**Goddess of the Ancient Maya** Douglas T. Peck,2008-08-19 Since retiring from the USAF as a Command Pilot and Engineering Officer Colonel Peck has become one of the leading historians of Spanish seafaring conquest in the New World Drawn to an interest in the enigmatic Maya Colonel Peck entered into a decade long field study of the prehistoric Maya and discovered that the current view of Maya accomplishments in science and seafaring was appallingly inaccurate In previous published works Colonel Peck has shown that contrary to current consensus the Maya had developed a variety of efficient bronze tools with which they constructed large seaworthy vessels and traveled to the Caribbean and the shores of Florida using a sophisticated method of celestial navigation a millennium before it was developed in Europe The Globalization of God Dara Molloy,2015-11-10 Roman Catholicism was the first multinational corporation Preaching was the forerunner of advertising Roman Catholicism created the template for the spread of commercial globalisation through multinational corporations For global Christianity to succeed all local expressions of Christianity had to be suppressed These included Celtic Christianity For 800 years the Roman church tried to break the independent spirit of Celtic Christianity Despite being defeated in 1014 at the Battle of Clontarf the Irish Vikings through their urban bishops were key actors in the imposition of Roman episcopal structures of church throughout Ireland in the 12th century There was an invasion of Norman monks to Ireland which began in 1142 twenty five years before the military invasion in 1167 The ecclesiastical colonisation of Ireland meant that a Roman episcopal and diocesan structure replaced the Celtic monastic structure Norman colonisers destroyed Celtic monasteries and replaced them with imported European religious orders Cistercian monasteries in Ireland were required to have French abbots and sometimes these were imposed by force no Irishman was allowed to become a bishop or attain any ecclesiastical high office St Malachy of Armagh betrayed his own Celtic heritage and was a key figure in bringing about the ecclesiastical colonisation of Ireland Monotheism is the mythical container for globalization Humans will fail to return to a sustainable way of living on this planet until the mythological container of monotheism is replaced by new bioregional spiritualities that go beyond both monotheism and polytheism The Faces of the Goddess Lotte Motz,1997 Indeed human motherhood was held in such low esteem that Eskimo women were forced to give birth completely alone with no human companionship and no helpful deities of childbirth Likewise while various Mexican goddesses ruled over healing women s crafts motherhood and childbirth and functioned as tribal protectors or divine ancestors none of them either

embodied the earth itself or granted fertility to the crops for that the Mexicans looked to the male gods of maize and of rain Nor were the rituals of these goddesses nurturing or peaceful

Peck,2011-02-28 And in this book Colonel Peck reveals the current view of Maya religion is also appallingly inaccurate The sophisticated Maya religion which closely followed the pattern of contemporary Eurasian religions originated in ancient times with a matriarchal Goddess of Creation and evolved into a patriarchal First Father concept in the Classic period preceding Spanish conquest Current historians have failed to recognize that fact because of the naive belief that the writings of colonial period folklore which picture Maya religious concepts as crude primitive and often grotesque fables represented Maya religion rather than the true sophisticated and realistic religious concepts expressed in their prehistoric writing and art as documented in this book     Dance of the Sun Goddess Kenneth Johnson,2024-08-26 Kenneth Johnson takes us on another magical journey in his third book with Crossed Crow Dance of the Sun Goddess Pagan Folkways of the Baltic Coast This is the first easily accessible book in the English language to offer an in depth look into the Pagan folk traditions of the Baltic Coast the last region of Europe to be converted to Christianity We are introduced to the goddesses and gods of this magical land as well as seasonal and family rituals that shed a surprising light on some of the most ancient concepts of Pagan Europe Dance of the Sun Goddess is an inspiring addition to traditional Pagan and magical practices and a must have for anyone looking to explore some of the undiluted roots of several modern Pagan practices Written with an engaging yet academic tone Johnson s book offers a respectful yet eye opening insight into the old Pagan customs that have paved the way for modern Paganism     *The Classic of Mountains and Seas* ,2000-01-01 This major source of Chinese mythology third century BC to second century AD contains a treasure trove of rare data and colorful fiction about the mythical figures rituals medicine natural history and ethnic peoples of the ancient world The Classic of Mountains and Seas explores 204 mythical figures such as the gods Foremost Fond Care and Yellow and goddesses Queen Mother of the West and Girl Lovely as well as many other figures unknown outside this text This eclectic Classic also contains crucial information on early medicine with cures for impotence and infertility omens to avert catastrophe and rites of sacrifice and familiar and unidentified plants and animals It offers a guided tour of the known world in antiquity moving outwards from the famous mountains of central China
