?** Richard Bauckham, 2020-07-21 Internationally respected scholar Richard Bauckham offers a brief, engaging study of divine revelation in Scripture. He probes the deep meaning of well-known moments in the biblical story in order to address the key question the Bible is designed to answer: Who is God? Accessible for laypeople and important to scholars, this volume begins by exploring three key events in the Bible in which God is revealed: Jacob's dream at Bethel, the revelation of the divine presence to Moses at the burning bush, the revelation of the divine Name and Moses on Mount Sinai, the revelation of the divine character. In each case, Bauckham traces these themes through the rest of Scripture. He then shows how the New Testament builds on the Old by exploring three revelatory events in Mark's Gospel: events that reveal the Trinity, Jesus's baptism, transfiguration, and crucifixion. This book is based on the Frumentius Lectures for 2015 at the Ethiopian Graduate School of Theology in Addis Ababa and on the Hayward Lectures for 2018 at Acadia Divinity College, Nova Scotia.

**The Mission of God** Christopher J. H. Wright, 2006-10-23 Winner 2007 Christianity Today Missions Global Affairs Book. Most Christians would agree that the Bible provides a basis for mission. But Christopher Wright boldly maintains that mission is bigger than that: there is in fact a missional basis for the Bible. The entire Bible is generated by and is all about God's mission. In order to understand the Bible, we need a missional hermeneutic of the Bible and

interpretive perspective that is in tune with this great missional theme We need to see the big picture of God's mission and how the familiar bits and pieces fit into the grand narrative of Scripture Beginning with the Old Testament and the groundwork it lays for understanding who God is what he has called his people to be and do and how the nations fit into God's mission Wright gives us a new hermeneutical perspective on Scripture This new perspective provides a solid and expansive basis for holistic mission Wright emphasizes throughout a holistic mission as the proper shape of Christian mission God's mission is to reclaim the world and that includes the created order and God's people have a designated role to play in that mission

*Render to God* Jerome H. Neyrey, Neyrey here interprets eight key New Testament books providing a fresh look at theologies in the early church and introducing readers to the diverse ways in which the New Testament writers render to God the things that are God's He begins with two Gospels Mark and Matthew and moves on to the Acts of the Apostles and three of Paul's letters Romans 1 Corinthians and Galatians He then examines the formal and precise ways in which Jesus is called God in the Gospel of John and concludes with a discussion of how Hebrews uses eternity as a fundamental concept for understanding God Using a social science methodology he offers unique perspective on the biblical text

God in the New Testament Dr. Warren Carter, 2016-11-01 Author Warren Carter addresses the ways in which New Testament writings present God by asking four questions about how God relates to others How is God presented in relation to Israel How is God presented in relation to Jesus and the Spirit How is God presented in relation to believers disciples the church How is God presented in relation to the world Carter uses these questions to help draw out the most important factors in each of the New Testament writings discussed Rarely does one exclaim This is a real page turner when describing a book on the New Testament but I must say it With his characteristic concision and clarity not to mention wit and conversational style Carter leads us on a tour of God at Work in fifteen closely read texts What claims do the various texts make about God What questions or red flags do these texts raise What effect do or should these texts have upon us as readers today Carter intrepidly takes up some of the more challenging and cryptic NT texts and asks aloud many of the uncomfortable questions we've wondered about but might not have voiced so pointedly He does not provide tidy answers but his approach entices us not to give up but rather to dive even deeper into the texts their world and ours In reading this book I was variously educated entertained challenged and even moved Jaime Clark Soles Professor of New Testament and Altshuler Distinguished Teaching Professor Perkins School of Theology Southern Methodist University Dallas Texas
